There's a big difference between the old-fashioned wooden tubs and buckets and Eddy's Indurated Fibreware.

Eddy's are made from wood pulp—moulded under tremendous pressure—then dipped in solution and baked for days in terrific heat.

The result is a product as strong and durable as steel, hard as flint, and yet very light and convenient to handle.

No cracks—no dents—no falling apart—impervious to odors—clean and sanitary.

Once tried, always used.
