LIVE STOCK. Toronto, Oct. 8.—Trade was active at the Union stockyards this morning in all lines of cattle, prices holding firm. Light butchers and bulls were in demand, lambs were decidedly higher, sheep unchanged and calves steady to firm. Fed and watered hogs were offered at \$18, and it is expected that this price will prevail for the remainder of the week. Receipts, 1,115 cattle, 163 calves, 1,435 hogs and 3,180 sheep. Quotations:

New York, Oct, 8-Wall Street, 10:30 a.m.—Trading at the outset of today's stock market lacked the spectacular features of the preceding session, even the more speculative issues making only moderate gains with standard shares. Before the end of the first half hour, however, pool operations in numerous specialties were again under way, at gains of 1 to 6 points. Leaders of the movement included National Biscuit, American Woolen, Worthington Pump, Texas Company, Pan-American Petroleum, Studebaker, Kelly-Springfield tire, Central Leather, Industrial Alcohol and American sugar.

### A cosy home-healthful moistureno gas or dust

Hecla heating is warm air ter how old the furnace, these heating at its best.

For, it sends to every room a steady flow of warm, moist, healthful air, free from the slightest trace of dust or coal gas.

Special Hecla features insure

You will see them when you examine the furnace. The large Hecla water pan is circular. It holds a big supply of water. It sends equal moisture to every warm air flue. Thus every room gets its share of healthful mellow air.

And there is no taint of gas. No dust annoyance. The air from the registers is pure—and "clean."

> For there is no possibility of a leak between the fire chamber and the warm air flues. Hecla Fused Joints make practically a onepiece weld of the passages for gas and dust. No mat

joints cannot separate and leak.

This, we guarantee for the life of the furnace.

Anyone may get at the facts about the Hecla. Thousands of Heclas are making homes cosy in Canada. Inquire among your friends. Ask about Hecla heating capacity. Ask whether it is a "clean" furnace or not. Ask about its fuel economy. You will learn among other things that it has a wonderful firepot (steel-ribbed) that saves one ton of coal in seven.

Or write to us and let us lay the facts before you. Let us tell you everything about the Hecla-things you should know before you invest in any furnace. Ask our advice about a heating system for your own homeone we will guarantee to work properly and make your home cosy. This expert assistance and advice will be given without charge. Write, sending a rough floor plan of your house.

# CLEAN ATHLETICS

"Play hard-win if you can-but PLAY FAIR-and LOSE rather than take an unfair advantage." Isn't that the right spirit for sport and for business-and everything else? Is there any better way to establish character in a boy than by training him to take his religion right into his sport and into his study and his fun?
