No. 3 Ward As It Now Exists.

For the municipal elections in January there will be thirteen polling subdivisions in number three ward. This is an increase of two, rendered necessary by the growth of the

The boundaries of every subdivision are changed, and it, therefore, behooves all electors to examine the voters' list at the city hall, to make sure their names have not been omitted and also to learn if they are in a new

City Clerk Baker had the above map of the ward prepared, showing the boundaries of the subdivisions, as they at present exist. Mr. Baker says all corrections to the voters' list must be made on or before the 23rd inst. Citizens who have moved during the summer are particularly warned that it is necessary to examine the list. Freeholders wishing to vote on the bylaws should also see that they are marked as freeholders.

The city clerk will be in the office on Thursday evening from 7 to 9
