PROVIDE INSPECTION
OF LOAN COMPANIES

Enabling Bill Introduced in Commons, by Minister of Finance.

WILL BE MADE ANNUALLY

Ottawa, March 30.—(By Canadian Press.)—At the opening of the house of commons this afternoon Sir Henry Dwyer introduced two bills, the first to amend the trust companies act, and the second to amend the loan companies act. The minister explained that the object of these two bills was to provide for annual inspection of trust and loan companies. There was, he said, provision in the present bill which empowered the government to institute an inspection of these companies when it was necessary to do so. There was a danger, however, that such an inspection might be too late and it was thought wisest to make provision for annual inspections. The bills were given first reading.

SAYS \$18,000 IN BANK
BELONGS TO ORIGINALS

Col. Cooper Makes Appeal for Liberty on Tag Day.

The regular meeting of the Daughters of Canada was held last evening in the Central "Y." The principal business being the appeal by Col. Cooper for the assistance of the members of the organization on the tag day for the benefit of the returned "Originals," to be held on 22nd April next. The meeting unanimously agreed to do everything in their power to ensure success of the project.

Col. Cooper briefly told the meeting the claim the "Originals" had on the people of Toronto, of their prowess on the field of battle and of the large number who returned, maimed. Their organization was, he said, between 600 and 700 strong, and they had started a subscription aimed to average \$25 each for the purpose of building a commemorative hall which they purpose naming St. Julien Hall. He told of the individual effort and individual spirit which characterized the "Originals" in action, and this spirit still survives in their club. Mrs. Orr asked the speaker what had been done with the \$18,000 collected.

LECTED on a previous occasion for the enlighten her, altho he had made enquiries and been told that the "Originals" had no interest in this money is still lying in bank and she was very emphatic that steps be taken to have it paid over to those to whom it belonged and she considered the "Originals" should be the recipients.

After some discussion it was resolved to appoint a committee, with Mrs. Orr as convener, to obtain the co-operation of kindred organizations in Toronto, and with committees from their ranks, lay the case before the mayor and board of control. The secretary and some members thought that the Daughters of Canada should shoulder the whole burden of helping the "Originals" to get the fund in the bank but one member considered the organization not sufficiently strong for the effort, while Mrs. Orr quoted one of the platforms of the organization, "Unity is Strength."

With the singing of "O Canada" the meeting was brought to a close.
