

## MONTHLY NOTES.

Trinity College has been the scene of enthusiastic missionary meetings recently, in which among other things, a movement for raising the money, \$1,000, to build a church at Nagano, in Japan, was set on foot with every prospect of success. As Nagano is the station of Rev. J. G. Waller, formerly Priest-Vicar of St. Alban's, this work is one which is a matter of especial interest to this congregation. One subscription of \$5 was given through the offertory to that object and we hope that others will follow.

In the Inter-Diocesan Sunday School Examinations held lately, Mr. Thomas H. Turner, of the Cathedral Sunday School, obtained a good place in the honour list (second class). The following names of scholars appear:—First class honours, Misses Caroline Hamilton and Florence Macnamara: Second class honours, Misses Alice Turner, Amy Isabel Stuart, Mary Vatcher and Elizabeth Richardson, and William H. George: Third class, John F. Wood.

## Conversazione,

IN THE CRYPT,

On **MONDAY EV'G, FEBRUARY 8th.**

Each member of the congregation is requested to bring a friend.

Moreover, each person will be expected to come provided with a coin, such as a 25 cent piece—or even a smaller piece will be accepted from children and from those who have failed to enjoy themselves; or, 50 cent pieces will be received with thanks from those who possess such things.

All such coins will be devoted towards satisfying the demands of the man who built the organ, and fancies that, some time or other, he will get \$283 in addition to what the congregation have already paid him.

**DONT FORGET** the above; and if you cannot come yourself, *send the coin.*
