## A New Principle in Complexion Treatment

Most creams are injurious when used habitually. They clog the pores and eventually form a permanent, soggy, stifling film which interferes with the normal action of the skin and makes the skin sickly and pasty. There is an application of the principle which acts upon an entirely different principle. While perfectly harmless, it has the peculiar property of removing by absorption the dead and thickened particles of skin, as well as unhealthy matter in the pores. This takes away from the complexion the cause of its deterioration, and in its place, a healthy young complexion. Mercurized wax, procurable at any drug store (one ounce is sufficient), is applied at night like cold cream and washed off in the morning. The correct principle in the treatment of wrinkles is to tighten the skin, which naturally firms out the lines. A face bath, remarkably effective in this direction, may be made by dissolving one powdered sazeite in 1/2 pt. witch hazel.

## AT PEACE WITH HONOR

### President Wilson's Thanksgiving Day Proclamation

Washington, Oct. 31.—President Wilson has issued a proclamation designating Thursday, Nov. 26, as Thanksgiving Day.

The president's proclamation, which refers to the fact that the United States is at peace while most large nations of the world are at war, follows:

It has long been the honored custom of our people to turn in the fruitful autumn of the year in praise and thanksgiving to Almighty God for His many blessings and mercies to us as a nation. The year that is now drawing to a close since we last observed our day of national thanksgiving has been one, while a year of discipline because of the mighty forces of war and of change which have disturbed the world, also a year of special blessings for us.

It has been vouchsafed to us to remain at peace, with honor, and in some part to succor the suffering and supply the needs of those who are in want. We have been privileged by our own peace and self-control in some degree to steady the counsels and shape the hopes and purposes of a day of fest and distress. Our people have looked upon their own life as a nation with a deeper comprehension, a fuller realization of their responsibilities as well as of their blessings, and a keener sense of the moral and practical significance of what their part among the nations of the world may come to be.

The harmful effects of foreign war in our own industrial and commercial affairs have made them feel the more fully and see the more clearly the mutual interdependence upon one another and have stirred them to a helpful co-operation such as they have seldom practiced before. They have been quickened by a great moral stimulation. Their unimpaired ardor for peace, their earnest pity and disinterested sympathy for those who are suffering, their readiness to help and to think of the needs of others, have revealed them to themselves as well as to the world.

Our crops will feed all who need food; the self-possession of our people amidst the most serious anxieties and difficulties and the steadiness and resourcefulness of our business men will serve other nations as well as our own. The business of the country has been supplied with new instrumentalities and the commerce of the world with new channels of trade and intercourse. The Panama Canal has been opened to the commerce of the nations. The two continents of America have been bound in closer ties of friendship. New instrumentalities of international trade have been created which will be his new instrumentalities of acquaintance, intercourse and mutual service. Never before have the people of the United States been so situated for their own advantage or the advantage of their neighbors or so equipped to serve themselves and mankind.

Now, therefore, I, Woodrow Wilson, President of the United States of America, do hereby designate Thursday, the twenty-sixth of November next, as a day of thanksgiving and prayer, and invite the people throughout the land to cease from their wonted occupations and in their several homes and in their worship render thanks to Almighty God.

## WOMAN'S MOST SUCCESSFUL MEDICINE

Known All Over The World—Known Only For The Good It Has Done.

We know of no other medicine which has been so successful in relieving the suffering of women, or received so many genuine testimonials, as has Lydia E. Pinkham's Vegetable Compound.

In nearly every community you will find women who have been restored to health by this famous medicine. Almost every woman you meet knows of the great good it has been doing among suffering women for the past 30 years.

Fox Creek, N. B.—"I have always had pains in the abdomen and a weakness there and often after meals a soreness in my stomach. Lydia E. Pinkham's Vegetable Compound has done me much good. I am stronger, digestion is better and I can work with ambition. I have encouraged many mothers of families to take it as it is the best remedy in the world. You can publish this in the papers."—Mrs. WILLIAM S. BOURQUE, Fox Creek, N. B.

In the Pinkham Laboratory at Lynn, Mass., are files containing hundreds of thousands of letters from women seeking health, in which many openly state their own signatures that they have gained their health by taking Lydia E. Pinkham's Vegetable Compound, many of whom state that it has saved them from surgical operations.
