

THE EVENING TIMES AND STAR, ST. JOHN, N. B., WEDNESDAY, FEBRUARY 20, 1918

GOOD THINGS COMING TO THEATRES OF ST. JOHN

OPERA HOUSE BILL WILL DRIVE AWAY WET WEATHER BLUES

One can forget the weather and everything else that is unpleasant by dropping in to the Opera House this week and enjoying the extra vaudeville programme offered. Five good acts, with lots of comedy, music and all that goes to make up an enjoyable entertainment, and in addition, a good serial picture, "Who is Number One," a Paramount picture, and a good one.

Two complete performances tonight, at 7:30 and 9—every afternoon at 2:30. Popular prices.

NEW STAR AT GEM

Marjory Wilson is at the Gem tonight and for Thursday and Friday in "Mountain Dew," a stirring tale of the Kentucky mountains and the moonshiners. The vaudeville includes an eccentric comedian and a team of entertainers with good comedy, line songs and dancing.

LAST TIME CHARLIE CHAPLIN UNIQUE TONIGHT

Rain or snow don't miss seeing Charlie Chaplin in "Literary Exploiment." Unique tonight. Other good features.

CIVILIZATION A GREAT PICTURE AT LYRIC

One of the big productions of the year is "Civilization," now showing at Lyric. A big treat and one you cannot afford to miss.

GET READY FOR THE INCOME TAX

Dominion Government Ready to Commence Work—Publicity Campaign Will Give Needed Details

Ottawa, Feb. 20.—Soon all Canada will be figuring up its income, with a view to paying the new federal income tax. The forms by which persons have to make declarations regarding their income have nearly all been sent from Ottawa, and all the machinery is ready to get into motion.

Practically the only forms still in the hands of officials here are those having to do with the income of persons carrying on corporations.

War taxes are levied on incomes of single persons, widows and widowers not dependent children, earning over \$1,000 a year, and married persons, whose wife and widowers with dependent children, earning over \$8,000. As in the case of municipal income taxation, employers will have to certify to the wages paid each employe. But the great majority of these forms are now in the hands of the Dominion officials in Ottawa, and the public will have to take care of its own declarations.

For instance, every farmer will have to fill in a form. The onus of getting the forms filled in and returning them to the proper officials lies with the persons paying the tax. Next week something of a publicity campaign will be undertaken by the finance department to inform people where to get the forms and where to return them being filled in. Officials here are somewhat reticent about the exact methods to be used.

"We do not want to say much," said one of them. "We want to be sure our plans will work smoothly before we announce them. The public will get all this information, and in plenty of time."

"Will there be an inspector in each riding to gather these declarations?" was asked.

"No," we will have probably half a dozen inspectors in all Ontario including Toronto. The first thing is to get all these forms into proper hands, then we will explain it all."

"How about securing accurate declarations? What steps are being taken?"

"Well, we've got a stiff fine of \$10,000 to impose in the event of any kind of crooked work there. And besides, we have a fine of \$100 a day for every day's delay in returning these declarations. We will have methods of investigation if we think anyone is trying to cheat. We are going to try to get at the exact income of every person. The people have to secure these forms themselves in the great number of cases, and they have to return them to the proper officials. That goes with the farmers, too. I don't think many farmers will have to contribute—that is, many when compared with the total number in this country. Not many farmers in Ontario, married and having homes, have an income of over \$3,000 a year.

Though the income taxation act was passed last session, the delay in getting it worked out has been caused by congestion in the finance department here. There were twice as many Victory Loan subscribers as had been estimated, and the clerical work in attending to these applications has been enormous. Scores of girl clerks are working in the corridors of the department in day and night shifts. Officials having to do with the income tax collection are handicapped for both lack of room and lack of help. With the limited accommodation at present in Ottawa it would be impossible to handle the Victory Loan subscriptions and the income tax returns at the same time.

Not a Bite of Breakfast Until You Drink Water

Says a glass of hot water with phosphate prevents illness and keeps us fit.

Just as coal, when it burns, leaves behind a certain amount of incombustible material in the form of ash, so the food and drink taken every day leaves behind a certain amount of indigestible material, which if not completely eliminated from the system each day becomes food for the millions of bacteria which infest the alimentary canal. From this mass of left-over refuse, toxins and stomacheal poisons are formed and sucked into the blood.

Men and women who can't get feeling right must begin to take "Laxative" baths. Before eating breakfast each morning drink a glass of hot water with a teaspoonful of phosphate in it to wash out of the thirty feet of bowels the previous day's accumulation of refuse and toxins and to keep the alimentary canal clean, pure and fresh.

Those who are subject to sick headaches, colds, influenza, constipation, indigestion, rheumatic stiffness, or have a sore stomach after meals, are urged to get a quarter pound of limestone phosphate from the drug stores, and mix with water to form a beverage, which will cost very little, but is sufficient to make anyone an enthusiast on the subject.

Remember inside bathing is more important than outside bathing, because the skin pores do not absorb impurities into the blood, causing poor health, while the bowel pores do. Just as soap and hot water cleansed the external surface of the skin, so hot water and limestone phosphate act on the stomach, liver, kidneys and bowels.

GAS, HEARTBURN, INDIGESTION OR A SICK STOMACH

'Pape's Diaprepin' Ends All Stomach Distress in Five Minutes

Time it! Pape's Diaprepin will digest anything you eat and overcome sour, gassy or out-of-order stomach surely within five minutes. If your meals don't fit comfortably, or what you eat lies like a lump of lead in your stomach, or if you have heartburn, that is a sign of indigestion. Get from your pharmacist a fifty-cent bottle of Pape's Diaprepin and take a dose just as soon as you get up in the morning, and you will find that it just holds your food and digests it just as you eat. It is a certain cure for out-of-order stomach, because it takes hold of your food and digests it just as you eat. It is a certain cure for out-of-order stomach, because it takes hold of your food and digests it just as you eat. It is a certain cure for out-of-order stomach, because it takes hold of your food and digests it just as you eat.

OPPOSES MAYOR MARTIN

L. A. Lapointe, M. P. and ex-member of the Legislative Council, has decided to run for the mayoralty of Montreal against Mayor Marie Martin. Mr. Lapointe, M. P., is also mentioned as a likely opponent.

VIGOROUS MEASURES AGAINST SMALLPOX

General Vaccination At Napadogan and Quarantine Established—Cases Concealed on North Shore

Fredericton, Feb. 20.—General vaccination at Napadogan as the result of the discovery of four cases of smallpox there last week has been completed and quarantine has been established. C. N. Goodspeed, secretary of the York county board of health, is there today for the purpose of arranging for the assistance of the people while the quarantine is in force. The train on the Brunswick Railway will take no passengers from Napadogan until the quarantine is taken away. It is reported that the quarantine is so strict that extreme measures are being taken to deal with the disease there. Wherever it is deemed necessary the public schools will be closed. The fact that the roads are in poor condition for traveling is making it difficult to combat smallpox in that section. In many instances it is found that cases have been concealed for some time.

CHILDREN HATE PILLS, CALOMEL AND CASTOR OIL

If Cross, Feverish, Constipated Give 'California Syrup of Figs'

Look back at your childhood days. Remember the "dose" mother insisted on—castor oil, calomel, cathartics. How you hated them, how you fought against taking them.

With our children's little "insides" are injured by them.

There is no other little medicine so good for children as "California Syrup of Figs." It is a natural, healthy, sweet-tasting, fruit laxative, which cleanses the system, and sweetens the stomach, and that a teaspoonful given today saves a sickening tomorrow.

Ask your druggist for a bottle of "California Syrup of Figs," which has full directions for babies, children of all ages, and for grown-ups plainly printed on each bottle. Beware of counterfeiters. See that it is made by "California Fig Syrup Company." Refuse any other kind with counterfeit names.

New Haven, Conn., Feb. 20.—In a session under arms, according to a statement made by Representative C. F. Caldwell.

SEVERE RHEUMATIC PAINS DISAPPEAR

Rheumatism depends on an acid which flows in the blood, affecting the muscles and joints, producing inflammation, stiffness and pain. This acid gets into the blood through some defect in the digestive processes, and remains there because the liver, kidneys, and skin are too torpid to carry it off.

Hood's Sarsaparilla, the old-time blood tonic, is very successful in the treatment of rheumatism. It acts directly, with purifying effect, on the blood, and through the blood on the liver, kidneys, and skin, which it stimulates, and at the same time it improves the digestion.

Get Hood's Sarsaparilla today. Sold by all druggists.

MAXWELL SUIT MUCH INVOLVED

Fredericton, N. B., Feb. 20.—In the \$30,000 suit of W. Henry Maxwell vs. the St. John and Quebec Railway Company, being tried here before His Honor Judge McKeown, the plaintiff directed by Mr. G. J. Higgins, was not completed until this morning. The witness was very free in his answers and his voluntary and supplementary remarks caused frequent objection on the part of W. H. Jones, who appears for the company. Evidence brought out so far indicates that the suit contains material for some twenty days of individual suits. There is indication that important preliminary matters of the agreement between the plaintiff and the board of commissioners acting in 1915 were disregarded or dealt with in an indefinite manner. Counsel in the case are Mr. G. J. Higgins, for the plaintiff, and Mr. W. H. Jones, for the defendant company.

WILLIAM SCOTT

William Scott, for a number of years employed in Fleming's foundry, died this morning after a lengthy illness at his residence, 6 Cranston avenue. He was forty-three years old. Besides his wife, Mrs. William Scott, he leaves his wife, two children and two brothers, Robert and George A. of Amherst. The funeral will take place from his late residence on Friday evening at 7:30.
