

Overland

Oh Boy!

The owner of an Overland owns all out of doors. To him even more important than *where* he drives is *how* he rides. In his Model 90 he goes in comfort, and with an enjoyment possible only because of the high quality and fine appearance of his car. He probably was first attracted to it by the praise of owners. Now he makes new friends for Overland by his own enthusiasm over the exceptional economy and the faithful performance of his car. This kind of appreciation among the thousands of Overland owners is a safer buying guide for you than specifications. It explains why so many people are buying Model 90 right now.
