

A great deal of the work is of fine material and well made, but the larger portion is of factory cotton suitable for giving away to hospitals, various charities, and for the North-West, and we heartily recommend it to the charitably disposed.

The great difficulty connected with our work is the disposal of the underclothing when made. We hold an annual sale at the end of the season. In addition we have had sales in the Eastern and Western portions of the city. The proceeds of these sales go to carry on next winter's work, to buy material, pay the women, etc., etc.

For next winter the Committee have secured a large room in Association Hall, where in addition to the usual Thursday morning's work we hope to be able to sell the ready-made garments and to take orders.

The Committee wish most gratefully to thank the ladies who took charge of the sales in the Eastern and Western parts of the city; also the lady who so kindly provided lunch for the Committee on each Thursday throughout the winter, and those who so generously contributed at the time of the Sale.

L. W. GREIG,
Secretary
