NOVELTY SHOWER.

A large number of friends called at the home of Miss Agnes Hurley, 248 Britain street, last evening and tendered her a novelty shower in anticipation of a nuptial event to take place in the near future in which she is to be one of the principals. Games and dancing were enjoyed, dainty refreshments served and a pleasant time spent by all.

WEDDING ON JUNE 12.

Mrs. A. V. Wiggins of 60 The Fenway, Boston, announces the approaching marriage of her daughter, Ethel Gertrude, to William Josiah Skinner on June 12, at eight p. m., in the Church of the Messiah, Boston. Mr. Skinner is the son of the late Rev. J. R. Skinner of Nova Scotia, and Miss Wiggins is the daughter of the late Rev. A. W. Wiggins, who was rector of the parish of Westfield, New Brunswick.

THE NEW FOUNTAIN.

The work on the Women's Council fountain at the head of Brussels street is now complete with the exception of the laying of a strip of concrete sidewalk, for which forms were laid this morning. On account of the rain today, this part of the work was postponed. It was hoped that the formal presentation to the city would take place this morning, but it may now be delayed on account of the sidewalk not being completed.

FRIENDS OF TEMPERANCE CAUSE MEET TONIGHT.

A meeting of citizens interested in temperance is called for this evening at eight o'clock at the Y. M. C. A. building for the purpose of discussing methods of conducting the provincial referendum prohibition campaign to be held early in July. The friends of temperance feel that they are in a big fight, and one into which all who prefer living in a prohibition country must jump in and help. A large and representative meeting is looked for.

THE PROPOSED NEW STREET CAR SERVICE

Mr. McCauley Explains Matter to Commissioners—Says "Single-End" Cars Are Not "One Man" Variety—The Railway and Daylight Time.

The proposed new street car service which will make the city market the hub of the system was explained to the city commissioners in committee this morning by Mr. H. McCauley, general manager of the New Brunswick Power Co. The council decided to await detailed plans of the proposed additional switches and turnouts before going over the ground with the railway people.

Mr. McCauley said that a single end car was not a "one-man" car, but meant control at only one end. He said one man cars were being considered by the company. Asked regarding daylight time, Mr. McCauley said that the street railway being a public utility the company felt that they should comply with the wishes of the public.

Explaining the extra switches, he said that it was the intention to put a branch in opposite the market, so that the East St. John and Glen Falls cars could come up Union street along Charlotte and Breeze's corner and turn in to the north side of King square and back via Sydney street.

With the extension of a line up Union street from Mill to Charlotte street, it was the intention to route all West St. John, Fairville and Seaside Park cars up Union street, along Charlotte and down King street. The chief objection raised was the congestion of traffic at the corner of Mill and Union streets.

Mr. McCauley said that he was considering the institution of the "near-side" stop, which would make traffic safer at crossings.

Commissioner Frink suggested that the Power Company submit a plan of the proposed extensions and turnouts so that the distances between the curbs and rails could be shown. Mr. McCauley agreed to this.

Mr. McCauley said the west side proposition took in the question of the Rodney wharf extension. On account of delay of West St. John cars in the city, close connection with the ferry could not be guaranteed, but under the proposed scheme it was intended to run the cars along King and Union, turn at the corner of Rodney, go up Rodney street on a new line, along Rodney to Market square, turn and run on a new line back to King street, the Queen square loop to continue as at present. He said a waiting room was planned at the head of Rodney wharf as well as at King square.

It was agreed to let the matter stand until the plans were submitted and the commissioners went over the ground.

Mr. Thornton asked regarding the displaying of cotton signs on the cars and asked if something could be done regarding them. Mr. McCauley said this was a customary thing in cities and was a source of revenue and the city got a proportion of this. He said that the company was willing to substitute electric signs in order that the signs should not become ragged.

Coal Tenders.

Tenders for fuel were opened and referred to the heads of departments as follows:

Colwell Fuel Co.: Water Dept., 10 tons nut, City Hall, west, \$17 a ton; Public Works, no bid; harbor, 150 tons nut of mine, delivered, \$9.10 a ton; ferry, anthracite, east or west side, \$17 a ton delivered; 8,000 tons bituminous at docks, \$10.10 a ton.

J. S. Gibson—Bituminous, run of mine, \$9.40 a ton, as follows: Fire, 120 tons; police, 15 tons, public works, 450 tons; 50 cents a ton added for west side delivery. Water department, 10 tons bituminous blacksmiths' coal, \$13.50 a ton.

George Dick—Fire department, bituminous, \$10.65; police, bituminous, \$10.65; City hall, bituminous screened, \$12; water department, blacksmiths' coal, \$8.50.

Emerson Fuel Co.—Fire department, bituminous, \$10; police, bituminous, \$10; public works, bituminous, \$10.

The matter of the C. P. R. plans for the new bridge was referred to the city engineers and road engineers for report. Commissioner Bullock recommended that \$2,500 be granted for the purchase of a steamer for the Indiantown-Lancaster ferry service. The county had granted a similar amount. This was referred to Commissioners Thornton and Jones for report regarding the service to be presented at Tuesday's meeting.

Latest Word About Meetings With West Indies Delegates.

In connection with the trade conference with the delegates from Bermuda and the West Indies it is understood that the conference is purely between official representatives and that outsiders will not be admitted. It was at first supposed that the conference would be open to representatives of the various Canadian Boards of Trade, and that delegations from them would be admitted, but this impression is declared erroneous. The greater part of the delegation is expected to arrive here on the R. M. S. R. Chaudiere which will probably reach here on Monday night. It is expected that a delegation from the Halifax Board of Trade will come over to meet them. R. E. Armstrong the secretary of the Board of Trade has wired to Ottawa for further information.

WOOL MARKET IN BOSTON DULL. PRICES AT AUCTION LOWER.

Boston, May 21.—The Commercial Bulletin will say tomorrow:

The wool market has been very dull here so far as private trading is concerned and prices are difficult to quote because of the lack of business and the uncertainty. Prices decline ten to twenty per cent on the fine wools offered at the English government auction here. Buying in the west is practically at a standstill.

The reports from the goods markets are anything but encouraging, with cancellations more or less general. The worsted mills have not felt these cancellations so much as the woolen plants.
