A MODEL IN SILK

with the large "O" perforations running parallel. As no fitting is used, time will be saved in making the waist. First, close shoulder seam; tuck, creasing on slot perforations; stitch 1 inch from folded edge. Pleat lower edge, placing "T" on small "o" perforations and tack. Close under-arm seam as notched. Gather lower edge of front and back between double "o" perforations. Center-front indicated by large "O" perforations. Sew stay to lower edge, centers even, small "o" perforation at under-arm seams. Adjust shield, corresponding perforations in front and in shield even, leaving left side free for opening. Sew, leaving collar to neck edge, center-backs even and along single perforations in shield. Sew standing collar to neck edge as notched.

Close seams of sleeve and cuffs as notched. Sew cuff to lower edge of lower sleeve as notched; sew cuff to lower edge of upper sleeve, double "o" perforations and seams even. Sew in armhole as notched, easing in any fullness.

Close skirt seam as notched. Pleat, bringing "T" to corresponding double small "o" perforations and tack. Turn under front edge on slot perforations. Close center-back seam. Center-front indicated by line of double "o" perforations. Front of tunic indicated by large "O" perforations; adjust on skirt, upper edge even, single large "O" perforation at seam. Pleat skirt, creasing on slot perforations; bring folded edge to corresponding lines of small "o" perforations in tunic and skirt, and stitch. Lap right front edge of skirt on left, centers even, and stitch, leaving edge free above large "O" perforation for placket, and, if desired, allow lower part to hang free below triple "o" perforations. Sew to lower edge at waist over stay, centers even.

The dress is pretty made entirely of one material, but vesting may be gathered by using lace for the full to entice the neck.

No. 5600. Sizes 14, 16, 18 and 20 years or 21, 24 and 26 bust.

MARINE NOTES
South African liner Benda docked at No. 7 berth Saturday afternoon after an eventful trip from Sierra Leone. The Benda was damaged while drifting about in a great ice field which was encountered as the freighter was approaching Sydney (N.S.) and the vessel was helpless for several days before a gale cleared the way to Louisburg. The ice was upwards of 18 feet in thickness and the bow of the steamer was damaged considerably by the pound-

Eighty-five Years Old. H. L. Spencer, the poet, will be eighty-five years old tomorrow. While he is somewhat feeble and his eyesight has failed greatly, he is as much interested as ever in the news of the day, and a recent short poem published in the evening Times proves that his intellect is as keen and his power of expression as gifted as in former years. Mr. Spencer is staying for a few weeks at the St John Hotel.

IN THE CHURCHES

Rev. H. A. Cody advocated the cause of votes for women in preaching to his congregation in St. James church last evening. He took as his text the words of St. Paul, "Render therefore to all their dues." Mr. Cody paid a high tribute to the work of women in the church and in the mission field. He referred to the action of the militant suffragettes in England and while he did not approve of them in any way, he thought they had more excuse than the cause of the war in Mexico. The pastor then made an appeal that the men of the city would give to all their dues on Tuesday.

St. Mary's church was filled to the doors last evening when the pastor, Ven. Archdeacon Raymond, held a special service and preached to the different societies of the church on Christian service.

A large congregation was present last evening in the Tabernacle Baptist church when Rev. J. D. Wetmore preached his farewell sermon before leaving for Chance Harbor, N. S.

The five local lodges of the Independent Order of Oddfellows celebrated the ninety-fifth anniversary of the foundation of the order by attending divine service in St. Andrew's church yesterday afternoon, the service being conducted by Rev. J. H. MacVicar, D.D., and Rev. Gordon Dickie. Appropriate hymns were sung including a solo by T. Guy. Mr. Dickie preached an eloquent sermon in which he referred to the rapid growth of the order from its foundation.

Mrs. J. Seymour gave the address on temperance at the Seaman's Institute on Saturday evening when seventeen pledges were taken after which refreshments were served. Rev. A. D. Morton, D.D., conducted the services last evening.

A minor witness in a trial in Denver was remanded to the jail until further orders and was apparently forgotten. Twenty-eight days afterward she was discovered and released, after being paid witness fees for the time she had been imprisoned.

To Have Gray Hair
Youthful Appearance Too Great An Asset To Lose

"A woman is as old as she looks" and nothing will make her look old so surely or so quickly as gray hair. It is possible for any woman to prevent her hair turning gray or to restore her gray hair to all its former beauty. Hay's Hair Health will do it. It is not a dye. It accomplishes its results quickly, surely, easily and at the same time stimulates and invigorates the scalp and hair roots. It removes dandruff. We are sure enough of its results to say that we will refund your money if it fails after a fair trial.

MORNING NEWS OVER THE WIRES

Five cars of a freight train were derailed yesterday on the D. A. R. near Clifton Station, N. S. Little damage was done.

Ebenezer Hillon, of South Ohio, N. S., has been arrested there on a charge of murdering his wife. He is alleged to have struck her with a lamp, and caused injuries which resulted in her death.

drugging, even in its milder forms, clouds and mars the fairest complexion.

Tea and coffee drinking isn't considered drugging by most people, but physicians know that the average cup of tea or coffee contains from 1 1/2 to 3 grains each of the drugs "caffeine" and "tannin," that affect stomach, liver and kidneys, disturb circulation and work havoc with natural nerves and a healthy skin.

Every woman who values a clear complexion, soon finds that a change from tea or coffee to

makes rapidly for personal comfort and wholesome beauty.

Postum is a pure-food drink, made of prime wheat and a small per cent. of molasses. It has a rich, snappy flavor, and is absolutely free from caffeine, tannin, or any other drug or harmful ingredient.

Postum comes in two forms:

Regular Postum—well boiled, yields a delightful flavor. 15c and 25c packages.

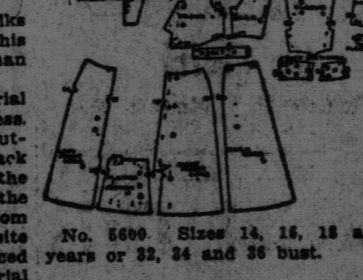

Instant Postum—a soluble powder. A teaspoonful stirred in a cup of hot water dissolves instantly. A delicious beverage. 30c and 50c tins. The cost per cup of both kinds is about the same.

Simplicity is charmingly exemplified in this frock of figured silk designed for young women. A pretty color scheme consists of pale gray and dark blue; sapphire colored silk is used for the simple belt.

CONSTRUCTION GUIDE BOOK

For the soft, dainty, figured silk which comes in such infinite variety this season there is no prettier model than this one.

About 4 yards of 44-inch material will be required to make the dress. This should be folded before the cutting process begins. Place the back (B) and collar (C) on the fold. To the left of the back and little above it the tunic (T) may be arranged, white room will be found for the sleeve opposite the collar. The latter two are placed on a lengthwise thread of the material.

All in this blank and mail it with price of pattern.

FOR WOMEN POLICE

Massachusetts Legislation—A State Board of Barber Examiners

Boston, April 27.—The Massachusetts House of Representatives has passed to be engrossed, the bill to permit cities and towns to appoint women as police officers. The measure was not without its opponents, however, and they made an unsuccessful attempt to secure a roll-call.

Mr. Wilson of Lynn spoke for the bill, which, he said, if passed would "throw a safeguard around the young girls in the streets of our cities and towns."

"We have an example of this good work in the city of Chicago and other western cities," declared Mr. Wilson.

A bill to create a state board of harbor examiners and for the registration of barbers was refused a third reading by a rising vote, 27 to 48, but on a roll call was ordered to a third reading 118 to 90.

Independence Declared! Proclamation.

I am an independent candidate controlled by no man, group or corporation, and not favored with a large invading army at the polls working in my behalf. On Tuesday, April 28th, my warm friends and citizens have assured me of their support, and I trust that yours may be added to the number, and I will nominate in your selection that you will have one who is perfectly independent and whose sole object in asking your suffrage is the desire to place our city in the foremost ranks. Every thoughtful every action, every deed—all for St. John. Help and cast one ballot for F. L. POTTS for COMMISSIONER.

SHIPPING CATTLE WEST

(Hartland Observer).

Andrew Brown of Winchester, Ont., has been here during the last two or three weeks looking for cattle. He picked up a couple of carloads of young cattle and cows and made the first shipment on Saturday. They will be turned out on prairie farms for further development. Probably in the course of time their dressed carcasses will be shipped back and sold for fancy prices. Mr. Brown thinks the farmers here are missing a golden opportunity in neglecting the beef and dairy industry.

PUMPS YIELD OPALS.

Dredges Bring Up Precious Stones From Portland, Or., Harbor.

Searching for agates and water opals is a pastime in Portland, Or., that has been revived since dredges of the port commission began work above the Hawthorne avenue bridge, and it is said that some handsome specimens have been found.

Captain Groves, superintendent of dredging, says that there have been shown to him some of the finest stones during the last few days that he had ever seen.

When the big suction diggers have been at work in the harbor so that the material handled was deposited along the waterfront the finding of agates and water opals has drawn hundreds, and since the Willamette began digging near the Inman-Poulsen mill, crowds have been drawn there through the quest for specimens.—New York Sun.

Civic Issues Discussed.

Commissioner McLellan addressed another large meeting in Carleton City Hall Saturday evening, in the interests of his mayoralty campaign, and spoke along the same lines as at his two city meetings.

ing of the huge masses of ice. The Benda also had difficulty in leaving Sydney after effecting temporary repairs and loading a part cargo of rails, and the vessel's bow was again subjected to a strain in forging through the heavy ice. A number of seals was seen on the ice field. Captain Williams, formerly of the Elder-Dempster steamer Benin, is now in command of the Benda.

R. M. S. P. liner Chignecto arrived at Halifax at 4 p. m. yesterday. Furness liner Rappahannock left Halifax yesterday at 6.30 p. m. for London. Manchester Commerce, Captain Payne, arrived yesterday at 8.30 from Manchester direct. The Commerce reported having spoken the tern schooner E. M. Roberts off Point Lepreau.

The E. M. Roberts is bound from Mobile to Dauphin with a cargo of hard pine.

The Manchester boat will load 45,000 bushels of grain and 500 standards of deals here for Manchester and will complete cargo at Philadelphia.

The steamer Manchester Port, which is now docked at the west side, had a very eventful voyage on her last trip from here to Manchester. They met with such high and tempestuous seas that the engineers' quarters on the after section of the saloon deck was badly smashed in and two life boats were crushed to splinters and swept into the sea. The wreckage was thrown by the seas against the funnel, denting it considerably. The doors of the deck-houses were torn off and the hatches loosened, a large amount of water entering the holds and damaging the cargo. Repairs were made at Manchester.

Parcel Post Regulations.

The post office department has found it necessary to issue another notice to emphasize the fact that parcels up to limit of eleven pounds will now be accepted for transmission by parcel post and that the five cents delivery charge for places where a letter-delivery service is in operation has been abolished.
