WHO WERE THESE PEOPLE?

Man and Woman Went Out in a Skiff and Never Came Back.

Cleveland, July 6.—About 10 o'clock yesterday forenoon a man about sixty years of age hired a skiff. He was accompanied by a woman 40 years old. The man told the boathouse keeper the woman was his daughter; that she was weak-minded. They rowed out on the lake until late in the afternoon, the boat hovering about one spot. Finally they appeared to engage in a scuffle, and one of them either jumped or fell overboard. The other followed. The boat, when recovered, was perfectly dry inside. There is no clue to their identity.

Activity in Woman's Invention.

Should the present pace hold the year through 1897, will prove a banner year for women patentees. There has been unwonted activity during the past two months in the issuing of patents to women for various inventions, and their width of application indicates an assertion of independence of her strongest Brother in a marked degree. Messrs. Marion & Marion, solicitors of patents, head office 185 St. James-street, Temple Building, Montreal, note the following as some of the most important inventions to which women have recently turned their attention and for which they have received letters patent: Alice J. Hoyrasdt, Hudson, N.J., safety pin; Frances H. Gorrill, Newton, towa, hook and eye; Christina Mackie, Newark, N. J., a furniture polish; Sallie A. Seager, Allentown, Pa., non-refillable bottle; Eva K. Hunter, Scribner, Neb., improved window screen; Caroline A. Stone, Allegheny, Pa., skirt supporting belt; B. Parry, Galesburg, Ill., support for wearing apparel; Elizabeth G. Tebbutt, Albany, N.Y., self-measuring bottle; Mary R. Lucas, Omaha, Neb., skirt lifter, holder and adjuster; Mattie King, Plymouth, Mass., improved safety envelope; Johanna C. Samuel, New York, design for life-preserver; Evangeline Gilmore, Hamilton, Can., vegetable or fruit grater; Helen B. Rennie, Stratford, Can., bicycle skirt adjuster and holder; Louise Schaefer, Oneida, N.Y., apparatus for making patterns; Jennie M. Secord, Rotterdam Junction, N.Y., a garment or shawl pin; Emma Taylor, San Francisco, Cal., machine for grinding bread or crackers; Natalie Schell, San Francisco, Cal., bust and body form for dressmakers' use; Mildred Blakely, Pittsburg, Pa., an improved gas or other explosive engine; Minnie E. Snyder, Brazil, Ind., vegetable sieve and strainer with interchangeable parts; Emily A. Clingham, San Francisco, Cal., device to prevent the overflowing of kerosene lamps.

Score's European Trip.

It is small wonder indeed that Scores, the high-class cash tailors, are the keenest and most successful Canadian buyers in the British woollen market. Mr. Score left Toronto yesterday for Europe, to again give his undivided attention in selecting the fall and winter materials for this energetic and enterprising firm. Any thinking person will perceive at a glance that Scores' effective grasp of the science of buying places them in the front rank and gives their customers the finest qualities of all British woollens at an extraordinarily low charge. Mr. Score pays cash for his purchases, which is an enormous factor in securing top-notch values, and as they sell for cash their prices do not include a percentage for long credits, bad debts, etc. As a sample of what Scores can do we merely refer to their great reduction in charges for July. Their genuine Scotch tweed summer suitings at $18 and $20 are marvelous values.

Music in the Parks.

The band of the 48th Highlanders, under the direction of Mr. John Slatter, will play the following program of music in the Horticultural Gardens to-night:

Pain in the Back.

Mr. M. P. Halpin, Brockville, Ont., makes a statement as follows: "For two years I suffered from kidney trouble, causing severe pain across my back, dizziness, headache, sleeplessness, etc. I had often to lean on the counter when serving a customer, so intense was the pain in my back. On taking Doan's Kidney Pills I improved from the very first, and now after using three boxes am all right; all my pains, aches and dizziness having disappeared, thanks to Doan's Pills."

S. Ackerman, Commercial Traveler, Belleville, writes: "Some years ago I used Dr. Thomas' Eclectric Oil for inflammatory Rheumatism, and three bottles effected a complete cure. I was the whole of one summer unable to move without crutches, and every movement caused excruciating pains. I am now out on the road and exposed to all kinds of weather, but have never been troubled with rheumatism since. I, however, keep a bottle of Dr. Thomas' Oil on hand, and I always recommend it to others as it did so much for me." ed

65 Dayton Bicycles by Auction.

Attention is called to the auction sale of 65 new Dayton and other high-grade bicycles, that takes place on Saturday next, July 10, at 2.30, at Chas. M. Henderson & Co.'s, No. 91-93 King-street east. This sale will no doubt attract a large crowd, owing to the favorable reputation enjoyed by the Dayton wheel.

The traders in corn are watching reports from Kansas, as the situation there is critical. Hot winds prevail over the greater part of the state, and reports of damage to the crop are numerous. The best posted authorities admit that unless rain or cooler weather comes at once, the prospects of a good crop will be dissipated. All the old corn traders know that a few days of scorching winds in Kansas can ruin a crop, and they are not taking any chances on the bear side. Aside from Kansas, reports last week generally were of a better tone, but prices are so low that any accident is liable to start speculation, and carry prices up.

TORONTO LIVE STOCK MARKET.

There were 57 cars of live stock on the market, composed of 1000 cattle, 1100 hogs and 700 sheep and lambs. The demand for cattle was good, and nearly all were sold before the noon hour came. Prices were somewhat stronger and a little higher. The state of the English market would not warrant an advance in prices, but some of the dealers had space engaged, and had to fill it, hence the better feeling. Some of the dealers had to wire to Chicago, as they could not get the kind of cattle they wanted for export. Export cattle sold as high as $4.75 for the best.

Butchers' cattle in good demand, but the quality on the market was not good; in fact, none of the different grades were what was wanted.

The market for export sheep has taken a tumble, and Mr. Verral told us that he has overstocked himself, and will have to ship to the Old Country, as he cannot sell them here without losing a lot of money.

The market opened in the morning, all right for sheep, and some sold for $3.75 per cwt., but afterwards receded, and the best that could be made was $3.25 for the best export ewes; bucks sold at $2.75 per cwt; lambs sold from $2.75 to $3.50 each.

The hog market was steady at former quotations. Cows sold at $20 to $38.

The following are the shipments per G.T.R.: A. J. Thompson 6 cars, H. A. Mullins 2 cars, Brown & Snell 2 cars, and A. W. Maybee 1 car, all export cattle.

TORONTO FRUIT MARKET.

Yesterday was another big day on the fruit market, there being over 5000 packages brought in by boat and rail. Strawberries still take the lead, although raspberries, cherries, red currants and gooseberries are increasing day by day.

There was a lot of splendid fruit, and some very poor, in fact some that should not be on any market, as it was far from being sound. In the afternoon arrivals there were some excellent consignments of berries from the Clarkson dealers, and we have noticed that nearly all the fruit from that place is first-class.

Canadian-grown potatoes and cabbage are becoming plentiful.

Strawberries sold from 2½c to 5c per box, raspberries, black and red, were worth 12c, gooseberries 25c per basket of 12 quarts, red currants were worth from 40c to 50c per basket, cherries from 50c to 81 per basket, according to the size and quality of the fruit; butter beans 50c per basket. Canadian-grown cabbage $1.50 to $1.75 per bbl. Canadian-grown potatoes $3.50 to $3.75 per bbl.

TIPS FROM WALL STREET.

The market closed strong.

The most active stocks to-day were: Sugar 11,900 shares, St. Paul 24,500, Rock Island 3200, W. U. 2700, Jersey Central 7000, N. Q. 5500, Reading 6800, L. & N. 1900, Burlington 17,000, Omaha 2100, Chicago Gas 5100, Manhattan 2600, T. C. I. 7000, Tobacco 3600.

McIntyre & Wardwell received the following despatch from New York to-day:

It was a midsummer type of market to-day. There was nothing in it worthy of notice. It dragged along and declined somewhat in the morning on professional sales, but rallied to about the opening prices in the afternoon, presumably on covering by the same class of operators. Advices from Washington about noon indicated danger of delay to the Tariff bill in the Senate on the speech-making over the anti-trust question. The Senate this afternoon rejected a drastic anti-trust amendment. It seems that while the soft coal strike in Ohio is serious, its extent and importance have been exaggerated. Posted rates for sterling exchange were reduced by some of the foreign banking houses. The crop advices received by the Atchison and Burlington officials are very encouraging. The Jersey Central directors to-day declared a quarterly dividend of 1 per cent. Representatives of bull pools bid stocks up at the decline.

CHICAGO GOSSIP.

Henry A. King & Co., 12 King-street east, received the following despatch to-day from Chicago:

Wheat—The market was stronger after the holidays on stronger foreign cables and good buying by local speculators, and some good purchasing orders from St. Louis and New York. A fair business was done for export. With July deliveries concluded, the market is freed of its weakest feature. Speculation is very quiet, due mostly to intense warm weather, most of the large traders being at different summer resorts. Crop prospects continue of the brightest, and lead to exceptional estimates as to quality and quantity. Liverpool and London continue apparently indifferent in regard to purchasing in America, notwithstanding their own low stocks and the prospect that they cannot get anything of consequence from Argentine or India until January or April. The Hungarian crop will undoubtedly shrink 10 per cent. The receipts of wheat in the Northwest the past month are 20 per cent. less than the quantity ground, and leave the stocks less than half of January 1, 1897. Spring wheat promises, if conditions are maintained until harvest. It will outrun estimates. The market closed inactive but firm.

Corn—Opening prices on corn were ⅝c to ¼c higher, and the market ruled inactive and strong all session. Dry, hot weather caused considerable covering. Cables were firm and higher. Commission houses were free buyers of September option, and the price was easily advanced to 27¼c. The volume of trade was good. Cash situation reported much improved. Receipts for three days, 1056 cars. The close was strong at top prices for the day.

Oats—Followed in sympathy and advanced ⅜c to ½c. The trade was only fair and local in character. Receipts for three days 796 cars. The close was steady to firm. Commission people bought oats near the close.

Provisions—Were fairly active, with a moderate trade. Prices opened a shade higher, but sold off quickly on free selling by packers and local operators. Baldwin became a buyer of pork and ribs on the decline, and prices steadied some. The market during the last hour ruled dull, and closed so. Receipts were 11,000 hogs, with 27,000 estimated for to-morrow.

McIntyre & Wardwell received the following despatch from Chicago to-day:

Provisions—Opened strong and higher on light receipts of hogs during the past three days. Prices were to-day 10c to 15c over last Friday's. At the advance packers were free sellers; Anglo-American Packing Co. sold John Barrett one million pounds September ribs at $4.45. Later the market retained part of the decline with advance in corn, and closes steady. Estimated hogs to-morrow 28,000.

Wheat—The main feature of the market this morning was free buying of September and December wheat on foreign orders. Cables quite firm, those from the Continent especially so on the unfavorable weather. After the opening
