THE SITUATION IN NORTH TORONTO. The task of dealing with the election contest in North Toronto is far from a pleasant one.

THE LABOR TEMPLE. Some of the councils are now meeting in our new home, and the union men of Toronto should feel proud of the committee who have had charge of the hall in the movement which has stirred the heart of every man, no matter how poor he is, who has a desire to live in industry and save sufficient to make his first payment on a house, the richest man in the land.

Both political parties have complaints to register against The Toiler. They don't like the knock. The party or candidate which cannot stand fair criticism had better get out of business.

INVESTIGATE THE INVESTIGATOR. It is generally supposed to be the duty of the City Crown Attorney to investigate, and if circumstances warrant, prosecute, but the function of that official in regard to a guessing competition of a purely gambling character would indicate that it is about time to investigate the City Crown Attorney.

Parties guessing are requested to send in a trust company of this city, accompanied by four guesses, and of the guesses sent in the four nearest will be awarded the prize money.

Socialism SOCIALISM AND PEACE. Several meetings in favor of the idea of peace were held in Toronto last week under the auspices of the Friends Association, an organization made up of individuals who are opposed to war.
