**ALMOST DONE**—A pair of worn-out looking U of A students fill out their cards in the final part of registration. Registration, which started Monday and runs until today, is expected to see 15,500 students register in courses ranging from ethics to computing science.

# Medicine, Dentistry students to present petition for lower fees

The U of A students' council was in the dark Monday night for its first meeting of the 1967-68 session until someone found the light switch for the new council chamber.

After there was light council settled down to business.

One of the first items discussed was the appointment of an interim science representative to replace Tom Whitehead who resigned. Sam Hanson, sci 2, who was Whitehead's summer replacement, was appointed to sit on council until an election could be held.

cause during the summer council often consisted of replacement councillors instead of the regular elected ones.

The ratification would eliminate any doubts cast on the legality of the summer council's business transactions.

An election date has not been announced.

## Report leak concerns SU President

VICTORIA (CUP)—The University of Victoria student union president has expressed disappointment that a confidential university report reached the Victoria daily press before it was seen by the students.

Union president Dave McLean said, "It appears that a member of the downtown press has had access to the report before the students have seen it."

"I'm sorry this has happened and I think it would be more natural that we see it first."

The report was issued by a faculty committee that studied university procedures during the summer.

It was released to all University of Victoria faculty who were asked to keep it confidential until it could get discussed by another committee sitting this week.

University president Malcolm Taylor said the report, "has suggested various means of ensuring the utmost involvement of faculty in the development and implementation of academic policy."

Medicine rep. Blaine Hirsche said the medical and dentistry students would present a petition to students' council at the next meeting asking for a decrease in students' union fees for third and fourth year medicine and dentistry students.

Hirsche predicted the petition would be signed by all third and fourth year med. and dent. students.

The council executive, which consists of the president, vice-president, treasurer, secretary and the co-ordinator asked the council for approval of a \$100 donation to co-operative housing.

This is the estimated value of some furniture from the old students' union building which had earlier been given the co-op.

The council also ratified all the motions passed by the council during the summer.

They said this was necessary be-

The next council meeting will be held Tuesday, Oct. 10, in the council chamber. The chamber is located on the second floor of the students' union building opposite the main cafeteria exit. There's a half hour period set aside at the start of each council meeting for questions and comment by the student body.

Student council meetings are open to the general student body and all students are urged to attend.
