A BOX OF GOLD SUPPOSED TO BE A PART (

[N. Y. Herald.]

RIVERHEAD, L. L., May 10, 1895.—Many farmers in Baiting Hollow believe firmly now that Captain Kidd buried his plunder on the North Shore of Leng Island. Their belief is fortified by the fact that John E. Peterson, a mason, found an old iron box containing gold and silver coin while excavating for a cistern on Wednesday, on the premises of George B. Wells.

Just how much money was in the box Peterson refuses to tell, but admits it contained gold and cois. He fears that the gold will be taken from him. The box which contained the coin is oldly constructed. It is of iron, five by seven by two inches, and looks as though it had been in the ground mere than a century. One piece of gold looked as though it were worth a hundred deilars. George B. Wells, who keeps a country store, and is also the postmaster, verified the story of the finding of the treasure, but

says Peterson will not say much about it, and had it not been for Rudolph, a farm hand, who discovered Peterson with the box, no one might have know anything concerning.

AWFUL HEADACHES. 2 YEARS OF SUFFERING.

LIFE A TORTURE. Rendrick Outhouse, of Tiverton, N. S., says: For several years I suffered from severe stacks of billousness, which came on periodically, about every ten days. I had are the headaches and the smell of anything cooking turned me sick. I became weak and nerrous, and had no ambition or strength to work. I passed many sleepless mights, and for days could not retain food on my stomach. I suffered intensely with piles and hives, and my life was a constant torture to me. I became so weak that my friends gave up all hopes of my recovery. My brother brought me a bottle of HAWKER'S

NERVE AND STOMACH TONIC. HAWKER'S LIVER PILLS.

I had not taken them long before I commenced to improve and in a short time I was completely curred. I grew strong and vigorous, my appetite returned, I stept well and in a few months had gained 30 pounds in weight. I have not suffered from piles or billiousness since, now 2 years, and am as strong and hearty as any man could wish to be. I firmly believe that HAWKER'SNERVE AND STOMACH TONIC AND LIVER PITTS Saved My Life.

AS IN YOUTH Ayer's Hair Vigor

"I can cordially indorse Ayer's Hair of Vigor, as one of the best preparations for the hair. When I began using Ayer's Hair Vigor, all the front part of my head —about half of it—was bald. The use of only two bottles restored a natural growth, which still continues as in my youth. I tried several other dressings, but they all failed. Ayer's Hair Vigor is the best."—Mrs. J. C. PREUSSER,
