

YOUR FOOTSTEPS

By the depth of his footstep in the earth the Indians tell the weight of a man. Do you tread shallow or deep? Perhaps you would like to weigh more? If you are below weight and find that ordinary food does not build you up try Scott's Emulsion.

It is not a drug but a food that time has shown to have a real value in such cases as yours.

We'll send you a little to try, if you like.

Marcus Dods'

Opinion, in the British Weekly:

"It must be owned that one opens a newly-published system of theology with a grudge and a prejudice against it. Can anything new be said? Have we not already samples of every kind, from every point of view?"

"Yet, as one reads on, Dr. Burwash commends himself as a highly intelligent writer, disarms our reluctance, and wins our attention and approval. He is a quiet and unostentatious thinker, who ever and anon unconsciously reveals his knowledge and his thoughts, and drops the occasional remark that shows he has penetrated deeper than some of his predecessors.

"The Methodists may be congratulated on having so interesting and thoughtful a teacher of theology."
