Note: Pour ce tableau, les dépenses militaires sont définies selon la définition de l'OTAN, "In summary, (a) civilian-type expenditures of the defense ministry are excluded but military-type expenditures of other ministries are included; (b) grant military assistance is included in the expenditure of the donor country; and (c) purchases of military equipment for credit are included at the time the debt is incurred, not at the time of payment". (WME p. 21)
