DYNAMITERS IN THE CITY

A Plot to Create a Blow-up Near Clark's Bridge-Will It Succeed? If residents near Clark's bridge hear loud explosions this afternoon, they may rely on it that a gunpowder plot on Feb. 8 at Winnipeg, have been has been carried into effect under their brought here for interment at Woodwith the knowledge and even connivance of the authorities. The reason is this: An ice blockade has occurred the city of the country of Middleson and other above Clark's bridge, forming a dam, which might cause the water to rise and years farmed near West London, his overflow the river banks in the event of a thaw. The Peterboro Bridge Company, who are building the new King street bridge, have offered to try to remove the jam by dynamite, so as to prevent trouble further down the river. Their representative, Mr. George Irwin, and an expert dynamiter from Peterboro, who is expected on a train this afternoon, will make the attempt, and they will soon knock the ice in icicles.

The large number of additions has made a very material change from other years, and a difficulty has arisen in connection with the polling booth question which was not anticipated. Section 16, chapter 9, R. S. O., 97, provides that where there are more than 300 names on the voters' lists for any polling sub-division, the returning offi-cer shall re-subdivide the division. A redivision will therefore be necessary in many of the present polling districts. These, however, cannot made before the close of the registration and the appeals, and yet they must be made before nomination day.

The sheriff, when asked about the matter this morning, said: "My inclination is to leave things as they are, as far as possible, but the statute on the point is imperative. The redivision may, however, create some confusion on election day. One subdivision in No. 4 ward has over 400 names on the list
