* Note.—Add to the above \$2,501,707, received by Woman's Foreign Missionary Societies, known not to have been included in the receipts of the parent boards, and we have a total of \$73,575,858. There are also some smaller boards which are not included, because the data cannot be obtained. Complete returns from 1881 to 1887 would make about 21,000,000, or an average of THREE MILLIONS annually.

† In a few cases the earlier receipts have not been ascertained.

‡ This period comprises eleven years.

§ Several are for 1881 to 1890.

¶ For many years the New School Presbyterians contributed to the American Board of Christian Foreign Missions, but not since 1870.

§ Formerly more largely foreign than of late years.

¶ Estimated by a leading official of that denomination. Since 1880 the figures include other Lutheran bodies.
