

STRIKE RIOTING IN OTTAWA HAS AN EVIL ASPECT

Elderly Man Seriously Injured and Five Autos Smashed.

STREET CARS "JAMMED"

Trolleys Are Pulled by Mob and Live Wires Fall—Power Shut Off.

OTTAWA, July 10.—The greatest excitement since the street railway strike began prevailed today, and at certain moments it looked as if serious trouble would break out.

Trouble at one of the main intersections of the city, during which people pulled trolleys from wires, resulted in the shutting off of electric power and the stopping of street cars shortly after 2 p.m. A number of wires fell.

One casualty has so far been reported. An elderly man named Jarvis sustaining serious injuries when knocked down by a runaway street car in charge of a strike-breaker.

Five motor cars were badly smashed at the time Jarvis was seriously injured, when a street car backed into a line of motor cars on Rideau street at 12:30 o'clock this afternoon.

The motorman intended to put on the brakes, but instead of doing this threw in the reverse with the result that the waiting motor cars were jammed. Occupants of the several cars received minor injuries while Jarvis had several ribs fractured.

One Arrest Made.

One arrest was made as a result of demonstrations on Bank street, between Albert and Queen.

The man taken into custody is Nicholas Phuehuk, said to be a Ukrainian, who will be charged with assaulting a new car conductor.

Addressing street railway employees, barbers, break drivers and boiler-makers this morning, Aid. Heaps of Winnipeg received an enthusiastic reception. He gave a resume of the recent strike in that city, and spoke scathingly of the action of the Government in imprisoning five of the supposed strike agitators, who were to be deported without a jury trial, to which he said, every British subject was justly entitled. He intimated that the employees were endeavoring by every means in their power to destroy the trades union movement, but declared that no government nor body ever constituted was powerful enough to do so.

The electric railway company here has ended all relations with striking employees and will fill their places as announced today. Full service is expected within a few days.

Bakery drivers today threatened to strike. Ninety-four men would be affected in eleven firms.

No Money Grant To Be Made To Currie or His Commanders

Authoritative Denial Is Given To Report Made in Vancouver.

OTTAWA, July 10.—Statements made at the Vancouver meeting of the Committee of the Great War, that the Government has decided to make a grant of \$500,000 to Sir Arthur Currie, and a grant of \$40,000 and \$20,000 each to the divisional and brigade commanders respectively are authoritatively stated here to be without foundation. When the estimates were before parliament no such provision was made. Parliament unanimously passed a vote of thanks to the Canadian military and naval forces for their work in the war, but although some suggestion of it was made in the House, there was no vote of a monetary grant.

Vancouver Mass Meeting Wants Govt. To Resign

Failure To Conscript Wealth and Prosecute Profiteers Condemned.

VANCOUVER, July 10.—Calling upon the Federal Government to resign, a mass meeting of citizens held Wednesday evening unanimously passed a resolution after hearing addresses on the high cost of living.

In this resolution, reference was made to the failure of the Government to conscript wealth; failure to punish the members of firms and corporations, who have shown excess profits or watered stocks, ignoring by the Government of the abuse of the cold storage facilities and failure of the federal authorities to bring about a remedy to reduce the high cost of living.

The resolution also declares that the commission appointed by the Government did not say whether the price of grain as fixed by the Government was fair or unfair.

The mucous effect of the oil having been removed, the extractive principles remain to build up wasted strength.
