

Any further information on the subject will be most acceptable.

The Committee have just published the Eighth Report of the Society; and they will have much pleasure in sending you a number of Copies by the first opportunity. I am, dear Sir,

Your most obdt. and faithful Servant,
(Signed) Wm. CRAWFORD.

J. C. FISHER, L. L. D.

FRIDAY, June 1st, 1832.

On the subject of Mr. Crawford's letter it was
Resolved,

1. That this Committee will receive and forward to the Committee of the London Prison Discipline Society, any applications founded on Mr. Crawford's letter from respectable individuals, who may be willing to receive boys as apprentices, such applications to be addressed to the Secretary of the Quebec Jail Association.

2. That the foregoing letter and Resolution be embodied in the Annual Report of the Association.

The Committee desire thankfully to acknowledge a continuance of that support and co-operation on the part of the Sheriff, and his Officers, on which the success of their exertions so materially depends; nor can they suffer the death of Mrs. Hall, who was first engaged by the Association as a Matron for the Female department of the Prison, to pass without the expression of their regret at her loss.

It is proper that the valuable and efficient services of Dr. Fisher, as the Secretary of this Association from its commencement, which his encreased avocations have recently compelled him to relinquish, should also be noticed here. The acknowledgments borne on the records of the Association, testify the sense entertained by all its Members, of the great advantage derived to the cause, by his zeal and assiduity, and their regret at losing his valuable assistance.

By order of the Committee of Management.

HENRY D. SEWELL. Secy.

Quebec, June, 1832.
