DRINKING AT FATAL ARBUCKLE PARTY

Movie Comedian in Serious Trouble.

Formal Charge of Murder to be Preferred Today—Varying Stories of Occurrences at Gathering in His Apartments.

San Francisco, Sept. 12.—A formal charge of first degree murder, San Francisco police authorities have announced will be preferred today against Roscoe (Fatty) Arbuckle, motion picture comedian, under arrest here in connection with the death of Miss Virginia Rappe, film actress, on last Friday.

Miss Rappe's death followed her attendance at a party given in Arbuckle's suite at a local hotel a week ago. She died of injuries, which District Attorney Brady of San Francisco and other authorities allege were inflicted by Arbuckle.

Arbuckle is held without bail in the Hall of Justice here. He was arrested on last Saturday night on his arrival from Los Angeles, and was booked on a charge of murder. He is confined in a small cell, No. 12, on the Hall of Justice, known as "felony row."

The Arbuckle case, and his connection, if any, with the death of Miss Rappe, is scheduled to be brought before the San Francisco county grand jury tonight. A coroner's inquest into Miss Rappe's death has been called for next Thursday.

Arbuckle has requested that none but his attorneys be allowed to see him at the Hall of Justice. He declined yesterday, on the advice of counsel, to make any statement. His lawyers also refused to make a statement or discuss the case in any way.

Police yesterday were busy examining witnesses, whom they say will be presented to the grand jury tonight. These witnesses number twenty-two. They are being guarded by police detectives.

Varying Stories.

New York, Sept. 12.—(Canadian Press)—Several different versions of the happenings which led up to the death of Miss Virginia Rappe, a film actress, in connection with a New York party, held on a charge of murder, are contained in special dispatches from San Francisco, published in local papers.

A statement, attributed to Mrs. Jean Jamieson, a nurse who attended Miss Rappe in the sanitarium where she was taken, reports the actress as saying that Arbuckle was waiting to get her for five years; that Arbuckle was a friend of her fiancé, Henry Lehman of New York, and that she did not want publicity, as she was afraid she would lose Lehman. This witness also reports Miss Rappe as wanting him punished for it. The nurse says that she noticed bruises on the patient's body.

I. C. Forrester, a New York traveling salesman, who was at the party, says that something like liquor was consumed and that Miss Rappe and Arbuckle appeared on friendly terms. He says he saw nothing of the reported occurrence which resulted in the death of the actress, but had left the party hurriedly because he was informed that reports were coming up to interview Arbuckle.

Dr. Wm. Orphius, pathologist, who performed the post mortem examination on Miss Rappe, in his statement attributed death to a ruptured bladder, the "rupture being due to natural causes." He states that he found no marks of violence on the body and that there were absolutely no evidences of criminal assault.

Cafe Girl's Story.

Miss Alice Blake, a cafe entertainer, who was a member of the party, which was held in rooms 1219, 1220 and 1221 of the Hotel St. Francis, is quoted as saying in part: "When I entered Arbuckle and Miss Rappe were occupying a cottee together. They were laughing and talking. All had been drinking. Miss Rappe was drinking gin and orange juice. We all ordered something to eat and afterwards just sat around and talked. At this time we were in room No. 1220, which was used as a reception room. After we had finished eating, Miss Rappe got up and went into the bathroom, which was connected with Arbuckle's room, No. 1219. About the same time I went into room 1221 with Miss Fyron, another member of the party."

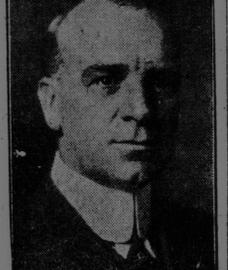

"When I returned a few moments later neither Arbuckle nor Miss Rappe was present. I asked Sherman who Arbuckle and Miss Rappe were. He replied: 'In there, pointing to the door of room 1219.'

"About a half hour later Mrs. Delmont tried to get into the room, but the door was locked. She banged and banged on the door, and Arbuckle came out. As he opened the door we heard Miss Rappe moaning and crying: 'I am dying. I am dying.' Arbuckle came out of the room, according to Miss Blake's alleged statement, and asked them to go in and look after Miss Rappe. 'She makes too much noise,' he said, according to Miss Blake. 'Miss Blake, as reported in this interview, said they found Miss Rappe lying on the bed moaning and crying and her clothing had been torn to shreds. A clerk was summoned and Miss Rappe was carried to another room in the hotel and the house physician called to attend her.

A statement from Dr. M. E. Rumwell, who attended Miss Rappe on her death bed, corroborates the statement made by Dr. Orphius, but contains the information that several "negligible" bruises appeared on the patient's body.

CASE DISMISSED.

HAS CLOSE CALL

DAIL COURIER ON WAY TO INVERNESS

New Man Away With Irish Reply.

Barton May Be One of Plenipotentiaries at Peace Negotiations—Ulster Man's Statement With Warning of War.

Dublin, Sept. 12.—A courier of the Dail Eireann left Dublin this morning for Inverness, Scotland, where Premier Lloyd George has been making his headquarters.

Robert C. Barton, who was the official Dail courier in the last exchange of notes with Lloyd George, did not make the journey this time. This was considered to strengthen the rumor that he would be one of the plenipotentiaries for the proposed peace negotiations.

An Ulster Warning.

Belfast, Sept. 12.—Warning to the British government against circumventing the powers of the new Ulster parliament was given by Hugh O'Neill, speaker of the parliament, in an address at Belymena, County Antrim, yesterday.

"Any diminution of the rights and privileges of the new Ulster parliament as a result of the projected negotiations between members of the British cabinet and the Sinn Fein, he declared, would lead to a bitter civil war in Ireland. It would mean war between North and South Ireland, the horrors and misery of which we do not like to contemplate. The calamity, he said, would be averted if, as he truly said, would not be confined to Ireland.

"The war would become world wide," he continued. "Hundreds of thousands of people from Great Britain and the empire would support the point of view held in Northern Ireland and there would be hundreds of thousands of people from the British colonies and dependencies, who would come to the aid of Southern Ireland. In brief, there would be in Ireland a war which would engulf Great Britain and the U. S. and would spread horror over the earth."

Irish Official Language.

Belfast, Sept. 12.—Irish has been declared the official language of the Irish Republican parliament, declared Deputy Beasley, a prominent Republican leader in addressing the assembly, but would start to make Irish the spoken and written language of Ireland from the centre to the sea.

"The Dail Eireann," he continued, "will make Irishmen out of the sons of Spaniards or Englishmen, and even make Irishmen out of Orangemen." This was under control and that all danger had passed.

Six men at work in the immediate vicinity of the destroyed stills gave the alarm when what is known as the New Battery, No. 34, gave indications of trouble. This alarm was taken up by the oil tank steamer, which was discharging four million gallons of crude oil at the company's wharf. Officers aboard the steamer tried to get down the wharf and, casting off, steered for the stream. Immediately thereafter the Victrola's screaming whistle was downed by the first of a series of explosions.

Of the six men at work near the scene of the explosion at the time of its occurrence all but one, H. Gilbert, living at 215 Upper Water street, are still safe. Two others, Edgewell Garrison, house man and J. Ritey, still man, were slightly injured. The others were unharmed.

Halifax, N. S., Sept. 12.—Officers of the Rosalind, which arrived this morning from St. Johns, Nfld., said the vessel was visible thirty miles off Halifax harbor.

LATER.

Halifax, Sept. 12.—Gilbert Ettinger, missing fireman, is safe. He had taken refuge in the fields nearby after the alarm had been given.

Late this morning D. M. Allan, superintendent of the Imperial Oil Company's plant at Imperial gave out the following official account:

"At 2:15 this morning presumably a tube burst under No. 34 still and the oil immediately ran out, caught fire and heated up the drums on top of the still, causing them to explode. There were four explosions. The receiving house of the stills was also set on fire. The fire-fighting force of the plant did excellent work. They had twenty-five streams of 100 pound water pressure playing on the flames.

"The loss is between \$30,000 and \$40,000. The explosion affects six stills and there are fifteen in this particular battery. The other nine will be in operation tonight.

"No one was seriously injured and there was not the slightest danger of the fire spreading."

MILITARY.

The announcement of the following transfers and promotions has been received at local military headquarters:—N. B. Rangers (55th Battalion, C. P.)—Captain (provisional quartermaster) P. J. Newcomb, transferred to corps reserve rank of captain (infantry). Lieut. P. O. D. Stevens transferred to corps reserve, May 17, 1921.

7th Brigade—Provisional Lieut. B. A. Burdon transferred to Corp Reserve with rank of provisional lieutenant. May 11, 1921. Reginald Bettaney to be provisional lieutenant (supernumerary), Feb. 4, 1921.

As Hiram Sees It

"Hiram," said the Times reporter to Mr. Hiram Hornbush, "now that the exhibition is over and we have had the greatest live stock show ever seen in these parts, I desire to direct your attention to the fact as disclosed in a recent report that the children in the country districts are more unfit physically than those in the city."

"Well," said Hiram, "I ain't surprised at that. Cattle 'n' sheep 'n' pigs 'n' hens is with money—'n' dogs gits prizes, too. We spend a lot of money on live stock—Mister. We still hev the notion that a cow or a pig is a blessing but a baby is a noisance about the place 'n' gits wuss the older it is. Did you ever care notice how many folks gits married 'n' then gits tired of it when the kids comes along? I'm mighty glad Doc Roberts 'n' them wimmin down to the fact that a better civil war in Ireland, it's a lot o' folks jist walked past an' they cared about it. Oh, we'll givivilized some time. I hear we're gonto hev a health nurse out to the Settlement. If she wants any help Hiram'll be right there. Yes, sir—we'll givivilized after awhile."

KING ALFONSO

Of Spain, who was purchased that it is to be the fastest aeroplane in the world. It is capable of maintaining a speed of 190 miles an hour for more than sixteen hours.

PAVEMENT OF MARSH ROADS RECOMMENDED

A 12 1/2 Foot Asphalt Strip on Either Side of Car Tracks.

Council Ruling on Employment of Non-Taxpaying Veterans—New Ferry Floats Backing Passed—East and West Side Water Connection.

A resolution providing for the calling of tenders for the pavement of the Marsh road between Cooper corner and the city line near the One-Mile House was recommended to the council by the city commissioners in committee this morning. All were present except Mr. Thornton, who is in Halifax.

Commissioner Frink presented his report on the Marsh road pavement. He proposed the laying of asphalt concrete surface on the present McAdam foundation for twelve feet six inches on either side of the street car tracks. The cost of the work was estimated at \$31,000 by repairs to the foundation and the addition of catch-basins would increase the estimate. He proposed that the work be paid for by special loan, provided for by five annual instalments to be raised by general assessment.

The commissioner said there was a possibility of the whole job not being completed by November 20, and the mayor suggested that the tenders be asked to figure on the whole job or on one side of the street, to be done this year.

Mr. Jones, Commissioner Frink said that the Haymarket square would require a more durable pavement than the Marsh road on account of the heavy traffic and would have to be paved separately. The cost of the work was estimated at \$20,000. Granite block was planned for one side, but it was difficult to obtain in sufficient quantities at present in the construction of some of our public schools while this condition existed here.

Replying to the mayor, Commissioner Frink said that there were no main in the Marsh road that needed attention, and the city engineer said that the sidewalk at the Marsh road required the most attention. The engineer also reported that a new main in the Marsh road was contemplated, but it could be laid outside the paved area.

To the mayor, Dr. Frink said that as the Marsh road work would not be permanent, the cost of paving the track sections with asphalt would be borne by the city. The resolution calling for the carrying out of the work was carried.

Commissioner Frink remarked that one street which should have attention immediately was Waterloo street from Prince Edward to Hospital street, as it was in a rough condition. He referred to the well-being of patients being taken care of to the hospital.

Commissioner Frink read a menu regarding men who were working on Brunswick street, and who had been laid off. He asked the council for a ruling in the case of two returned soldiers who were residents of the city but who had not received tax bills. His motion that returned soldiers who were not taxpayers and who were residing in the city should be exempt from the city tax, was carried.

Dr. Frink read a letter from the New Brunswick minister of public works, calling attention to the condition of the Manawagonish road where the new concrete main being laid. The letter also referred to some of the gravel surfacing being left in the ditches. The matter was referred to Commissioner Frink, who said that the contractors, The Canada Lock Joint Pipe Co., were expected to put the whole road in good condition. As soon as their work was completed.

On motion of Commissioner Bullock it was decided to call for tenders for the supplying of Richard Wilcox doors hangers for No. 4 shed, West Side.

New Ferry Backing.

The city engineer presents a sketch plan of a backing for the wings at the east side ferry floats, at a cost of \$25,000 in addition to the expatriation costs. The new plan provided support without a wharf surface.

Mr. Bullock said the original plan which included the granite backing, entailed an estimated cost of \$30,000.

Mr. Jones said he thought that a still smaller expense would provide sufficient backing to suit the purpose. He said there was also the matter of the harbor bridge and could bring in something definite on the matter later.

Mr. Bullock moved that the work be undertaken, it, with the cost of piling already in place, amounting to \$8,500 to be subject for a bond issue of \$33,000. Carried.

Commissioner Jones recommended that a new boiler be installed in Leinster street in the water building in Leinster street and that tenders be called for the work.

Mr. Jones said he had ready reports from the Silver Falls pumping station and the joining up of the east and west side water services but on account of the absence of Commissioner Thornton the matter was allowed to stand over.

In the latter question, Mr. Jones said that the connection was not recom-

NEW MAN AWAY WITH IRISH REPLY

Barton May Be One of Plenipotentiaries at Peace Negotiations—Ulster Man's Statement With Warning of War.

Dublin, Sept. 12.—A courier of the Dail Eireann left Dublin this morning for Inverness, Scotland, where Premier Lloyd George has been making his headquarters.

WASHINGTON DEFEATED.

Philadelphia, Sept. 12.—The defeat of Washington M. Washburn of New York by Wallace P. Johnson of Philadelphia in the second round of the fortieth singles championship tournament of the U. S. Lawn Tennis Association was the outstanding feature of the second day's play on the courts of the Germantown Cricket Club here on Saturday afternoon. The unexpected downfall of Washburn came after a bitter turf battle, scores of 6-3, 5-7, 2-6, 6-3. Washburn had been generally selected as a semi-finalist in the upper half of the draw and his defeat by the local chop stroke artist furnished the most startling upset of the titular tournament to date.

GUN FIGHT, BUT THEY GOT HIM ON MURDER CHARGE

Arrest of Frank Carter in Saskatoon After a 45 Minute Contest.

Saskatoon, Sept. 12.—After a gun fight in which there were no casualties, at a local rooming house on Friday, police arrested Frank Carter, alleged murderer of Gustav Stahl, a C. N. R. section foreman who was bludgeoned to death at Bersaylor, Ont., on August 6 last.

During the forty-five minutes which the fight lasted, Carter fired several shots and shouted an alleged confession of the crime. Recently Carter was the star witness at the preliminary hearing of W. J. Ferrier, who is now in jail awaiting trial on a charge of murder.

Pair Caught in Hat Store at an Early Hour on Sunday Morning.

New York, Sept. 12.—A thrilling pistol battle in Herald Square early on Sunday between police, detectives and two burglars trapped in a Broadway hat store, enlivened the thoroughfare once famous for its night life. Both robbers were captured after several shots had been exchanged and the stubborn fight they had waged with sectional jimmies had been knocked out of them. The firing attracted large crowds from Times Square and adjacent hotels, planned to be closed, then the police smashed the glass windows in Broadway and dashed in, which developed into a rough and tumble affray. Reinforcements soon ended the struggle and the captives were driven away.

The police said the robbers, both of whom have prison records, planned to take advantage of the Sunday closing and bore through the walls of several adjoining stores, where safes contained about \$100,000.

Mr. Seguin appealed to the women to go to the polls and take the stand adopted by their men folk in 1917. Owing to the rain, Mr. Boyer did not speak before the fact of the Liberal nomination that had recently nominated him.

SAYS WIGMORE OR BAXTER FOR N. B.

Montreal Gazette Statement on New Cabinet.

Four or five from Quebec, is Report—Selections from Other Provinces Nearly All Made—A Liberal Meeting.

Montreal, Sept. 12.—The Gazette's Ottawa correspondent says that Premier Meighen's new cabinet will contain four or five representatives of the Province of Quebec. The correspondent adds:—"From the other provinces the selections have nearly all been made. British Columbia will be represented by Hon. Dr. Tolmie and H. H. Stevens. Alberta will have two representatives, Sir James Loughheed and R. B. Bennett. James Wilson, M. P., Saskatoon, will enter the government from Saskatchewan without portfolio. In his own province of Manitoba, the premier will also choose a minister with portfolio, either E. C. Flanders, MacDonald, or George W. Allan, and James W. Stewart. Among the Ontario representatives will be Sir Edward Kemp, Sir Henry Drayton, Hon. Hugh Guthrie, Senator Robertson, E. Bristol, Centre Toronto; J. A. Stewart, Lanark, and probably R. J. Manion, Port William. Two of these will enter the government without portfolio. Either Hon. R. W. Wigmore or Hon. J. B. M. Baxter will represent New Brunswick, and Hon. F. B. McCurdy, Nova Scotia."
