### Customs Department, Ottawa, 27th June, 1873.

**NOTICE.** I have in command to call your attention to the following sections of the Act, respecting the admission of the Colony of Prince Edward Island, as a Province of the Dominion:—Section 2.—If after the admission of Prince Edward Island into the Dominion, there be brought from it into any Province of Canada, any article of commerce not being the produce of the Island or of Canada, and liable to any duty of Customs when imported into Canada from any foreign country, or any such article produced in the Island and liable to a duty of Excise if produced in Canada for consumption therein, then if such Canadian duty of Customs or Excise be greater than the duty of Customs or Excise paid on such article in the Island, the difference between the Canadian duty and the duty paid in the Island, shall be payable on such article when brought from the Island into any other Province of Canada, and such difference shall be collected under such regulations as the Governor in Council may from time to time make in that behalf; and any such difference of duty payable under this Section, shall be a duty of Customs within the meaning of the Act respecting the Customs hereby extended to the said Island all the provisions thereof (including those respecting warehousing) and the penalties for contravention of such provisions, shall apply to such difference of duty.

Section 4.—The operation of the above Section, to the end of the now next Session of the Parliament of Canada, and no longer.

As an Order in Council has been passed for regulating the procedure of the Customs in collecting the difference of duty in the cases mentioned, I have to request you to refer to the examination such dutiable goods as may be brought to your post from the Island, and to inform yourself of the actual rate of duty paid thereon, and collect the difference between the rate so paid, and the rate payable in the Island, and upon the face of each entry, to show the full original value of the goods, the rate and amount of duty paid, the rate and amount of duty under the Dominion Tariff, and the difference to be collected, and all such transactions are to be accounted for in your statistical books and returns, separately from the general specifications of imports.

If the goods from the Island are the produce of the Island, and subject to duties of excise, the difference to be collected will be between the excise duty paid, and the excise duty of the Dominion in all cases that amount on excise to be treated by you as an import duty of Customs.

The Act, and these instructions are enforced from and after the date when they may be assigned for the satisfaction of the duties to the Dominion by proclamation of Her Majesty the Queen.

I am, Sir,  
Your obedient servant,  
J. JOHNSON,  
Assistant Commissioner of Customs.
