TAYLOR-REANINGTON.

There was a pretty afternoon wedding at St. John's church Wednesday afternoon, when Miss Lavett Hanington, daughter of A. H. Hanington, K. C., was united in marriage to Rev. Thomas Wardlaw Taylor, son of Mr. Thomas Taylor of Toronto.

The bride wore white tulle and orange blossoms. She was attended by her sister, Dr. Mabel Hanington, who wore white over pink silk, and by Miss Annie C. Scamwell, who wore white and green. The marriage was solemnized by Rev. J. de Soyres. George Collinson was the organist for the occasion and a choir composed of friends of the bride sang the hymn, "The Voice That Breathed O'er Eden." After the wedding the bride and groom were driven to Mr. Hanington's residence on Sydney street, where luncheon was served in the garden, the tables being beautifully decorated with sweet peas and other blooms. Mr. and Mrs. Taylor left by the Quebec train for a brief honeymoon. They will return and spend a few days in St. John, after which they will visit Mr. and Mrs. Taylor in Toronto.

FINE BUSINESS ESTABLISHMENT.

An Apohaqui Store That is a Credit to the Province. It is probably within the mark to say that the finest country village store in the province is that of Jones Bros., at Apohaqui, Kings Co. They have just added 60 feet to its length. It is a two and a half story building, 160x26 feet, with basement full size. On the first floor, almost the whole part was added, they have one room, 100x26 feet, devoted to furniture alone. Adjoining this room are one for ready made clothing, one for curtains, furs, etc., and also tailor and dressmaker's shops. On the ground floor is a milliner's room.

A new private office has been fitted up on the ground floor, finished in oak. A hot water heating plant for the whole building has been put in, and an acetylene gas plant is now being installed. The whole store is splendidly lighted by windows, and is fitted with every facility for the tasteful display of goods.

In addition to the main building the firm has a new warehouse outside, for the storage of flour, feed, grain, iron and steel, shingles, laths, lumber and other goods, for they have everything a customer is likely to want. "That is the reason our trade has grown," said Geo. B. Jones to the Star last evening. "We have customers who drive as far as thirty miles. When a man does that he wants to get everything he comes for—or he is not so likely to come again. And we try to have whatever he needs."

Taking their main store and warehouses, the firm has an enormous floor space, and they carry a very large as well as varied stock. They carried a successful lumbering operation last winter, and the lumber they have already been shipped to St. John for export.

MICHIGAN RY. MAN IN TOWN.

W. D. Trump, superintendent of the Grand Marquette Railway, Michigan, accompanied by his wife and family was in town yesterday in his private car. Mr. Trump's visit to the province is purely one of pleasure. He has been in the employ of the Michigan Railway for some time at Searsville, Bath, Me., and is taking this trip on his way home. He was driven around St. John and environs places, and was accompanied by the Mayor and a number of his friends. He is so thoroughly satisfied with the scenery, climate and facilities of this part of the world, that he expresses a strong desire of coming again another year, when he can extend his visit farther and try his luck at the trout and salmon fishing of New Brunswick. He is a man of which has travelled away out to his western home.

FOR THE FAST LANE.

E. Cooper Burgess, representing the Manchester Guardian, Manchester, England, is in St. John in the interests of his paper and of the proposed fast line. It is understood that the purchase of the line is largely to place before Canadian shipping men the claims of the port of Manchester as the terminus of such a line. Mr. Burgess arrived yesterday morning and during the day consulted with the Mayor, Thompson and several interested in shipping and with several members of the Board of Trade. He is staying at the Victoria hotel, where last night he declined to make any statement of publication concerning his business here.

RECENT DEATHS.

The death occurred Tuesday of Miss Cassie Rogan at the residence of her sister, Mrs. William O'Connor, Cedar street. Decedent was a daughter of the late Daniel Rogan, who had been for some years a resident of the United States. She leaves two sisters, one of whom resides in Providence, R. I., and the other in this city.

James Tait, of Westmorland road, whose family was reported to be in destitute circumstances some days ago, died at the hospital on Tuesday night. He had been taken to the hospital on Sunday, suffering from cancer. His wife, who is in the hospital with typhoid fever, is getting on well, and it is expected will be convalescent shortly.

Captain Thomas Lowerison of Westmorland Point died on Monday, aged 82 years.

James G. Payne, steamboat engineer, died at Charlottetown yesterday, aged 73 years.

A FAMILIAR NAME.

In the homes of Canada and the United States there are few names more familiar and none more reverently spoken than that of Dr. A. W. Chase, the great physician and receipt book author. He is blessed and for the suffering he has relieved and the diseases he has cured; his services are ever and endorsed by the best people in the world, and he is popular because they cure when others fail.

The steamer Marguerite arrived here yesterday afternoon from St. Andrews. She is the steamer purchased by Capt. Pitt to run on the Gondola Point route.

ACCIDENT ON I. C. R.

Track Blocked Last Night Between St. John and Halifax.

HALIFAX, N. S., Aug. 28.—The intercolonial fast freight for Montreal, which left here at 10.30 tonight, met with an accident three miles out from this city which completely wrecked the train and derailed two others. No one knows the cause, but it probably was a broken wheel. On account of the track being blocked, passengers on the incoming C. P. R., and the mails, were transferred and reached Halifax at 1 o'clock this morning.

WANTS INVESTIGATION.

W. P. Hatheway Wants to Know How Smallpox Got into the Hospital.

At the meeting of the Board of Trade on Tuesday next, W. Frank Hatheway will move that the board recommend that the royal commission appointed to investigate the condition of the General Hospital shall go further than the epidemic of smallpox which was the smallpox infection was carried into the hospital.

Barton, the sailor, whose case started the epidemic in St. John, last year, was taken ill on a vessel in the harbor. He was sent to the Public Hospital, where, in the general waiting room, he was examined by the doctors before he was sent to the epidemic building. It was about three weeks after this that two nurses in the hospital were taken with the disease. The Board of Health shortly afterwards took the evidence of all connected with the buildings and promised after their enquiry was completed to make the evidence public. This they have never done, and Mr. Hatheway feels that it is in the interest of the business of St. John for a full investigation to be made into a set of circumstances that worked so much harm to the city.

EN ROUTE WEST.

The express from Halifax on Wednesday morning brought to this city a man who gave his name as King, about 35 years of age, and having a beard and mustache. With him was a woman some ten years his junior, the pair claiming to be travelling to Toronto. Having some hours to spare they got lost, or more correctly lost their way, and were unable to find the train. They were not exactly sure where they had been, but after a diligent search located their traps and yesterday afternoon appeared at the depot ready to re-entrain for Toronto. Mr. King, however, persisted in smoking a cigar in the depot and was ejected by Officer Collins. Like the previous cat, he came back and with his fair companion stayed west.

HATHWAY AND McNEIRNEY.

Nominated by Trades and Labor Council Last Night for Local Legislature.

At a largely attended meeting of the Trades and Labor Council last night, the report of the committee appointed to nominate labor candidates in opposition to the local government was submitted. The committee named W. Frank Hatheway and George V. McNeirney, and these names were almost unanimously endorsed by the full meeting, between 35 and 40 being present. Some mention had been made in an informal way of Daniel Mallin, K. C., as a suitable candidate, but his name was not mentioned at the meeting. The selection of Messrs. W. P. Hatheway and Geo. V. McNeirney was made by ballot.

A SENSATION.

Queen's County Man Charges Alienation of Wife's Affections.

FREDERICTON, Aug. 28.—What promises to be a very interesting suit has been entered in the supreme court. James Walker of Fredericton, Queen's county has entered action, through his attorneys, Cursey & Vincent, against John A. Jackson of the same place, for seduction and breach of promise of affections. Damages of ten thousand dollars are claimed. In the plaintiff's affidavit it is stated Mr. and Mrs. Walker have been married eight years and that undue intimacy between Jackson and Mrs. Walker existed for two years. The venue is laid at St. John, and the attorney general has been retained for the defendant.

DEATH OF WILLIAM FORSYTH.

William Forsyth, of the customs department of the post office, passed away shortly after noon Thursday after a somewhat lengthy illness. Stephen H. Forsyth of Barre, Vermont, for some time past, had been in the city, and was a man highly esteemed and a faithful government servant since 1873, when he was gazetted preventive officer. Of late years he had been an obliging and painstaking clerk in the parcel department of the post office, which comes under customs supervision. Mr. Forsyth was sixty-two years of age and leaves a widow.

Other relatives are: S. H. Forsyth, Barre, Vt.; Richard Forsyth, Mrs. Chas. A. Gurney and Miss E. Forsyth, of this city.

THE MURDER TRIAL.

It has not yet been decided when the trial of Frank Higgins will begin. D. Mullin, his counsel, fears that he may be compelled to be absent next week, when it was to have come off and is seeking for a postponement. Attorney General Fugate said yesterday that the case would probably not come up as at first stated, but he could not say when it would until the convenience of Judge Landry had been consulted.

BISHOP KINGDON FREDERICTON.

Returns from Confirmation Year in Queens and Kings Counties.

FREDERICTON, N. B., Aug. 28.—His Lordship the Bishop of Fredericton has returned from his confirmation tour to Queens and Kings counties. On Sunday the bishop was at Greenwood. In the morning his lordship held service and preached in the new church. In the afternoon confirmation service was held, when 19 persons were confirmed, many of whom had driven eighteen miles through falling rain in order to be at the service. In the evening the rite of confirmation was administered to an individual who was unable to leave her couch. On Monday his lordship went to Sussex, where he held confirmation in the evening, when ten persons were confirmed. On Tuesday, the Bishop to St. John and arrived home yesterday morning. On Tuesday next Bishop Kingdon goes to Montreal to attend the general synod of the Church of England in Canada, which synod will probably continue for two weeks.

Defeat and dumb Enquiry Continued Yesterday—Some Discrepancies in the Accounts Satisfactorily Explained.

FREDERICTON, N. B., Aug. 28.—The deaf and dumb inquiry was on this morning. Mr. Wallace of the educational department was on the stand the greater part of the morning, giving explanations relative to the county grants. No special criticism was passed upon them. Deputy Receiver General Babbitt was recalled to \$310 county grant for 1892, and the receipt for which the treasurer's books did not show. The apparent discrepancy was cleared up by learning that in 1892 the government took over drafts for the county grants and gave the institution \$1,500 in lieu thereof. The treasurer's books show receipt of \$1,500.

And Auditor General Beck was called and said he had withheld the provincial grant this year, \$500, because of the investigation now going on. He found fault with the annual reports of the institution as being too meagre. He found what he thought were discrepancies between the amounts subscribed and credited from subscriptions, the discrepancy in 1891 being \$1,200. He had not taken the trouble to ascertain that the difference arose because many sums subscribed are never paid, and costs of collection are deducted.

FIVE DROWNED

11 Persons Between Steamer and Row-Boat.

BATTLE CREEK, Mich., Aug. 28.—Five employees of the Battle Creek sanitarium, nurses, probationers and stenographers, were drowned at Lake Gogaw last evening as the result of a collision between the steamer Welcome and a row boat containing a party of young people. Five girls had been out for a row about the lake with a young man and were returning to the sanitarium villa. The Welcome was starting out for her last trip. The young man, Bennett, who was at the oars, came beavered, and the steamer struck the boat broadside on.

Those doomed were: Mr. Bennett, Dallas, Tex.; Annie Brady, Battle Creek, Mich.; Mabel Richard, Traverse City, Mich.; Ella Dorsey, Alhambra, Penn.; Fannie Willsie, North Toronto, Ont.

Carrie Fyock of Johnston, Pa., clung to the boat and was the only one saved. Miss Brady and Miss Richard were evidently struck by the steamer and killed, for they were found floating. The other bodies are in 20 feet of water and are being dragged for.

Hon. L. P. Farris, the commissioner of agriculture for New Brunswick, is in town, a guest at the Royal. Mr. Farris says from what he has observed and from reports received by him from various parts of the province he thinks the season's crop will be a good one in all lines.

The tent meeting for the promotion of the faith will be continued over Sabbath next. Rev. J. H. Coy, Mr. Bennett, G. W. McDonald will preach on the Sabbath. Other workers will be in attendance. All are invited.
