VICTORY LOAN

ONTARIO EMPLOYEES COMMITTEE

HONOR BANNER COMPETIT: ON

One of the most interesting features in connection with the Victory Loan is the campaign among employees in establishments throughout the Province. The campaign has to do with subscriptions of employees only, and a Prince of Wales Honor Banner is awarded to each establishment reaching its objective. This objective is based on two things, viz.: That 75 per cent. of the employees subscribe, and their subscriptions aggregate an amount equal to at least 10% of the concern's annual pay roll. In addition a crest that may be attached to the banner is awarded to each concern securing subscriptions from 90% of its employees, and a second crest in the event of 100% of the employees buying bonds, also one crest is awarded for each increase of 25% over the amount of the original objective.

There is keen competition among establishments to see which will win the greatest number of crests. The following list shows the establishments in Ontario, excluding Toronto, that have already been awarded the Banner, together with the number of crests won by each. The list will be published in this paper daily:
