ALL SOLDIERS MAY BE GRANTED BALLOT, WHATEVER THE AGE

Conservatives Now Favor the Proposal Once Rejected.

TORY MOVER THIS TIME

Attacks the Hon. A. Meighan and His Friends.

[Special to The Advertiser.]
OTTAWA, May 14.—There may be a change in the Canadian franchise act before this session ends. Today there was talk about voting and voters. It was brought on by a resolution offered by Dr. M. Steela, Conservative, of South Perth. He called attention to the fact that there were men at the front who, while old enough to fight, were not old enough to vote under the laws of Canada. He asked the House to agree that every enlisted soldier, without regard to age, should have the vote.

This same proposal was made from the Liberal side, two years ago, when the soldiers' vote bill was under discussion, Hen. Charles Marcil having moved it, and Hon. Arthur Meighen, with the members behind the Government, having opposed it. Today Mr. Meighen and the Conservative members favored the proposal.

Before the debate ended there were some words about the propriety of allowing naturalized aliens the vote during the war, and there is every indication that the question will be heard of again.

Give it to indians.

of again

J. H. Fisher, Conservative, of Brant.
not only favored granting the franchise to soldiers below the age of twentyone, but asked that the franchise should be extended to the Indians, four hundred of whom had gone to the front from his county. To this proposal the answer of Hon. Mr. Meighen was that the Indians would enjoy the franchise while at the front, but under the law they would lose it when they returned to Canada and their reservations.

There was also talk of votes for women, but little hope was held out for enfranchising women throughout women, but little hope was held out for enfranchising women throughout the Dominion.

James Douglas, Liberal, of Manitoba, asked that the franchise should be at least extended to Canadian women who had crossed the sea and were acting as nurses in Britain and on the coninent.

This proposal supplemented the resolution of Dr. Steele, who stated that he would be prepared to support it. Hon. Mr. Meighen did not commit the Government to its acceptance but the steadily increasing importance of its Canadian business has made it advisable to strengthen its relations in the Dominion, the Delaware and Hudson Rallroad Company announced tonight it will exchange officers with the Canadian Government Railway.

Beginning June 1 next, Vice-President C. S. Sims, of the Delaware and Hudson, will go to Montreal, and F. P. Gutelius, general manager of the Canadian Government Railways. Will come to the Delaware and Hudson.

to the Delaware and Hudson.

Hon. Mr. Meighen did not commit the Government to its acceptance, but the attitude of other speakers indicated that the proposal of votes for nurses will have considerable parliamentary support. The view seemed to be that any man, boy or for the courage to go for the front and fight for the courtry should have the right to cast a vote should have the right to cast a vote should have the right to cast a vote should be administered.

The resolution of Dr. Steele was indicated them upon their change of views since two years ago, when they were similar resolution offered by Hon. M. Marcil. Hon. Mr. Meighen protested with the solicitor-general in opposing a similar resolution of the members should received the vote to all soldiers.

Hon. Mr. Meighen promised that the views of the members should receive the consideration of the Government, Dr. Michael Clark said that he had always believed in manhood suffrage, and declared that there were no more maniforment.

Mr. Turriff wanted to know if it was the intention of the Government to change the franchise act and enact a new law for Dominion voting.

Hon. Mr. Meighen replied that the Government was not contemplating the enactment of a new franchise law. The discussion was halted for a time by A, A, MacLean of Prince Edward Island moving the adjournment of the debate.
