YOU CAN'T RUB RHEUMATISM OUT

It is Rooted in the Blood and
Must Be Treated Through
the Blood.

The pain of rheumatism is something that you cannot rub out. Every sufferer from rheumatism has been advised to rub this liniment or that on the affected part, but after all the rubbing the pain remained. Rubbing did not cure it and can't.

Thin blood and rheumatism come together and if they are properly treated they will go together. Rheumatism is rooted in the blood, in poor, watery blood. Sometimes cold, damp weather starts the aches and pains, but it is the condition of the blood that is at fault, and only by curing the blood can the rheumatism be driven out. This is exactly what is done in the treatment of rheumatism with Dr. Williams' Pink Pills. Acute and muscular rheumatism show improvement as the thin blood is built up, and when the blood has been restored to its normal condition the rheumatism is driven out and does not return as long as the blood is rich and red. There is no part of Canada in which some rheumatic sufferer has not been cured by Dr. Williams' Pink Pills, and they do not hesitate to express their thanks for what this medicine has done for them. As an example, Miss Annie S. Dedrick, R.R. No. 2, St. Thomas, Ont., says: "Dr. Williams' Pink Pills cured me of rheumatism after a great many other remedies had failed. The pain in my arms and shoulders was so great that I could scarcely sleep. I could not raise my arms to comb my hair, and could not dress myself without help. In this condition I read of a cure of rheumatism through the use of Dr. Williams' Pink Pills and decided to try them. I got half a dozen boxes and am thankful to say they not only cured my rheumatism, but that my general health was greatly improved. My appetite was increased and I gained weight. Since then a number of cases have come under my observation in which cures have been made by this splendid medicine. I can say with confidence that it is a good word for Dr. Williams' Pink Pills."

These Pills are sold by all medicine dealers or will be sent by mail, post paid, at 50c a box or six boxes for \$2.50 by The Dr. Williams' Medicine Co., Brockville, Ont.

MILITARY PRISONER ASKS MEDICAL AID

Pale and haggard, his nerves wrecked by his experiences during an air raid on London, England, E. Ryan, a returned soldier, appeared before Judge Coatsworth in the sessions yesterday on a charge of having wounded John Cowley, with intent to do grievous bodily harm. It was stated that Cowley had already lost an eye as a result of his clash with Ryan. Ryan's condition in the dock showed plainly that he was in pain, his voice came in gasping sobs, as he told his counsel, Tom O'Connor, that he was an American and came here to join the Canadian forces because of his physical inability to serve in the American army. Ryan produced letters to show that he was in need of an operation, and he was willing to go with the military authorities to guard so long as he could have his eye looked after. In answer to a question the accused stated that he had been in custody for seven weeks. His honor thought that there should be some representative of the military at the court to look after men like these. The prisoner was remanded in custody and the military authorities will be notified of his case.

School Administration of Five is Mayor's Suggestion

Mayor Church thinks that the people should be asked to vote at the next election on the question of having a body of five for the administration of school affairs. He proposes centralization of control—that the buildings should be erected by the city architect, the land purchased by the assessment commissioner, and the finances subject to the revision of the finance commissioner.

LADIES! DARKEN YOUR GRAY HAIR

Use Grandma's Sage Tea and Sulphur Recipe and Nobody Will Know.

The use of Sage and Sulphur for restoring faded, gray hair to its natural color dates back to grandmother's time. Sage and Sulphur keep the hair beautifully dark, glossy and attractive. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect.

But brewing at home is messy and out-of-date. Nowadays by asking at any drug store for a bottle of "Wyeth's Sage and Sulphur Compound," you will get this famous old preparation improved by the addition of other ingredients, which can be depended upon to restore natural color and beauty to the hair.

A well-known downtown druggist says it darkens the hair so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through your hair, taking one strand at a time. By morning the gray hair disappears, and after another application or two, it becomes beautifully dark and glossy.

FULL-PAGE COLORED MAP OF NEW FRANCE, BELGIUM, LUXEMBURG

In this week's "Digest." This splendid map shows added territories awarded by the Peace Treaty—Alsace-Lorraine, Rhenish Prussia, the Sarre Basin, etc.

Does the Treaty Violate Wilson's Fourteen Points?

The latest and bitterest blow to German hopes, successively disappointed in the Zeppelins, the submarines, and the Kaiser, is the discovery that President Wilson and the American people have not secured for Germany a "soft peace." German leaders and German papers angrily protest that America has "betrayed" the German people. President Ebert declares that in the Peace Treaty President Wilson "has deserted his fourteen points," while Ludendorff declares, after reading the terms, that "if this is peace, America can go to hell!"

In the leading article in THE LITERARY DIGEST this week, May 24th, German and American public opinion, as represented by the statements in the leading journals of both countries, is presented. Each of the fourteen points is carefully analyzed in its relation to the terms of the Peace Treaty, so that the reader may readily understand just how much justification there is in Germany's protestations.

The Literary Digest An Ideal Mental Bracer

Even the wisest of us are more or less prone to get into grooves, as regards our thinking on the great questions of the day. We tend to read the same papers, to listen to the views of the same people, to cling to the same ideas. A novel thought or a fresh conception on any subject of real importance to us finds many barriers of habit and personal bias to break down ere it can find lodgment in our minds. All this makes for stagnation and shuts out progress. What we need is a mental fillip, the stimulus of a quickening tonic that shall remake our conceptions of things, readjust our conclusions, put sanity and

vigor into our whole outlook upon life. Such a stimulus is waiting for you at every corner news stand in the shape of THE LITERARY DIGEST. America's foremost news-magazine. Every week it offers you the world's comments on the world's affairs and the world's thought, freshly culled from the periodicals of every land and language, without any admixture of personal editorial preferences or interested interpretation. Read THE DIGEST today and week by week and keep yourself informed, up-to-date, mentally in touch with the live currents of universal progress.

IMPLORES CLEMENCY FOR DE LAVELLE

Judge Coatsworth Receives
Anonymus Letter, Urging Mercy.

Written in a good hand, with a large cross in the upper left hand corner of the paper and another smaller one at the lower right hand corner, Judge Coatsworth, presiding in the sessions yesterday, received this letter with regard to Vera De Lavelle, who was recently found guilty by his honor of having assisted Frank McCullough, the condemned murderer, to escape from Toronto jail. The letter was signed "Brother in Christ, Judge Coatsworth: 'I thru the love and esteem of the people thou hast earned power to judge thy humble brothers. Know that thou wilt please God to use more thy heart than thy brain in sentencing those who have not the same understanding and knowledge as thee. Learn to see the divine spark in every human heart, and in judging wisely thou art able to be judged likewise. 'Has not Vera De Lavelle earned more sympathy than blame to have sacrificed herself in order to save the one she loved? What loving woman would not have done the same? Give her the benefit of her love.' 'A Loving Brother.'"

Alderman Ball headed a Toronto deputation yesterday to the works committee in connection with the Mount Pleasant car line, and urged everything possible to prevent delay. It was suggested that the committee might allow Commissioner Harris' report to go to the board of control; who could forward it to the council directly, instead of waiting for the meeting of the board of works. There was no objection to this, and meantime the members of the committee will make a visit to the spot.

E. V. Donnelly, a member of the deputation, drew attention to the state of the car tracks and pole line of the car tracks and pole line of the recently a hearing going to Mount Hope Cemetery got temporarily stuck in the mud. The commissioner will report on the permanent paving of Eiskine avenue.
