## A Special West Indian Edition Of "The Monetary Times" will be Issued Shortly.

If there be one paper more than another in this country that can best serve Canadian - manufacturers abroad, that medium is "The Monetary Times." It has for years been known in all parts of the Empire as the leading commercial journal in the Dominion.

The fact that "The Monetary Times" special will be published after that of "Industrial Canada" will tend to convince the West Indian traders that Canadian - Manufacturers are really anxious to establish trade connections with them. . . . .

The president then moved the adoption of the report, seconded by the Vice-President, Mr. Jonathan Hodgson.

The president having invited remarks from the shareholders, Mr. John Morrison expressed regret at the absence of familiar faces, removed by death; and Mr. Vasey enquired whether the charge for the construction of the building at headquarters came out of revenue, or was charged to capital.

The President—"It was charged up to the bank premises' account, and a certain amount written off each year, and we propose to continue to do so."

In reply to Mr. Boas, Mr. Fyshe, general manager, said that the call loans in Canada represented \$5,000,000, or a little less, and \$3,000,000 in New York. The figures were varying every day, and they might sometimes run \$5,000,000 in New York, and \$4,000,000 in Canada.

The report was adopted.

### MONTREAL MARKETS.

Montreal, June 25, 1902.

Ashes.—There is practically no English enquiry at present, and no local trading of any consequence is noted. The market is easy at about \$4.20 for first pots, \$3.70 for second pots, and \$6 to \$6.10 for pearls.

Cements and Firebricks.—Receipts for the week are reported as follows: Belgian cement, 5,700 brls.; English ditto., 300 brls.; 25,000 firebricks. Prices are without change, and we quote: Belgian, \$1.55 to \$1.90; English, \$2.10 to \$2.20; German, \$2.20 to \$2.40; American, \$1.80 to \$2.10 for four bags, being equivalent to one barrel; Canadian, \$2.10 to \$2.25. Firebricks, \$16 to \$21.

Dairy Products.—Nine steamships took out 80,715 boxes of cheese last week, being about 28,000 boxes more than for the same week of last year. Butter shipments were also fairly liberal, being reported at 24,593 pkgs., 3,500 pkgs. in excess of figures at date a year ago. The cheese market from  $\frac{1}{8}$  to  $\frac{1}{4}$ c. stronger than a week ago, fine Ontarios being quoted at  $\frac{9}{8}$  to 10c.; townships,  $\frac{9}{8}$  to  $\frac{9}{8}$ c., and Quebecs at from  $\frac{9}{8}$  to  $\frac{9}{8}$ c. Butter is barely steady at 20 to 20 $\frac{1}{4}$ c. for fine creamery.

Dry Goods.—Nothing specially new is to be noted in this line. Wholesale houses have been actively putting fall stuffs to stock the past two or three weeks, and travellers are reporting very fair orders for the same. City retailers complain of the cool weather, which looks as if it might prevail all summer, and doubtless many light goods will have to be carried over, but payments are reported as being well kept up.

Furs.—Full cable reports regarding the London sales of last week give the following results, comparison being made with the prices of March last. Red, white and blue fox sold at same figures; silver and gray fox, 10 per cent higher; otter, 10 per cent higher; lynx, 15 per
