## WHAT IS CATARRH?

Catarrh is a muco-purulent discharge caused by the presence and development of the vegetable parasite amoeba in the internal lining membrane of the nose. This parasite is only developed under favourable circumstances, and these are:—Morbid state of the blood, as the blighted corpuscle of tubercle, the germ poison of syphilis, mercury, toxomæa, from the retention of the effete matter of the skin, suppressed perspiration, badly ventilated sleeping apartments, and other poisons that are germinated in the blood. These poisons keep the internal lining membrane of the nose in a constant state of irritation, ever ready for the deposit of the seeds of these germs, which spread up the nostrils and down the fauces, or back of the throat, causing ulceration of the throat; up the eustachian tubes, causing deafness; burrowing in the vocal cords, causing hoarseness; usurping the proper structure of the bronchial tubes, ending in pulmonary consumption and death. Many attempts have been made to discover a cure for this distressing disease by the use of inhalants and other ingenious devices, but none of these treatments can do a particle of good until the parasites are either destroyed or removed from the mucous tissue. Some time since a well-known physician of forty years' standing, after much experimenting, succeeded in discovering the necessary combination of ingredients which never fail in absolutely and permanently eradicating this horrible disease, whether standing for one year or forty years. Those who may be suffering from the above disease, should, without delay, communicate with the business managers—*Toronto Mail*. MESSRS. A. H. DIXON & SON 305 King St. West, Toronto, Canada. Inclose stamp for their treatise on Catarrh.

## Scientific and Useful.

**SOUR MILK PUDDING.**—One pint sour milk, one-half pint of molasses, one teaspoonful of powdered cloves, one teaspoonful of soda, one teaspoonful of cinnamon, one cup of chopped raisins, a little salt and flour, enough to make a thin batter. Boil in a tin mould two hours.

**PLUM PUDDING.**—One pound of raisins chopped fine, one pound of currants, one pound of minced suet freed from skin, one pound of sugar, half a pound of bread crumbs, a scant half pound of flour, two ounces candied peel and half a nutmeg grated. Mix well together with seven well-beaten eggs and boil for eight hours.

**HEADACHE.**—If you suffer from headache you may be sure that your stomach, liver or blood is at fault, and perhaps all three are combined in bad action. If so, the best remedy is **Burdock Blood Bitters**, which cures headache by regulating the organic action generally.

**HASTY CAKE.**—One tablespoonful of butter, one cup of powdered sugar, one egg, two level cups of sifted flour and three small teaspoonfuls of baking powder. Sift the baking powder with the flour; stir the butter and sugar together, add the egg, well beaten, then the milk and last the flour. Bake immediately in a quick oven. It is nice baked in a dripping pan or in patty pans, and is best while fresh.

**A COUGH, COLD, OR SORE THROAT** requires immediate attention, as neglect often results in some incurable Lung Disease. **BROWN'S BRONCHIAL TROCHES** are a simple remedy, containing nothing injurious, and will give immediate relief. 25 cts. a box.

**FURNITURE POLISH.**—One ounce of white wax, one ounce of yellow wax, one-half ounce of white soap and one pint of boiling water. Melt all together in a saucepan over the fire, and pour into a bottle. Apply it by rubbing a little on a small space with a cloth of any kind, rub with a second cloth and polish with a third. The economical housekeeper may have her furniture nicely polished for the holidays at trifling expense.

**FOR WASHING CLOTHING**, and all laundry and cleansing purposes, **JAMES PYLE'S PEARLINE** is a favourite compound. It does not injure the fabrics, and saves a great deal of labour. Sold by grocers.

**SWEET TEA BISCUIT.**—One cup of sugar, two cups of flour, one-quarter pound of good clean lard, a pinch of salt, one tablespoonful of baking powder, milk. Mix well together all the ingredients except the milk, which must be added last in sufficient quantity to make a stiff dough. Roll the dough out until a quarter of an inch in thickness, and cut it into shape with a biscuit-cutter. Have ready a brisk oven and bake fifteen minutes.

**DR. P. MEREDITH**, of Cincinnati, says: "About one year ago I took a cold, which settled on my lungs. A violent cough was the consequence, which increased with severity. I expectorated large quantities of phlegm and matter. During the last winter I became so much reduced that I was confined to my bed. The disease was attended with cold chills and night-sweats. A diarrhoea set in. My friends thought I was in the last stages of consumption, and could not possibly get well. I was recommended to try **ALLEN'S LUNG BALSAM**. The formula was shown to me, which induced me to give it a trial, and I will only add that my cough was entirely cured, and I am now able to attend to my profession as usual."

**LEMON CREAM PIE.**—The juice and grated rind of one lemon, one cup of white sugar, the yolks of two eggs, three tablespoonfuls of sifted flour and rich milk enough to fill your plate or pan. This makes a large pie and should be made with an under crust only. Bake until nearly done, then take it from the oven and spread over it the beaten whites of the two eggs, with two tablespoonfuls of powdered sugar. Set back in the oven until brown; eat cool, or quite cold.

**LIVER AND BACON.**—Soak liver in cold water twenty minutes, wipe dry and cut into medium strips. Cut as many very thin strips of bacon, and fry the bacon three minutes in its own fat. Salt, pepper and dredge the liver in flour before it goes in. When it is done lay in two rows the length of dish, with a strip of bacon between each piece of liver. Strain the fat, and return to the pan with a cupful of hot water, the butter rubbed into the flour, and when it has boiled pour over the liver.

**Scott's Emulsion of Pure COD LIVER OIL, WITH HYPOPHOSPHITES.**  
Very Palatable and Efficacious in Wasting Diseases.

**DR. C. T. BROMSER**, Rochester, N. Y., says: "After having used Scott's Emulsion with decided benefit upon myself, I have taken great pleasure in recommending it since in the various conditions of wasting in which it is indicated."

"Lost!"

"Her sallowness, and looked as fresh as a new-blown daisy. Well, the story is soon told. My wife, to-day, has gained her old-time beauty with compound interest, and is now as handsome a matron (if I do say it myself) as can be found in this country, which is noted for pretty women. And I have only Hop Bitters to thank for it.
