Newcastle, Mar. 10.—The death of Edward W. D. Forsythe of Boom Road, occurred in St. Francis' Hospital, Superior, Wisconsin, on Saturday last, 6th instant. Deceased was the son of Mrs. Gregory Forsythe and went west 12 years ago. He had planned to revisit New Brunswick soon, but he met with an accident fracturing the base of his skull, on February 5th and never recovered. Besides his mother he leaves two brothers—Thomas Forsythe of Boom Road, and Robert of the N. B. Telephone Co., Fredericton—and one sister, Mrs. George Black of Newcastle. He was 44 years of age and unmarried. His remains will arrive in Newcastle tomorrow and be interred at Boom Road.

As the result of a petition of the ratepayers of Rosebank, who felt that their children had to walk too far to Douglastown school, the Rosebank end of the Douglastown district has been set off from the latter and will be known as No. 6½ Newcastle. The division takes effect on June 30th next. The new district will run from M. R. Benn's western line to French Fort Cove, the eastern boundary of Newcastle, and will be about 1¼ miles long. About 2¾ miles of the former district, with nearly four-fifths of the pupils, will be left to Douglastown district. The new district will have a one-room school, the building to cost $1,000 and will withdraw about 35 pupils from Douglastown. A school meeting was held in D. J. Buckley's office, Rosebank, yesterday, and the following trustees were elected: Ernest Cahoon, chairman; Wm. Stewart, and Geoffrey DeWolfe. The latter have appointed Rufus Sullivan their secretary. Grades I to V will be taught in the new school and, as the district lies between two superior schools, Douglastown and Newcastle, the more advanced pupils may attend either of them.

TAKES OFF DANDRUFF HAIR STOPS FALLING

Girls! Try this! Makes hair thick, glossy, fluffy, beautiful.

Within ten minutes after an application of Danderine you cannot find a single trace of dandruff or falling hair and your scalp will not itch, but what will please you most will be after a few weeks' use, when you see new hair, fine and downy at first—yes—but really new hair—growing all over the scalp.

A little Danderine imediately doubles the beauty of your hair. No difference how dull, faded, brittle and scraggy, just moisten a cloth with Danderine and carefully draw it through your hair, taking one small strand at a time. The effect is amazing—your hair will be light, fluffy and wavy, and have an appearance of abundance; an incomparable lustre, softness and luxuriance.

Get a 25 cent bottle of Knowlton's Danderine from any drug store or toilet counter, and prove that your hair is as pretty and soft as any—that it has been neglected or injured by careless treatment—that's all—you surely can have beautifully hair and lots of it if you will just try a little Danderine.

COCOANUT OIL FINE FOR WASHING HAIR

If you want to keep your hair in good condition, the less soap you use the better.

Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and is very harmful. Just plain mulsified cocoanut oil (which is pure and entirely greaseless), is much better than soap or anything else you can use for shampooing, as this can't possibly injure the hair.

Simply moisten your hair with water and rub it in. One or two teaspoonfuls will make an abundance of rich, creamy lather, and cleanses the hair and scalp thoroughly. The lather rinses out easily, and removes every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves it fine and silky, bright, fluffy and easy to manage.

You can get mulsified cocoanut oil at most any drug store. It is very cheap, and a few ounces is enough to last everyone in the family for months.

Stomach Troubles Due to Acidity

SO SAYS EMINENT SPECIALIST.

So-called stomach troubles, such as indigestion, wind, and stomach-ache are in probable nine cases out of ten simply evidence that fermentation is taking place in the food contents of the stomach, causing the formation of gas and acids. Wind distends the stomach, and causes that full, oppressive feeling sometimes known as heartburn, while the acid iritates and inflames the delicate lining of the stomach. The trouble lies entirely in the fermenting food. Such fermentation is unnatural, and acid formation is not only unnatural, but may involve most serious consequences if not corrected. To stop or prevent fermentation of the food contents of the stomach and to neutralize the acid and render it biand and harmless, a teaspoonful of bisurated magnesia, probably the best and most effective corrector of acid stomach known, should be taken in a quarter of a glass of hot or cold water immediately after eating, or whenever wind or acidity is felt. This stops the fermentation, and neutralizes the acidity in a few moments. Fermentation, wind and acidity are dangerous and unnecessary Stop or prevent them by the use of a proper antacid, such as bisurated magnesia, which can be obtained from any druggist and thus enable the stomach to do its work properly without being hindered by poisonous gas and dangerous acids—M. F. P.
