French Woman
World's Champion

Miss Suzanne Lenglen Won Title at Wimbledon on July 3—Account of the Matches.

Miss Suzanne Lenglen, a French girl, won the lawn tennis tournament at Wimbledon three weeks ago for what is now called the world's championship.

Miss Lenglen is only twenty years of age, but has earned a place at the top board through the very strength and soundness of her game. In the final round at Wimbledon, she defeated Mrs. Lambert Chambers, four times holder of the all-English championship, in a brilliant match by a score of 10-8, 4-6, 9-7.

Capt. H. B. L. Hart, in "American Lawn Tennis," gives the following account of the matches:

"The challenge round of the Ladies' Singles was fixed for Friday, July 3, but the rain came down and play had to be abandoned for the day. On Saturday the ground was literally

packed with a perspiring mass of humanity and hundreds were unable to get a view of the matches on the famous centre court. Those who got in were rewarded by seeing the most dramatic and finest ladies' match ever staged at Wimbledon. Miss Lenglen served first, but Mrs. Lambert Chambers, the holder, won the game to love by fine court returns of the service. Miss Lenglen, however, responded by winning the next four games, largely on her ground-strokes. Mrs. Chambers began to stiffen her game, and some brilliant rallies ensued. The English woman passed her young opponent beautifully when she came to the net, and then captured the next two games, making it 3-1. Miss Lenglen leading. But in the endeavor to beat her opponent Mrs. Chambers just hit out several times and Miss Lenglen won the next game and was point set in the tenth game and Mrs. Chambers, however, was too strong. The games then went alternately to Miss Lenglen, who captured the next two and the set at 10-8.

In the second set Mrs. Chambers, playing very strongly, took a commanding lead at 1-1. She was driving with such strength and accuracy of placing that Miss Lenglen was forced to run and no previous opponent had ever succeeded in making her do. Mrs. Chambers now tried to come up to the net and lost the next game to love as a result. Miss Lenglen by fine length driving won the next two games and drew level. The effort, however, was too much for her, and Mrs. Chambers captured the next two with ease and the second set at 6-4.

Both players began to show signs of great exhaustion, and stimulants were sent for. Mrs. Chambers won the first game of the third set easily, but Miss Lenglen rallied and won the next four. Mrs. Chambers seemed exhausted. But she was not done with and the sudden strengthening of her shots seemed to disconcert her opponent so that she drew level at 4-4. After a pretty struggle Mrs. Lambert Chambers drew ahead and led 6-5, 40-15. All seemed lost, but Miss Lenglen throwing caution to the winds, went all out for shots and saved the game, winning the next game as well. Mrs. Chambers drew level at 7-7, but it was her last effort, and Miss Lenglen won the next two games, the last being a love game. The two contestants were so exhausted they could barely walk off the court. It was a neck and neck fight all through, and there was really not a pin to choose between them on the day's play.

Mrs. Chambers was more severe with her ground-strokes, but Miss Lenglen was better equipped all-round. Her game is a perfectly balanced one, her first service smooth and volleying being as good as any by the best men's strokes.

Mrs. Chambers is considered to have played the best game of her life. Miss Lenglen a trifle unsteady at times, but that was mainly because it needed a very fine stroke, cutting the lines as narrowly as possible, in order to beat her opponent. Miss Lenglen can improve her second service and attain a greater severity of the ground she ought to be unapproachable amongst women players for years to come. Amongst those present at the match were the King and Queen and Princess Mary, as well as Sir David Beatty."

PAGE ON SATURDAY.

The St. John Power Boat Club intends holding a race at a radiating harbor on Saturday afternoon between the Footbridge and the Uxue, two 20-mi-speed boats which may for first place in a race held in ordinary day during the recent regatta. The race will be held at 2:30 o'clock, and J. C. Chealey, commodore, will act as starter.

On next Tuesday evening the club will hold a special meeting, at which prizes won by the boats in the regatta will be awarded. A splendid programme of musical events, etc., is being arranged for the occasion, and in addition there will be a smoker.

Ottawa, Ont., Aug. 20.—Sir Robert is expected to arrive back in Ottawa some time on Friday. He is accompanied by the Prince of Wales from Charlottetown to Quebec, and will leave the party there and return to Ottawa, while His Royal Highness goes to Toronto before visiting the capital. No word has so far reached the city which would indicate that the Premier's injuries would prevent him from returning home by Friday.

LITTLE BITS OF SPORT CHATTER

The St. Peter's baseball team will play two games in Montreal on Labor Day. Their opponents will be a team from the Montreal City League. It has been a good many years since a St. John team played baseball in Montreal and the trip should go a great way in boosting the game here. It is understood that a large crowd of rooters will make the trip with St. Peter's.

Frank White and J. A. Gregory, who acted as referees in the regatta on Soldiers' Joy Day, are to present cup to Master McCreary, who finished third in the juvenile single sculls. The management of the Imperial has ordered two cups for Master Belyea and Master Brayley, who tied for first place in the race.

David O'Keefe has received word from Sydney announcing horse races there for Labor Day. The events will be for all, purse \$400; 2:25 class, purse \$400; 2:30 class, purse \$300. Three seconds will be allowed trotters. It is expected that horses from different parts of the Maritime Provinces will take part in these races.

So far this season all branches of sport have had a great revival. All over the country the enthusiasm shown by athletes and spectators has been enormous. There has naturally been a few rough places at many of the meets but this was only considering the unsettled conditions of the last few years. The general public has taken a deep interest in all sorts of games and sports. The big league baseball games have had wonderful patronage. Now that the summer is drawing to a close athletes and spectators of the games are looking forward to next year when it is expected athletics will have the best season ever recorded.

A French woman has won the title of woman's world's tennis champion. Miss Lenglen showed wonderful skill and endurance during the matches for the championship. It has been usual in years past to class both the men and women of France as rather below the average in athletic contests but that opinion can no longer be tolerated. French men and women have lately showed a marked ability in athletics and there is every indication that they will be more to the fore than ever.

Francis Oumet
A Great Golfer

Defeated Charles Evans One Up on the Home Hole of Oakmont Country Club Yesterday in Amateur Championship.

Pittsburg, Pa., Aug. 20.—Francis Oumet demonstrated again today that he is one of the greatest golfers ever developed in this country by defeating Charles Evans, one up on the home hole of the Oakmont Country Club, in the second round of the annual amateur championship tournament. Play of the game with the same stroke and nerve that gave him international fame in 1914, when he won the open from Ray and Vardon, England's most famous professionals, the Woodland Club representative, playing from Auburndale, Mass., fought throughout the entire day against the skill and stamina of the Edgewater Club star of Chicago, and eventually achieved victory with a marvellous pitch from pit to home green and a four-foot putt which resulted perfect control in the crucial moment of the entire thirty-six holes of play.

NEWCASTLE

Newcastle, Aug. 20.—The loading of steamers with lumber for the United Kingdom was tied up on the Miramist yesterday by a strike of the workmen who have demanded a nine hour day and 65 cents per hour, which the mill owners declare to be unreasonable demands. It is understood that they are willing to compromise by giving the men the increased wages, but owing to the necessity of tonnage desired that the steamers shall be loaded as speedily as possible. Just what the outcome of the negotiations which were opened yesterday afternoon was very much in doubt.
