"The Indian Commissioner,
Regina, N.W.T."

Regina, March 22nd 1897

Sir:-

In reply to your letter of the 20th inst, relative to the necessity, as alleged by the doctor, of giving beef tea to the sick pupils of the Boarding School, I have to advise you that as this is apparently intended more as a medicine than as a food, you may issue a little beef for the purpose.

The issue will, of course, cease, so soon as the children no longer require beef tea.

Yours obediently.

J.H. Rupp
for Commissioner.

The Indian Agent.
