Arenas, 6; Canadiens, 4.
Toronto, Feb. 11—Arenas defeated Canadiens in the weekly National Hockey League fixture here tonight by six goals, and have still an outside chance of winning the title. However, to do so they have to play much better than they did tonight. They won the game strictly on their merits, but they did not win any extraordinary victory.

CANADA PROVIDES BETTER PROSPECTS FOR SHIPBUILDING

London, Feb. 8—Discussing the decision of Messrs. Yarrow to gradually discontinue their shipbuilding on the Clyde and increase their work at Esquimaux, Vancouver Island, one of the directors of the company today freely admitted that their action in transferring the business was due to the better industrial prospects of British Columbia.

London, Feb. 11—Representatives of the German government have asked permission from the armistice commission at Spa to be allowed to use warships against the Bolsheviks who are seizing towns on the Baltic coast, according to an Amsterdam despatch to the Central News.

"OUR MRS. MCCHESNEY"
THE SITUATIONS ARE UNUSUAL in this sprightly comedy and Miss Barrymore is at her very best in them. She plays the role of a travelling saleswoman for a patent skirt and the amusing twists and turns of the story—by Geo. V. Hobart and Edna Ferber—keep people in stitches of laughter and tingling apprehension. "Our Mrs. McChesney" has been one of the most successful stage productions for a long time. As a film it is a riot.

FELLOW CITIZENS: LET ME ADD A PERSONAL WORD ABOUT TODAY'S PROGRAMME. It is one of the best we have ever offered you. Special interest attaches to the Burton Holmes St. John, Bay of Fundy and St. Lawrence travelogue. Read the list of scenes in this advertisement. Miss Barrymore's picture is a splendid one—wonderfully photographed—and the comedy will please. Don't miss seeing our gallant 115th boys in their complete unit before sailing.

It is a pleasure to see big Bill Farnum go after 'em in his own inimitable way. When he pulls off his coat and rolls up the sleeves of his blue shirt, you can be sure that there is going to be action on the screen and plenty of it. This is what makes "The Heart of a Lion" one of the finest pieces of work Mr. Farnum has ever done.

Regardless of the fictitious combat, this picture unfolds one of the most interesting stories of all time. Far better than "The Spoilers." It is Farnum's greatest screen production.

France to Crush Those Who Would Increase Cost of Living Without Reason—Heavy Fines and Publicity
Paris, Feb. 8—The government bill under which it is intended to repress increased prices of foodstuffs and speculation in and the cornering of foodstuffs has been drafted. The cabinet met Sunday and examined into the subject of the increased cost of living, and it was decided then to prepare the bill. Under the measure, any attempt to interfere with free commercial competition would be punished by a prison sentence ranging from a month to a year and a fine of from 500 francs to 30,000 francs. Attempted interference was once fully defined in broad language in the bill. Penalties are provided on a greatly increased scale in the case of a person operating illegally in a commodity in which he does not deal habitually. Publicity is to be given to persons convicted, not only in the new papers but by affixing documents to their homes, shops, or other places of business. The trial court is to fix the size of the notice to be posted, and the time it shall remain exposed. Extra penalties are provided for the suppression or concealment of notices by convicted persons. A provision of the bill is that a second offender on conviction may be forbidden to exercise any trade for five years and also forbidden to accept employment in any capacity in an establishment in which he has previously worked.
