## FOUR BRANDON PLAYERS CANDIDATES FOR PLACES INTERNATIONAL GAME

City League Executive Select Men as Likely Players on Dominion Day

The four Brandon footballers, chosen as likely players in the provincial international match England versus Ireland at Brandon on Dominion Day are C. Waters, F. Johnson, F. Coates and Condict. These men were selected at a special meeting of the city league executive held Wednesday night. They are all English.

Players are selected from all parts of the province to represent the land of their birth. Thus on Dominion Day the pick of the soccer players in Manitoba born in England or the Emerald Isle will be seen here.

A protest was received on the game recently played at the Indian school where St. Georges lost. The protest is based on the alleged inefficiency of the referee. Consideration of the matter was left over to a special meeting to be held next Wednesday. Some discussion arose on the late arrival of referees and it was decided to notify the officials of their appointments in good time before the games. It was shown that in one case a referee was chosen and notified of his selection a few hours before the game was due to start. On this game the protest referred to above is lodged.

## CANADIAN ENTRIES WIN AT GREAT FAIR

C.P.R. Entered Exhibits and Seventeen Out of Nineteen Won. Grains and Grasses

### GLAD SURPRISE TO OWNERS

Calgary, June 17. — A news despatch from San Francisco a few days ago announced the fact that certain displays of grains and grasses grown by farmers in western Canada and displayed by the Canadian Pacific railway in its booth at San Francisco had been entered for award in the names of growers and accepted by the judges. This morning a telegram announces that of the nineteen entries made by the Canadian Pacific railway, seventeen prizes have been won, as follows:

List of Names  
A. L. Frieberger, of the Bassano irrigated colony, wins gold medal for speltz.  
O. Hansen, of Pincher Creek, wins gold medal for wheat and silver medal for oats.  
Arthur Perrey, of Cardston, wins gold medals for oats, wheat and barley and silver medal for grains.  
Nick Tattinger, of Claresholm, wins gold medals for barley and wheat.  
J. T. Worthington, of Strathmore, wins gold medal for wheat and silver medal for flax.  
A. E. Barnes, Bow Island, wins silver medal for oats.  
A. Maynard, Deloraine, Man., wins silver medal for wheat.  
J. Peterson, Raymond, wins silver medal for timothy and Kanuzen; silver medal for collective grain exhibit.

Over a Wide Area  
The interesting point about these prize winning grains is that they were grown from a wide area from Pincher Creek, close to the British Columbia boundary, in the west, to Deloraine, in Manitoba, on the east. These farmers do not know that the entries have been made for them and will be greatly surprised when informed that they have carried off gold and silver medals.

## TORONTO AUTOIST WAS BOTH ROBBED AND BEATEN

Toronto, June 17. — An autoist, whose name could not be learned, was found lying unconscious on the road beside his automobile between Islington and Lambton at midnight Sunday night. He was driven to Islington, where he was placed in the care of a doctor. He stated that while he was driving towards Toronto three men jumped out from some bushes along the roadside and climbing on the running board of the car and ordered him to stop. He did so, and they clubbed him on the head. They threw him out of the car, robbed him, and then attempted to drive off with the auto, but could not get it started. From that point on he can tell nothing, he having lost consciousness.

## GOLF CLUB PLANS A HANDICAP TOURNEY

To be Run Off in Flights—Senior, Intermediate and Newcomers for Prizes

### TEAM MAY VISIT 'PEG

It is the intention of the Golf club to hold a handicap tournament within the next couple of weeks, when prizes will be offered by the club. It is likely that the tournament will be run off in flights. The senior members competing in the first flight, the intermediate players in the second flight, and the newcomers in the third.

It is hoped to send a team to Winnipeg about the 1st of July, of about six of the best players of the Brandon club to play a few matches against Winnipeg players, with the idea in view of trying out our material, and also of having the pleasure in return from some of the Winnipeg players.

### Team Match

The team matches between members of the club chosen by the President and Vice President have been a great success and have occasioned a great deal of interest and keen rivalry among the players, and some excellent scores have been made. The Vice President, Mr. Arthur Mayhew, put up a very strong game, and won his match against the President by a considerable margin. His game may be judged when it is noted that his score for the last nine holes contained five fours. Possibly one of the most remarkable feats of the tournament was the score of four for the eighth hole made twice in succession by Mr. R. G. MacDonald in his game against Mr. Goodall. This match was one of the best of the series and resulted in a tie for the first eighteen holes, each player winning the same number, and when it was played off by another eighteen holes, Mr. MacDonald won out by a close margin.

The game between Mr. Kreutziger and Mr. Unicorn was also a good exhibition of golf, the former winning by two holes up.

Alderman Bourke, who has only been playing golf for three weeks, surprised the members by making a score of fifty-three for nine holes in his match game. Dr. Harcourt, one of the veterans of the club, won his match against Mr. A. J. Downing by several holes up.

Gold and Silver Buttons  
It is the intention of the club to have gold and silver buttons for weekly competitions to stimulate playing among the members.

## REGINA BOASTS GOOD LACROSSE

Regina Rough Riders, who have defeated Moose Jaw Maple Leafs quite easily in two league games, may go to Winnipeg for carnival week tournament. Rough Riders are very strong, probably the best lacrosse team that has ever lined up in Saskatchewan.

## NATIONALS LOCATE ONE MORE GOOSE EGG WHILE VIRDEN SCORE 12 MEN

In Home Yard Virden Plays Errorless Ball and Nationals Contribute Five Mistakes

The crippled Nationals journeyed to Virden Wednesday and were handed another defeat by the Western League team of that city. Foreman Stoetzel and his wrecking crew made quick work of the job and hammered out twelve runs while their guests accumulated nine goose eggs in a row. Virden played an errorless game and hit the ball hard and often. The Nationals batted and fielded in about their usual form since the season opened and will have to do some tall hustling to get out of last place before snow flies.

Manager Cowan is after a new pitcher, who will probably be on hand for Friday's game. In case, tried out at first base yesterday, he has secured a good man, according to reports received.

### Box score:—

Virden—	AB	R	H	PO	A	E
Simpson, s.s.	5	0	1	0	3	0
Warren, 3b.	5	3	2	1	2	0
Williams, r.f.	5	1	1	1	0	0
Murphy, c.	5	1	2	1	1	0
Stoetzel, p.	5	0	1	1	0	0
Babb, c.f.	5	1	1	0	0	0
Behl, 2b.	5	2	0	0	0	0
Conroy, 1b.	4	2	2	6	0	0
Leigh, l.f.	4	2	1	0	0	0
	43	12	11	27	6	0

### Nationals—

AB	R	H	PO	A	E
McNeill, 3b.	4	0	0	2	0
Livingston, 2b.	4	0	1	7	3
Johnson, c.	4	0	0	3	2
Williams, W. p.	3	0	0	4	5
Robinson, l.f.	3	0	0	1	0
Holmes, s.s.	3	0	1	0	3
Conway, c.f.	3	0	0	0	0

## FORMER BILLIARD KING ATTACKS WIFE AND SELF

Chicago, June 17.—Calvin Demarest, former national amateur billiard champion, attacked his wife with a knife today and then slashed his own throat. His mother, who attempted to restrain him, was cut in the hand. Husband and wife were taken to an hospital.

At the Hahnemann hospital Mrs. Demarest's wound was said to be serious. The two-inch blade of the pocket knife entered her throat in several places. Demarest was not seriously hurt and was removed from the hospital to the infirmary of the house of correction.

The mother's wound was dressed at Hahnemann hospital. According to her, Demarest has been on the verge of a nervous breakdown for some time and had contemplated retirement to a farm for rest and quiet.

The older Mrs. Demarest told the police that her son's condition made it appear in hallucinations concerning his wife, one of them being that she was robbing him.

## LACROSSE NOTES

The Elgin game was again postponed on account of weather. The date when this game will be played has not been decided.

The Brandon lacrosse club will not participate in the sports tournament at Winnipeg. The trip would entail a day's leave of absence and this could not be secured by all the players.

## WINNER OF CLASSIC OAKS IS SNOW MARTEN

Newmarket, Eng., June 18. — The New Oaks Stakes, a war-time substitute for the Epsom Oaks Stakes, of \$25,000, for three-year-old fillies, was run here yesterday and won by Snow Marten; Bright was second, and Silver Tag third. Eleven horses, including Hermann B. Duryea's Flash V., started.

Buy goods made in Canada or in Great Britain, and thus employ Canadian and British workmen.

## Baseball Records Destined To Fall Present Season

Marvellous and Consistent Form of Ty Cobb Helps Tigers to Large Extent

### PLAYERS ARE CONFIDENT

Every Member of Team Feels Certain of Participation in World's Series

New York, June 16.—The marvellous and consistent playing of the peerless Ty Cobb is responsible for the Tigers' position in the American league pennant race this summer. The Georgia Peach is experiencing his best year in the w.k. pastime and judging by his poorest seasons, records by the barrelful are destined to fall in 1915.

The Tiger clan is infected with the pennant bug. Every member of the team is already figuring on what he is going to do with his share of the world's series money. They don't concede any other team in the Johnson loop a chance to cop.

Cobb's great playing is the main cause. The marvellous Tyrus has the pennant bug worse than any of his team mates and they have become infected with his enthusiasm. Ty is warily avoiding battles on and off the field that might keep him out of the line-up even a day. He knows as well as anyone that his strength offensively wins many games for the Detroit crew and he doesn't want to hurt the club's chances.

Ty has won several games single-handed this year. Against the Yanks recently here, when the Tigers won, 3 to 0, Cobb scored two runs and drove in the other one. Incidentally he stole second and home to score one of the runs.

Cobb is leading the league, both at the bat and on the bases. Fritz Maisel, the Yankees' speedy third sacker, announced this spring that he was out to take the base-stealing honors from Cobb. The latter evidently heard the statement. It looks like he is out to show the Yankee youngster up as a boaster.

Jennings has about as classy a pitching staff this year as anyone in the circuit. At least his slab artists are in better shape than those of any other club, with the possible exception of the White Sox. Monsieur Jean Dubuc, a sharp-shooter named Boland and George Daus are doing most of the heavy work. Daus and Dubuc have been with the Tigers some time but Boland is a recent acquisition.

Cobb doesn't furnish all the heavy artillery for the club, even though he does lead the league. His pals in the outer gardens—Voach and Crawford—are both slamming the ball in the select three hundred class.

Diminutive Donnie Bush, who has been shortstopping for the Tigers for years, has been full of "that old life" all spring and is playing with the pepper of a youngster. Burns, Jennings' regular first sacker, was injured early in the season, but Kavanaugh has been filling his shoes so successfully that his absence hasn't been noticed much. Pep Young is cavorting around at second in good shape.

## ST. GEORGE'S WIN OVER ST. MARY'S AT CRICKET BY VERY CLOSE SCORE

For St. Mary's, Halliley Did Not Bat So Defeat by Nine Runs Is Good Showing

The cricket match between St. George's and St. Mary's came to an end last evening. St. George's winning by the narrow margin of nine runs. St. Mary's were slightly handicapped in only being able to bat ten men, Halliley not putting in an appearance.

For St. Mary's no one individual batter stood out superior to the rest, all the team batted well, but were all too eager, letting out at the "soft" balls and consequently paying the penalty. Shilton started carefully but was dismissed by a fine catch by W. G. Oakley behind the wickets. For the winners L. V. Ray and G. Sturdy bowled well, the former taking five wickets for twenty-three runs and the latter three wickets for twenty-nine runs.

The St. George's were retired on Monday night for a total of ninety-three runs.

St. Mary's—	AB	R	H	PO	A	E
1 T. Towns, b Ray	5					
2 A. E. Hart, b Ray	6					
3 M. Barr, c Oakley, b Ray	14					
4 C. E. Shilton, c Oakley, b Ray	7					
5 J. T. Charlesworth, b Sturdy	10					
6 Joe Charlesworth, c Hughes, b Ray	9					
7 E. V. Williams, c Ray, b Sturdy	1					
8 W. Herring, b Sturdy	1					
9 W. Mann, not out	20					
10 Oakley, run out	1					
11 Halliley, absent	0					
Extras	4					
Total	84					

## HORSES SHOW SPEED AT REGINA RACES

Regina, Sask., June 17.—During the matinee races, held yesterday afternoon by the Regina Driving Club, King Okla, the Port Arthur pacer, stepped the mile in 2:16, the record for the track this season. Okla and King Bond, another Port Arthur horse, gave an exhibition heat, Okla crossing the wire in the lead by inches. The time is exceptionally fast, as the track was seven seconds slow due to recent wet weather. Dick Roche, the well known Winnipeg horseman, acted as starter and he remarked that the race was one of the best he ever judged.

### FIGHT OVER RIGHT TO PLAY SUNDAY BALL AT HULL IN QUEBEC

An organized campaign is being waged by the Lord's Day Alliance to prevent the playing of Sunday ball by the Ottawa Canadian league club at Hull, Que.

At last Friday's session of the Toronto Methodist Conference attention was called to the fact that games were being played on the Lord's Day by teams in the Canadian league. Ottawa is the Sunday town, but, strictly speaking, no baseball is played there on the first day of the week, the games being transferred to the Quebec side of the Ottawa river at Hull.

Rev. David W. Snider, secretary of the Lord's Day Alliance, stated that permission has been granted by the Attorney-General's Department to prosecute. He said that public sentiment in Quebec supported Sunday sport, and there was danger of its encroaching on Ontario. The Alliance, he intimated, would commence a prosecution in the Quebec courts.

## WAR'S HAND FELT VERY KEENLY IN SPORT CIRCLES

The cancellation of the English Derby brings home to sport followers the world around the blighting effects of the European war on sporting events of all types. Although the Oxford-Cambridge boat race and track meet, the English Henley, Wimbledon tennis and the golf championships for 1915 were all abandoned, it was thought that the Derby would be run as usual. Even though a substitute race be held, there now exists a break in the chain of Derby races, which extended over a period of more than 100 years.

This greatest of all turf classics, with its records in attendance, wagering and brilliancy, is the biggest event of the English year in sports. To win this race is the desire of every owner or breeder of race horses throughout the world. Fortunes have been spent in breeding, preparing or leasing probable winners, and the records show that American turf devotees have had a fair share of success in this direction in recent years.

## DIVED HUNDRED FEET TO SETTLE DISPUTE

Several thousand men, women and children crossing the Brooklyn bridge recently were electrified to see a dapper young man of rather boyish appearance climb to the parapet about midway between the Manhattan and Brooklyn towers of the structure, flip away a cigarette he was smoking, methodically discard his hat, coat, collar and tie and take a header into the traffic-crowded waters more than 100 feet below.

Two minutes after splitting the waves with his hands the diver reappeared on the surface, tore off his trousers and shoes, treaded water until he got his bearings and then struck out for the Manhattan shore. Arriving there, he was met by a policeman and placed under arrest, charged with attempted suicide. The prisoner gave his name as Daniel Garone, said that he was twenty-one years old, a plumber, and that he lived in Mount Vernon.

"I did it to settle a dispute in my club," he explained. "There are a lot of men who maintained that such a leap could not be gotten away with. I agreed to show them. I have. You can call it attempted suicide if you want to. It was great fun to me."

The C. P. R. steamer S. S. Missanable is reported due at Quebec about nine p.m. Saturday.

### GAME WARDEN LOSES HIS JOB

The pas, Man., June 17. — Horace Halcrow, chief game warden of New Manitoba, was dismissed from the office by letter from the Minister of Agriculture yesterday. The letter explained there was a shortage of money to carry on this work, and Mr. Halcrow's successor would be along at the end of the month to take over the books. Mr. Halcrow is a native son of New Manitoba and the announcement of his dismissal caused the greatest surprise.

### ASQUITH'S SON IS WOUNDED

London, June 18.—News was received in London today that Lieutenant Herbert Asquith, a son of the British premier, had been slightly wounded on the field of battle.

# Wilson Once Wanted Bryan Knocked Into Cocked Hat Forever

But When Commoner Landed New Jersey Man in the President's Chair, He "Had to Hug Him to His Bosom to Get Him Off His Back."

Mr. Bryan has given abundant proofs that he is a dreamer of dreams, but very little proof of his qualities of statesmanship. He has made himself conspicuous as a protagonist of political and economic panaceas for correcting all the ills which afflict governments.

In 1907 he was advocating government ownership of railways and certain regulations, pending that departure, which railway experts declared impracticable. In April of that year Adrian H. Joline, then president of the Missouri, Kansas City and Texas railway, delivered an address at Parsons, Kan., in which he analyzed Mr. Bryan's proposals and pointed out their impracticable features.

Copies of his speech were printed and mailed to many public men of the country, and one of the recipients happened to be Woodrow Wilson, then president of Princeton university.

### Letter Gets to Public

President Wilson's acknowledgment of the note was so amusingly emphatic that it got into the public prints. It is worthy of reproduction at this time, when Mr. Wilson, as president of the United States, no doubt has private opinions with regard to Mr. Bryan which will not get into print. The letter was as follows:

Princeton, New Jersey, April 29, 1907.

My Dear Mr. Joline: Thank you very much for sending me your address at Parsons, Kan., before the board of directors of the Missouri, Kansas and Texas railway. I have read it with relish and entire agreement. Would that we could do something at once dignified and effective to knock Bryan once for all into a cocked hat.

Cordially and sincerely yours, WOODROW WILSON.

## WARNS U. S. DOCTORS TO PREPARE FOR RUSH OF IMMIGRANTS AFTER WAR

San Francisco, June 16.—In view of the increase in immigration which will in all probability succeed the close of the war in Europe, delegates in attendance at the American Society of Tropical Medicine, which is meeting here today, received with great interest the report of Surgeon Allan J. McLaughlin of the United States public health service, now the commissioner of health of the Commonwealth of Massachusetts, on "The Control of Asiatic Cholera on International Trade Routes."

The report included a consideration of the prevention of the introduction of the disease by sea routes and land routes through the establishment of frontier quarantine stations. The essentials of successful quarantine were fully discussed, and a considerable portion of the report was devoted to the technique of bacteriological examinations for the determination of the cholera vibrio, the causative agent of cholera. Several measures were suggested, and tests which could be rapidly applied were considered in detail.

## FIVE BEST KNOWN OF CANADIAN POETS ARE NOW SERVING EMPIRE

Ottawa, Ont., June 16.—Canada's five best known poets have joined the army and are "doing their bit" for their country and Empire. Word has been received at the capital that Robert W. Service, the well known northern poet, who became famous by his "Songs of a Sour Dough," has joined the Anglo-American ambulance corps, an organization raised under the auspices of the Red Cross in France. The two Roberts brothers, Charles G. D. Roberts and his younger brother, Theo. Roberts, are both officers. The former is an officer in Kitchener's new army, and Theodore is a lieutenant in the Twelfth Canadian battalion. It is expected he is now in France, having gone over with the reinforcements for the first division.

In addition, two other poets, William Wilfred Campbell, and Duncan Campbell, who are of military age, have joined the Ottawa home guard as privates and are learning the intricacies of military drill for service at home, if required.

## GETS \$2,000—IF WIFE DIES OR IS DIVORCED

Minneapolis, June 16.—Roy F. King of Litchfield, Minn., must await the death of his wife or obtain a divorce from her in order to obtain \$2,000 from the estate of his father, Rinehart Molitor, pioneer St. Paul resident, who died June 6th. The will, including this provision, was filed in the probate court of Ramsey county.

The stage of human affairs is being constantly reset. The scenes are frequently shifted; the old actors strut and fret their hour upon the stage and then are heard no more, and those who remain play many parts.

President Wilson, of Princeton, entered politics and won national reputation as governor of New Jersey. His popularity made him a contender in the presidential canvass of 1912, but it seemed that the convention had been framed up by more artful politicians for the nomination of Champ Clark. Mr. Bryan with all his propensity for "dreaming" is a master politician and a successful political pleader. When contention threatened to throw the Baltimore convention into chaos, he took the helm and chief command. He championed the cause of Woodrow Wilson and in personal dominance of the convention he "held her nozzle agin the bank" until the man of his choice was ashore.

### Had to Pay Debt

This laid the nominee under profound obligation to Mr. Bryan from the moment of his election, and presumably Mr. Bryan suggested the state portfolio as a suitable recognition of his services.

As Col. George Harvey has heartlessly expressed it: "The president had to hug Mr. Bryan to his bosom in order to get him off his back." Old Publius Syrus said: "While we stop to think, we often miss our opportunity." But missing opportunity may be only saddening, mistaking it may be tragic. Accepting the office as secretary of state was apparently the greatest mistake of Mr. Bryan's spectacular career, for instead of expanding in the opportunity he seems to have shriveled.

## Pte. Fisher Tells Of Wounds And Present Condition

Left Trenches in Daylight and Dodged Snipers While Seeking Hospital Cars

### SLEEPS MOST OF TIME

Canadian Red Cross Commissioner States Fisher Sleeps Most of Time in Devon Hospital

Pte. Fisher, 5th Battalion, wounded in action, writes a short letter to his mother and the members of the family telling of his wounds.

Dear Mother, Sister and Brother: No doubt you will be troubled to hear that I have been wounded. We have been hard at it again. I cannot write much as my hand is sore at present. On the morning of the 24th of May we charged a German trench, and took it, though we paid for it. The Germans lost three to four men to our one. It was after we had captured the trench that a piece of flying shell got me in the back; another big piece broke my gun into pieces and cut the end off my thumb. I got first aid and left the trench in broad daylight, and got to the nearest hospital, after dodging a few snipers. From there the motor car took me to France, from France to the coast, where I went under an operation. The piece of shell was taken out of my left side; I am getting on very well. I can walk alright but I am very weak from loss of blood. I am getting the best of food.

Your loving son and brother,

THOMAS FISHER.

From Red Cross Canadian Red Cross Society, 14116 Cocksbur street, London, S. W. 31-15

Mrs. Fisher: Dear Madam,—I beg to inform you that Thos. Fisher, 12708, 5th Batt., who was wounded in the back and side by shrapnel, has had the bullets extracted and is now at Torbay Hospital, Torquay, S. Devon. He has only been here for a few days and being still tired from the journey, spends most of his time sleeping.

Yours truly,

Canadian Red Cross Commissioner.

CANADA TO BUY PLANT  
Richmond, Ind., June 17. — That the Canadian government has entered into negotiations for the purchase of the old Gaar-Scott plant, one of a chain of factories of the Rumley company, with headquarters at La Porte, Ind., was admitted here. It is said that the plant will be utilized by the government to manufacture war materials for the allies.
