

year ago, & that Garner also is quite  
fit again. After all his illnesses ~~that~~  
he has got over he is bound to do  
something good some day. I hope too  
you have at last got a decent house  
to live in; it must have been wretched  
living in an hotel so long.

I saw several friends at the  
Historical & Univ<sup>ies</sup> - conferences in the  
summer - McKay, Waugh, Adair  
& very glad I was to get news of  
McSill. I also saw our friend Caldwell  
very much in evidence at Geneva,  
where I went to the L. of N. meeting.  
I was very sorry to hear of the death of  
that spirited lady Mrs. Perkins - They were  
both once here for our commemorations.  
Yours very truly,  
Barclay Williams
