

BOSTON GUESTS SEE DRY DOCK

Other Events of Interest for Today and Tomorrow

Scenery Praised by Canadian Club Ladies—Leave for Home on Saturday

The Boston Canadian Club members spent this morning visiting various points of interest in the city, in particular the dry dock. At noon today the ladies were guests of Mrs. E. Atherton Smith at the Union Club.

LEAVE ON SATURDAY.

Tomorrow afternoon at three o'clock, weather permitting, the visitors will be taken for a sail up the Saint John river as far as Belyea's Point. The men in the party will leave the steamer at Westfield to enjoy golf at the Westfield Country Club executive. The ladies will re-join the party at Westfield and all will then motor to the Duck Cove cottage of Mr. and Mrs. H. A. Powell on the Bay Shore. If the weather interferes with the river trip, the party will leave the Admiral Beatty by motor at four o'clock for Duck Cove. On Saturday evening the visitors will leave on the return trip to Boston by the Governor Dingley.

A trip of interest is being arranged for tomorrow morning by Mrs. Todd, wife of the Lieutenant Governor. This is a visit to the home of the Mahaney quadruplets in Queen street. Mrs. Todd has always taken a deep interest in the quadruplets and when in the city seldom fails to visit them.

YESTERDAY'S DRIVE

A feature of the entertainment for the members of the Boston Canadian Club who are visiting the city was a drive yesterday afternoon to Hampton and Goudola Point. It was arranged by Mrs. F. C. Beatty and Mrs. W. P. Bonnell and was thoroughly enjoyed by the visitors. The beauty of Goudola Point and its surrounding country was a revelation to the guests and one lady said she had stood on the shores of the famed Lake Como but its beauty could not compare with the scenery she saw yesterday.

At Hampton a delicious luncheon was served. At this function Mrs. H. A. Powell, first vice president of the Women's Canadian Club, presided and extended a graceful welcome to the visitors. This was replied to by Mrs. B. Foster, president of the Boston Ladies' Auxiliary. Mrs. W. Edmond Raymond and Mrs. Margaret Lawrence also spoke briefly, the former referring appreciatively to the welcome which had been extended to her on visit to Boston. The luncheon table was centered with roses and dainty bouquets were provided for the guests.

On the return, a party was made at the Riverside Golf and Country Club, where tea had been arranged.

Notices of Births, Marriages and Deaths, 50 cents.

Should Draw Water Supply

The water will be shut off from the 36-inch Spruce Lake main at midnight, when a leak will be repaired. The residents on the high levels in West Saint John may be affected and are warned to draw a supply to be used in case of emergency while the work is being done. W. Thompson, superintendent of the Saint John water department, so announced this morning.

Has Anybody Seen This Horse?

It is blind in one eye. It is spavined in one hind leg. It has a rubber shoe on one foot. It is a horse. And, someone stole it. When last seen by the owner, John Nave, Simonds street, he reported to the police today, it was grazing peacefully on Green's Hill. Who threatened, it cocked its blind eye in that direction and, like Nelson, said "I see no signal." The police have a suspicion that some boys are playing a prank. The description of the horse was given by the owner.

HELPED GREATLY TO SECURE JUSTICE

Credit is Given in Connection With Fight Against Insurance Discrimination.

Announcement that the Imperial Shipping Committee had recommended that Saint John be placed on the same basis as Halifax and the United States Atlantic ports was received with much gratification by the Board of Trade here and it is recognized as directly due to the efforts put forth by the Transportation Committee of the Board and R. E. Armstrong, secretary, that this discrimination is in a fair way to be removed.

The matter was taken up and a record of the accidents at the U. S. Atlantic ports during the last ten years secured from the marine department at Washington. A similar record for the Bay of Fundy and Saint John was secured from the marine department at Ottawa. From these Mr. Armstrong compiled a comprehensive memorandum which was forwarded to the Imperial Shipping Committee.

Much assistance in this connection was also received from C. P. R., from Dr. Murray MacLaren, M. P., and from the manager of the Saint John Drydock and Shipbuilding Company, F. M. Ross.

COLLAPSES HOUR LATER

About an hour later he complained of a severe headache and then collapsed and lapsed into unconsciousness. A doctor was summoned and everything possible done for his comfort and he was then placed on No. 16 train and brought home. On the arrival of the train the ambulance was on hand and took the injured man to the hospital. His condition was said to be quite serious.

Companions who were with him at the game, said it was hard to believe that a man could be so seriously injured by a ball that had apparently little force on it. The ball had been thrown from one player to another and went wide. It took a bounce and then struck Mr. Worcester. An hour later he jumped up and cried out "My head is splitting open" and then fell unconscious.

THOMAS W. LAWSON LEAVES NO ESTATE

Few Copper Shares Are Only Asset of Former Noted Financier.

BOSTON, June 25.—A revelation that Thomas W. Lawson, noted financier and native of Nova Scotia, reputed to have died to have been worth \$20,000,000, died "without leaving as much as a five cent piece," was made in the probate court yesterday by counsel for his two sons, Arnold and Douglas Lawson. It was not disclosed how the fortune had disappeared, but it was announced that Mr. Lawson had died without leaving a will, and that the only assets of consequence were Trinity Copper Company notes valued at \$49,000.

The proceedings were to hear a request that the two sons be appointed administrators of their father's estate. The court granted administration papers requiring the surety company bond of \$1,000.

Arnold Lawson is running a bus line from Boston to Newport, R. I., and Douglas is head coach of the Williams College football team, and is Boston agent for a number of foreign manufacturers.
