Dr. Bob Ting, Director of St. John's Hospital, says that approximately 50 cases of sexually transmitted disease are reported each year. The health centre has a problem which is usually itself proving a nuisance.

"Our ability to detect the disease has increased in the last few years, and I think a big reason why is that we are finding a lot more of it. It has been about the last three years.

According to the Centre for Disease Control, Chlamydia is
