## NEWS OF A DAY

**Coasting Accident.**  
Belleville, Ont., Nov. 27.—A lad named Holway was so severely injured by another boy who was sliding down hill on a slippery sidewalk colliding with him, dashing him to the ground, that he may die. His injuries are internal.

**Officers Elected.**  
Fredericton, Nov. 27.—At the organization meeting of the managing committee of the Fredericton Curling Club last evening, Jas. H. Hawthorne was elected chairman. James Higgins was appointed janitor to succeed his father, the late Edward Higgins, who discharged the duties of the position for many years.

**Highly Pleased.**  
Toronto, Nov. 27.—Daniel D. Mann, vice-president of the Canadian Northern Railway, expresses himself as highly pleased with the result of the provincial elections in British Columbia. He says the Government guarantee of railway bonds means a low rate of interest for initial construction of the road and that work will be commenced at an early date.

**Steals Sidewalk.**  
Hagersville, Ont., Nov. 27.—Lawyer A. Egar and ex-Chief of Police Coates, of Simcoe, were arrested here yesterday on a warrant charging them with stealing pieces of scantling from the sidewalk of this town to be used as evidence in a civil action for injuries sustained through a fall on the sidewalk. The saw, hammer, axe and lantern, as well as pieces of scantling, alleged to have been received by the

**LOCAL**  
**At Chubb's Corner.**  
Fifty shares of the St. John Ice Company stock were offered at auction on Saturday morning at Chubb's Corner, but were withdrawn at \$19. The price was \$50 a share.  
**Births.**  
Seven illegitimate births were issued last week by the Board of Health. Five marriages were registered. There were fifteen births, nine being girls.

**ST. ANDREWS.**  
St. Andrews, Nov. 27.—The first regular meeting of the Canadian Literature Club of Greenock church, for the season, took place on Tuesday evening, at the Manse, with Mr. and Mrs. A. W. Mahan and Mrs. G. Douglas as hostesses. A very large number were in attendance showing the great popularity of the club. The subject under consideration was Mrs. Montgomery's *Annie of Avonlea*. Rev. A. W. Mahan opened the discussion with an introductory talk, giving an outline of the author's career as a writer and the rapidity with which she had sprung into prominence. Mrs. A. K. Gifford then favored the club with a very clever and instructive paper on *Sequel*. This was followed by a most interesting sketch of Mrs. Montgomery's life by Mrs. C. B. Everett. Miss Margaret Kerr read a splendid paper dealing with *Annie of Avonlea*, showing the beauty and humor of the story. The musical portion of the programme was prepared with much taste and carried out with talented ability. Miss Milne is to be congratulated upon

the excellent rendering of her solo, in which her delightful quality of tone and execution was heard to the best advantage. The selections by the quartette were rendered with deep musical feeling and proved one of the most enjoyable numbers of the following programme:  
1—Chorus, Canada, by members of the club.  
2—Introductory talk, Rev. E. W. Mahan.  
3—Sequel, Mrs. A. K. Gifford.  
Our first song came last evening enough to cover the ground, but it is now about all gone, as it is now running heavy and has been all morning.  
The work is still going on with the addition to the Algonquin. There are a large number of men employed. There are also improvements going on at the firm.  
The work on the C. P. R. wharf is nearly completed. They are now moving the warehouse. The DeWolf wharf, so called, over to the new wharf and will connect it to the new warehouse, making it one of the finest and best wharfs in the country and the most convenient for shipping purposes.

**CABLE STEAMER  
IS FORCED TO  
MAKE HALIFAX**

**Cambria Meets With Difficul-  
ties In Repairing Cables and  
Puts Into Nova Scotia Port  
For More Material.**

**WORKING IN 2,250  
FATHOMS OF WATER**

Special to The Standard.  
Halifax, N. S. Nov. 27.—Forced  
through stress of bad weather to call  
into Halifax for a supply of cable, the  
big Telegraph Construction and  
Maintenance Company's cable steamer,  
Cambria, arrived in port. She lay  
at Cunard's wharf. This afternoon at  
four o'clock she left again for sea.

**Her Menstruating.**  
When the Cambria left Queenstown,  
Ireland, on September 24th, Capt. Leach  
expected to be back again in less  
than a month, conditions being  
favorable. He had just completed the  
repairs to the Anglo 75 cable when  
ordered to Queenstown for orders. He  
left on the day of his arrival to pick  
up the southern cable of the Western  
Union. He arrived on the ground Oct.  
1st.

A cut was made into the cable in  
two hundred fathoms of water. The  
fault was located, and the cable was  
respliced. Then the big steamer went  
forty miles to the eastward, where  
the Dover Bay, N. S. end was grappled  
in 700 fathoms of water. This  
was buoyed and thus it remains to  
this day. The cable end was picked  
up and raised after 1 1/2 miles had  
been traversed. It broke in lifting.  
A dozen times attempts to raise the  
cable have failed. The depth of wa-  
ter ranged from 300 fathoms to 1,200  
fathoms, but the heavy lift of the sea  
always broke the cable as it rose.  
Each break necessitated a further ad-  
vance eastward of three miles in or-  
der to avoid the entangling away.  
When the Cambria finally buoyed the  
eastern end a gap of 46 miles exist-  
ed. The depth of water at this point  
was 2,250 fathoms.

As the steamer did not have enough  
cable on board to fill the gap had  
the end been raised to the deck, she  
came back. Twice since September  
she put into St. John's, Newfoundland,  
for coal. The weather has been very  
unfavorable for cable repair work.  
Captain Leach, who is in command,  
was in Halifax once before. This was  
in January, 1898, when he was chief  
officer of the Scotia. At that time  
the harbor was frozen over.

**PORUGAL'S KING HAS  
ARRIVED IN PARIS**

**Touring Monarch Gets Ovation  
Upon Reaching French Cap-  
ital—Elaborate Programme  
Of Entertainment Planned.**

Paris, Nov. 27.—King Manuel of  
Portugal arrived here today from Lon-  
don. He received an ovation at the  
railway station where he was also  
officially greeted by President Poincaré,  
Pinchon and other representatives of  
the government and the city. A large  
delegation from the Portuguese colony  
in Paris shared in the welcome. The  
King was escorted to the Hotel Bristol,  
where the Royal Suite had been  
prepared for his occupancy.  
The visit of his Majesty, which will  
continue until next Thursday, is an  
official; but nevertheless a flattering  
programme has been arranged for his  
entertainment.

**BROKEN MAIN THROWS  
FRISCO IN DARKNESS**

**Rumors of Earthquake Plenti-  
ful When Engine Refuses to  
do Its Work in Condenser  
House at San Francisco.**

San Francisco, Cal., Nov. 27.—The  
failure of an engine in one of the big  
power houses, caused by a low tide  
shutting off the water from the con-  
denser, interrupted all telegraphic  
and telephonic communication with  
the outside world for about twenty  
minutes tonight and gave rise to a  
flood of rumors throughout the coun-  
try that the interruption had been  
caused by an earthquake. As soon  
as the trouble in the power house was  
repaired and communication restored,  
many telegrams of inquiry from all  
parts of the country deluged the of-  
ficial telegraph, newspaper and press  
offices.

The fact that Portland, Los Angeles  
and Salt Lake City offices re-  
ported to their eastern connections  
that they could not raise San Fran-  
cisco on any wires, tended to give  
some color to the rumors of an earth-  
quake.

**KING EDWARD HAS NOT  
BEEN ASKED TO ACT**

London, Nov. 27.—A high authority  
stated tonight that King Edward had  
not been invited as yet to arbitrate  
the dispute between the United States  
and Chili. The latest official informa-  
tion received in London was that  
the effect that the protocol between the  
two countries had not been finally  
agreed upon and until this was ac-  
complished, it is held here that for-  
mally to invite anyone to arbitrate  
the matter would be premature.

**DR. COOK HAS  
DROPPED FROM  
PUBLIC VIEW**

**Brooklyn Explorer In Nervous  
State Over Pole Controversy  
Vanishes From His Friends—  
Fears For His Own Sanity.**

**ONLY ONE KNOWS  
OF HIS WHEREABOUTS**

New York, Nov. 27.—Dr. Frederick  
A. Cook dropped completely from  
public view today. Not even John R.  
Bradley, whose money was behind his  
polar explorations, knows where he is  
tonight. Confining in only one man  
and perhaps in his wife the Brooklyn  
explorer slipped quietly and mysteri-  
ously away, leaving behind him a  
string of puzzled and exasperated  
friends and a debate more acrimonious  
than that which followed his announce-  
ment of September last. He had dis-  
covered the North Pole on April 21,  
1908.

**Will Keep Secret.**

Charles Wake, an insurance man of  
this city, appears to be the only one  
who knows Dr. Cook's whereabouts.  
And Wake is firm in his resolve to  
keep his lips sealed until Cook himself  
sees fit to take the public into his con-  
fidence.  
In the meantime concern is ex-  
pressed over the condition of Dr.  
Cook's health. Although some of his  
friends maintain that he has borne  
up well under the continued strain of  
lecturing and preparing his data, an  
intimate associate of the Doctor, said  
tonight that the explorer appeared to  
be on a verge of a nervous breakdown.  
When he talked with him at his hotel  
in the Bronx last Monday night, this  
friend, who is a newspaper man issued  
a statement in which he quoted Dr.  
Cook as saying: "If this thing keeps  
up a few months longer I will be  
in the insane asylum."

**In Nervous Condition.**

This is the statement in part as given  
by the friend in question:  
"On Monday last I called at the  
Gramatan Inn and conferred with Dr.  
Cook. At that time, Dr. Cook was in  
extremely nervous condition and I  
was extremely nervous condition and I  
longed to rest he might suffer a  
nervous breakdown. He told me that  
he had been advised to go away in  
order to be in easy reach of the Uni-  
versity of Copenhagen if his presence  
were required there and at the same  
time to get a much needed rest. He  
then said to me: 'If this thing keeps  
up a few months longer I will be in  
the insane asylum.'"

"Dr. Cook has taken me into his con-  
fidence and I have been permitted to  
examine his original data, and despite  
all the charges that have been made  
I have absolute confidence in his in-  
tegrity. I feel confident as Dr. Cook  
that the decision of the University  
of Copenhagen will be favorable. All  
this talk of a conspiracy to rob Dr.  
Cook of his records is silly, although I  
regret to say that some of those who  
have broken into his study have been  
succeeded in convincing him that such  
a plot existed."

"Personally I do not know the pres-  
ent whereabouts of Dr. Cook."

**JAPAN'S POLICY IN  
OPENING UP MANGHURIA**

**M. Seumoto Explains Opera-  
tions of Flowery Kingdom  
In Eastern China—Scouts  
Talk of Closed Door.**

San Francisco, Nov. 27.—The mem-  
bers of the Honorary Japanese Com-  
mercial Commissioners' party were  
the guests at various functions today,  
where they will remain until Tuesday,  
when they will leave for Seattle and Japan.  
Baron Shibumura, the head of the  
party, speaking of his trip, said:  
"Words fail me when I attempt to  
express by personal appreciation and  
that of my countrymen the kindness  
and courtesy with which we have  
everywhere been received."

M. Seumoto, proprietor of the Ja-  
panese restaurant, and one of the  
foremost men of the country, discuss-  
ing the alleged infringement by Japan-  
ese of the "open door" policy, said:  
"Our position is that Russia occupied  
before the Russo-Japanese war. But we  
have withdrawn our troops from Man-  
churia excepting in the railroad zone,  
and we maintain there just a sufficient  
force to guard our road and mines  
supply. It was with this view we  
fought Manchuria was occupied di-  
rectly by Russia which, instead of re-  
stricting its military proceedings to  
the railroad zone, essayed to control  
the entire region."

"Our activities now in Manchuria  
are no more than would be those of  
the United States or Great Britain if  
either was to obtain similar conces-  
sions. We do not want to have  
a slight commercial advantage over  
the other nations, but I think when  
the matter is considered sanely and  
fairly no criticism will be made."

**MAKES NEW RECORD  
IN TYPEWRITING**

St. Joseph, Mo., Nov. 27.—H. Otis  
Blaisdell of New York, who made a  
new world's record yesterday for fif-  
teen minutes copying on a typewriter,  
made a new record today for an hour,  
by writing 6,184 words, or an average  
of 103 a minute. The previous record  
of 36 words, was made September 30,  
in New York by Miss L. Fritz. The  
record was made before the Missouri  
Valley Commercial Teachers' Con-  
vention.

**MUCH DAMAGE  
REPORTED IN  
PORTO RICO**

**Torrential Rain Causes Much  
Property Damage Through-  
out Dependency—No Loss  
Of Life Reported.**

**PONCE CITY CUT OFF  
FROM COMMUNICATION**

San Juan, Porto Rico, Nov. 25.—The  
incessant downpour of rain since No-  
vember 10th, has caused heavy dam-  
age to property throughout the is-  
land. The rivers are raging torrents,  
overflowing the country. The rain,  
however, was accompanied by only a  
light wind. The sugar, tobacco and  
pineapple plantations have suffered  
great loss. Many acres of sugar cane  
and pineapple land on the northern  
coast have been flooded, and the Ya-  
bucua and Humacao sugar districts on  
the southern coast have been inunda-  
ted. Many houses have been swept  
away and countless cattle drowned.

**Mails Delayed.**

Landslides on the military road from  
San Juan to Ponce and Guayama ob-  
struct traffic and delay the mails.  
Telegraphic communication has been  
badly interrupted, the wires being  
down everywhere.  
Ponce city has been cut off from  
the Playa wholesale district by the  
river which caused great loss of life  
in the hurricane of ten years ago. The  
coast railroad from San Juan to Ponce  
has been greatly damaged by wash-  
outs, miles of track and two bridges  
being swept away. Several days ago,  
San Juan and other towns were left  
in darkness by the shutting off of  
the electric power plant, which also  
caused stoppage of the street car ser-  
vice. All cable communication was  
cut off Nov. 9.

Due to unfavorable conditions,  
2,500 cigar makers have been laid  
off. So far as can be ascertained, no lives  
were lost.

**MR. Z. R. EVERETT  
DEAD IN MONTREAL**

**Former Fredericton Man Pas-  
ses Away After a Brief Ill-  
ness—Deaths Of Mr. Michael  
Conney and Miss R. Miles.**

Fredericton, Nov. 27.—A telegram  
from Montreal to the family here an-  
nounced the death this morning at  
Montreal, of Mr. Z. R. Everett, for-  
merly a prominent citizen of  
Fredericton. For some years he had  
been in ill health and a paralytic  
stroke on Sunday morning had a fatal  
termination.  
The late Mr. Everett for many years  
conducted an extensive hardware  
business in this city. He was a mem-  
ber of the city council for some years  
and was also president of the Board  
of Trade. The deceased, who was 71  
years old, is survived by his widow,  
Mrs. Charles Everett of St. John's,  
and four daughters, Misses Bessie,  
Helen, all of whom are at home.

The funeral will arrive here from  
Montreal on Monday and the funeral  
will take place on Tuesday afternoon.  
The death took place last evening  
at his home at Forest Hill, of Mr.  
Michael Conney, aged 62 years, after  
a lingering illness. Deceased came  
here 40 years ago.  
The death took place at Victoria  
last evening following an opera-  
tion for appendicitis of Mr. Thomas  
H. Miles of Grand Lake, Queens  
County, who died 40 years ago, after  
a lingering illness. The funeral will  
take place tomorrow.

**SON OF ERIN IN  
ODD DIFFICULTIES**

**Vain Attempts of Michael  
Walsh to Reach Homeland  
Baffled By Sleep and Sea-  
sickness—Will Try Again.**

Boston, Nov. 27.—To reach his old  
home in Ireland, Michael Walsh, of  
Rochester, N. Y., has travelled from  
Rochester to Montreal, from Montreal  
to Liverpool and from Liverpool to  
Boston, but he has not yet ended his  
journey. When he arrived in Boston  
today in the steamer of the Cunard  
line from Liverpool he was held until  
the status of his citizenship could  
be settled.

Walsh said that he had crossed the  
ocean from Montreal on the Laurent-  
ville. When the steamer reached  
Quebec, Walsh was asleep and when  
he awoke the vessel was on her way  
to Liverpool. He took passage  
again for Quebec, but he was so sick  
that he was unable to get ashore. If he  
can satisfy the authorities that he is  
an American citizen Walsh will sail  
on the first steamer for Quebec.  
Otherwise he will be deported there-  
by securing free passage to Ireland.

**FORCE LUMBER CONCERN  
INTO BANKRUPTCY.**

Pensacola, Fla., Nov. 27.—Forcing  
the Tallahassee saw mill company,  
million dollar concern owning mills,  
railroads and large tracts of timber-  
land in Georgia and Florida into in-  
voluntary bankruptcy, creditors of the  
concern filed a petition in the United  
States district court today in which  
they declare the firm is unable to  
meet its obligations. The court named  
W. H. Smith as custodian of the prop-  
erty.

**Look for the Shield**  
On your overshoes and rubbers. It safeguards  
your interests and stands for  
**Satisfaction**

You will find this stamp only on the Merchant  
Brand of overshoes and rubbers.

This cut shows a medium  
heavy, pure gum rubber boot;  
felt lined. Especially designed  
for mechanics, firemen, and  
teamsters; will stand a lot of  
wear and tear, a well made  
boot and a popular seller.

**DEBEC.**  
DeBee, Nov. 27.—Morley Flemming,  
son of John Y. Flemming, of this vil-  
lage, sailed for Havana, Cuba, Friday,  
Nov. 26th, where he will enter the em-  
ploy of DeWitt Bros., who conduct a  
retail business in potatoes.  
Mr. and Mrs. Horace Thins, of St.  
John, made a short visit to this vil-  
lage the guests of Mrs. Titus' parents,  
Mr. and Mrs. Howard Lavery.  
Mrs. Verx, of Green Road, who  
was so ill is much improved in health.  
John Hay, of the firm of Carson &  
Hay, was absent from their place of  
business the greater part of last  
week, as Mr. Hay had private business  
in connection with a timber lot which  
he owns which demanded his attention  
during that time.  
G. W. Upham, M.P.P., of Wood-  
stock, was in this village on business  
one day last week.

Preston Ramsey, son of Rev. Edmund  
Ramsey, is spending some weeks with  
his parents at the parsonage.  
George Patterson and Albert White,  
members of the firm of White & Pat-  
erson, of St. Martin's, owners and op-  
erators of a portable mill, were in  
this village last week. Both these  
gentlemen are well and favorably  
known in this locality as they op-  
erated their mill near this village for  
Neal & Flemming, lumbermen. This  
winter they will operate their mill at  
Scott's Siding for the same gentle-  
man.

The potato buyers of this locality  
do not confine themselves to the ship-  
ping of potatoes alone but also ship  
large quantities of hay and oats.  
Mrs. J. K. Flemming, wife of the  
Provincial Secretary, spent a short  
time in this village the guest of her  
sister, Mrs. W. J. Craig. Mrs. Flem-  
ming will visit friends in St. John  
before returning to her home in Hart-  
land.

Alfred Patterson, of St. Martin's  
was a visitor to this village recently.  
John Nicholson, of Kirkland, was  
visiting his sister, Mrs. Robert Scott,  
of this village.

Hany Brown was in this village so-  
llecting subscribers for a tale village.  
Mrs. J. K. Flemming, wife of the  
Provincial Secretary, spent a short  
time in this village the guest of her  
sister, Mrs. W. J. Craig. Mrs. Flem-  
ming will visit friends in St. John  
before returning to her home in Hart-  
land.

Reports of the condition of pota-  
toes, both in Carleton County, N. B.,  
and in Aroostook County, Me., are  
very gratifying.  
A prominent potato grower, who

resides at Houlton, Me., when inter-  
viewed here recently, stated that the  
potato business in Aroostook Co. was  
very dull at present, but this was not  
due to a lack of a market as the latest  
shipments of tubers from Houlton,  
Me., had been very satisfactory and  
in Nova York the Aroostook Co. po-  
tato sells at \$1.80 to \$2.00 per barrel,  
but that the dull market was caused  
principally by the bad condition of  
our roads as only those farmers who  
reside near town are marketing any  
potatoes during the heavy hauling of  
the past week.  
This gentleman stated that at the  
Smith Texas Fair exhibition the ex-  
hibit of seed potatoes belonging to  
E. L. Cleveland & Co., of Houlton,  
Me., took first prize. The same  
growing reports come from all parts  
of our own county which are to the  
effect that to all appearances the rot  
has disappeared and that the farmers  
will be able to preserve in good con-  
dition the remainder of their potato  
crop and to take advantage of the  
increased price which must certainly  
come before spring.

**APPOHQUI**  
Apohqui, Nov. 27.—After two days'  
continuous rain the Kennebecasis and  
Millstream rivers are at almost re-  
cord height.  
Considerable damage has been done  
to roads and bridges all over the  
country. The approach to the Lower  
Millstream bridge is three feet under  
water and badly washed out. Farm-  
ers with their milk for St. John were  
unable to connect with the morning  
train.  
Back water from the I. C. R. culvert  
floated the Thompson bridge off its  
foundations, but owing to the prompt-  
ness of G. B. Jones, M. P. P., a tem-  
porary crossing was soon effected and  
traffic was only suspended for a few  
hours. This has been a very hard fall  
on the roads owing to the almost con-  
tinuous rains but in spite of this the  
roads are in very good shape on ac-  
count of the great amount of work  
done this year.  
Rev. J. McLuckie assisted by Rev.  
C. T. Phillips, of St. John, have been  
conducting special revival meetings in  
the Baptist church during the past two  
weeks. The meetings have been large-  
ly attended and very successful.  
E. A. Charters, the well known Sus-  
sex prospector, was in the village yes-  
terday. Mr. Charters has been doing  
good prospecting in the near vicinity.  
Dr. and Mrs. McWilliams, of Har-  
court, are visiting Mrs. McWilliams'  
parents, Mr. and Mrs. I. B. Humphrey.  
Mrs. A. B. Gameter, of Bridgewater,  
Nova Scotia, arrived yesterday to  
visit her mother, Mrs. Stephen Jones,  
who is very ill.  
Geo. B. Jones, M. P. P., went to St.
