

CROWD CHEERED FOR CHAMBERLAIN

WINSTON CHURCHILL DENOUNCED HIS POLICY

No Serious Disturbance at the Meeting Although a Few Windows Were Broken.

Birmingham, Nov. 11.—There was no fulfillment of the serious trouble expected at the meeting here to-night addressed by Lord Hugh Cecil and Winston Churchill, M. P., in opposition to the fiscal programme of Joseph Chamberlain. It is estimated that the crowds surrounding the town hall during the progress of the meeting numbered 40,000 persons. A few stones were thrown and some windows broken, but it is believed that the prevention of more serious disorders was due to the earnest appeal of the supporters of Mr. Chamberlain, supported by the advice of the local newspapers to give the "free fooders" a fair hearing as well as to the excellent police arrangements.

United States Senator Asks for Correspondence Relating to Panama Revolution.

Washington, Nov. 11.—The state department has formally acknowledged the receipt of the protest filed by Dr. Herran, the Colombian chargé. United States Senator Cullom, chairman of the committee on foreign relations, today presented the following concurrent resolution: "That the President be required to communicate to the senate in his report on the Panama revolution with the public interests, all correspondence and other official documents relating to the recent revolutions on the isthmus of Panama. At Senator Cullom's request the resolution was referred to the committee on foreign relations." The United States state department has been informed that the two British steamships which were detained at the port of Buenaventura by the Colombian government with the intention of using them to transport troops to the isthmus have been released and have left that port. The state department has decided to request the authorities at Panama to receive General Reyes, who is going to the isthmus on a peace mission from Bogota. It is estimated that he cannot reach his destination within two weeks.

UNFRIENDLY MINISTER

Alleged to Have Suggested That Japan Join Russia Against England.

Change in Tone.

Port Arthur, Nov. 10.—The Novikoff, the official organ of the victory, writes in a peaceful strain. It denies that Admiral Alexieff wants war, and further declares that Russia does not object to foreign trade with Manchuria, or to Japanese emigration to Korea, provided Korean independence is not menaced. The Only Way. Tokio, Japan, Nov. 10.—There is a strong inclination in well-informed circles to doubt the pacific forecasts issued in Europe. It is believed here that peace will only be made possible by Russia's complete abandonment of Japan's claims regarding Manchuria. The Japanese government finds it increasingly difficult to restrain popular sentiment.

At the convention of the American Federation of Labor at Boston on Wednesday a plan for an international labor confederation was agreed upon with great enthusiasm. This alliance was proposed by James O'Grady, fraternal delegate to the federation from Great Britain, who urged that the laboring element in England and America work in harmony.

Capt. J. Duff Stuart, Selected as the Liberal Candidate for Vancouver.

(Special to the Times.) Vancouver, Nov. 11.—Of the two hundred Liberals present at last night's meeting of the association, four out of five favored contesting the bye-election next Wednesday as a matter of principle, if for no other reason. Capt. J. Duff Stuart, of the stationery firm of Clark & Stuart, a well-known militia officer and rifle shot, was finally selected as the candidate, the only other nominees being Jim McGeer and Dr. McInnes, who were overwhelmingly defeated. Nearly all the speakers insisted early in the meeting that the allowing of Hon. C. Wilson's election by acclamation would be tantamount to condoning the offences of the government since Mr. McBride took power. It would say that the Liberals of Vancouver endorsed the outrage of the Fernie recout and the position of the cabinet regarding the Houston incident. A motion to place

Several Foreigners at Santo Domingo Fall Victims to Shells of the Insurgents.

New York, Nov. 11.—Santo Domingo, Dominican Republic, dated November 8, says: "The insurgents were continuing their attack on the city when this dispatch was filed and the firing was heavy. The attack began on Friday." The dispatch continues: "During all of Saturday night the insurgents attacked the city with small arms and also fired several heavy guns. During an attack on Sunday afternoon an insurgent shell passed within three feet of Mr. Powell, the American minister." Drawing to Close. Paris, Nov. 11.—A dispatch received here from Cape Haytien says that after three days' fighting President Wos y Gil took refuge in the German consulate at Domingo. The revolution is considered at an end.

LOVE

Often leads to poverty. No real woman ever sold her heart for the luxuries of life. But many a woman who has gladly faced poverty for the man she loved, may well doubt her wisdom when pain becomes the mate of poverty. If she were rich, she thinks, she could find a way of cure. Dr. Pierce's Favorite Prescription is within the reach of every one. It lifts the burden of pain which weighs down those who suffer from womanly diseases. It establishes regularity, dries weakening drains, heals inflammation and ulceration and cures female weakness.

"You have my heartfelt thanks for your kind advice to me," writes Mrs. Geo. Fletcher, of 103 Victoria Avenue, Galt, Ontario. "Was troubled with catarrh of uterus for over a year. The doctors said I would have to undergo an operation, but I commenced to use Dr. Pierce's Favorite Prescription and Golden Medical Discovery, also his 'Lotion Tablets' and 'Antiseptic Anodyne Suppositories.' Now I am completely restored. I am glad to say my medicine has made me a new woman."

EX-QUEEN CLAIMS.

San Francisco, Nov. 10.—Former Queen Lil, of Hawaii, arrived yesterday from Honolulu. She will stay in this city a few days before starting for Washington to prosecute her claims against the United States government. A recent senate committee reported favorably on a bill to award the former Queen \$200,000 damages on account of the loss of her crown lands. Congress has failed to act favorably upon the measure, but Lil expresses the hope that she will be successful at the present session.

REBELS SHELL CITY.

Attack on the City of San Domingo—Message From United States Minister.

Washington, Nov. 10.—The state department to-day received the following telegram from Minister Powell, dated Santo Domingo, November 9, 11 p.m.: "Insurgents have reached the city. They attacked it to-night on three sides. The city is being shelled. No damage."

CHICAGO SCENE OF DISTURBANCES

TRAMWAY COMPANY ATTEMPTS TO RUN CARS

Lines Blocked in Places and Little Progress Made—Police Ready for Emergency.

Chicago, Ill., Nov. 12.—At 4 o'clock this morning the strike of the union employees of the Chicago City Railway Company began, and when the residents of the south and southwest sides of the city started for their places of business they were without their usual transportation facilities. Beginning at midnight the trams gradually took their cars to the seven barns of the company scattered throughout the system, and left them there. In the shape, barns and power houses the union workers laid down their tools and quit, declaring that they would remain idle until the company consent to arbitrate the issue that brought on the controversy.

TO OPPOSE MINISTER.

Some candidate in the field was passed practically unanimously. Nominations were then submitted, and J. Martin astonished everyone by withdrawing when his name was proposed. He said he recognized there were a large number of Liberals in Vancouver who were glad he had been defeated lately, and he knew he couldn't unite the elements of the party. A telegram was read from J. A. Macdonald, Liberal leader, strongly suggesting opposition to Hon. Mr. Wilson. During one of the speeches nearly every third word was "fight." As it finished, G. D. Scott arose and said that was the trouble with British Columbia, there was too much fight, and too little business. The remainder of his address was lost in howls. Capt. Duff Stewart announced this afternoon that he would accept the nomination.

CHEMAMINUS SHIPMENTS.

The Semantha Carries Some Splendid Samples of British Columbia Timber—Foreign Trade Brief.

Chemaminus, Nov. 10.—The British ship Semantha sailed from here this morning to tow the tug Lorne, bound for the United Kingdom. She carries one of the best timber cargoes that have ever been shipped by the Chemaminus mills, and some of the sticks are wonderful samples of the size and quality of the British Columbia timber. Such sticks as 22x22x110 feet long, and 2x2x2, running from 90 to 100 feet long, make up a large percentage of her cargo. The British ship Neville has hauled into berth at the Chemaminus mills to take on board a cargo of timber for South Africa. The British ship Port Stanley is loading for South America, and has her cargo over half on board, while the German ship Wilhelmine is laying out in the stream getting ready to load. She is to take a cargo for South Africa.

Almost Dead After Pneumonia

ALONZO W. DOUGLAS, OF WOODBRIDGE, WAS SAVED BY FERROZONE.

"For the benefit of others," writes Mr. Douglas, "I desire to state the results I derived from the use of Ferrozone. Two years ago I was stricken with pneumonia. So severe was the attack and so reduced was my strength that my life was despaired of. I had the very best medical attention, but made no progress towards recovery. When reduced to practically a skeleton, a kind friend told me of the remarkable powers of Ferrozone. An improvement began almost at once. I gained steadily in weight and strength until Ferrozone made me a new man. I will gladly answer enquiries from other sufferers if they care to have further particulars about my recovery. Ferrozone deserves its great measure of success."

MISTAKEN FOR DEER.

One Man Was Killed and Another Wounded.

Parry Sound, Ont., Nov. 11.—Three men, James McComb, Dan Quinlan and another whose name is not known, while engaged working on Camp road, at Edgington, fifteen miles from here, yesterday mistook them for deer. The first shot struck McComb in the chest. He died five minutes later. A second shot hit Quinlan in the thigh. He was removed to the hospital. The third man owes his escape to the fact that he fell flat on the ground before a third shot was fired. Stanley was in the woods about a hundred yards from the men when he fired. McComb was married and leaves a large family.

Will Leave Vaudeville Theatre on Completion of Present Engagement.

Paris, Nov. 12.—Madame Rejane, in an interview last night, declared that she had not as yet given consideration to any plans beyond an irrevocable decision to leave the vaudeville theatre when her engagement there expires in January. Madame Rejane said: "Madam Bernhardt and myself have long desired to play together, but nothing has as yet been decided, and nothing can be decided until I recover my full liberty. I am using my husband and manager, M. Porel, for \$56,000, which he owes me, though he advances a counter-claim for \$20,000 damages. I have confidence in the courts of justice, and when I recover the money due me I may perhaps buy a theatre."

BALLOON FEAT.

Labaudy Brothers Travelled Forty-Six Miles in One Hour and Thirty-Five Minutes.

Paris, Nov. 12.—One of the great triumphs of dirigible ballooning was achieved to-day by the Labaudy brothers, who, in one hour and thirty-five minutes, covered the 46 miles separating Molson and the Champ de Mars, Paris. The balloon attained an extraordinary high speed, dashing through the air sometimes at the rate of two-thirds of a mile a minute, the maximum speed being 20 miles an hour. For some time the Labaudys had been preparing the balloon for the voyage, and were determined to exceed any performance made by Santos Dumont.
