

## Fairbanks Wagon Scales

are the practical heavy load scale for the farm as well as for contractors, builders, hay and grain dealers or coal merchants. They combine convenience, simplicity and accuracy. Fairbanks Wagon Scales fill every weighing requirement in

### Capacities 5 and 10 Tons

Every Fairbanks Wagon Scale may be fitted with a Compound or Columbia Grain Beam, adaptable to graduations and standards required by the purchaser. Platforms are of steel frame construction and vary from 8 x 14 ft. to 7 ft. 11 in. x 22 ft. Extension levers to carry beams 20 feet from scales are another convenient device obtainable at small additional cost, making it possible to locate the weighing beam under cover of an adjoining building.

### Fairbanks Pitless Wagon Scales

are convenient and accurate scales for use where a pit is undesirable. The height of scale is only nine inches from top of platform to bottom of steel frame. This is an ideal scale for farm, contracting and quarry use. Capacity 5 tons. All prices are exclusive of timber and foundations. Write our nearest branch for full particulars.

## Sydney Basic Slag

THE IDEAL FERTILIZER FOR FALL WHEAT

Mr. E. Platts, R.R. No. 2, Welland, Ont., writes on 12th May, 1915:

"In reply to your inquiry, I put in about forty acres of wheat last Fall, and for experimental purposes, your goods being new to this district, I applied Sydney Basic Slag to one of my fields. To-day I measured the growing grain and found it stood on an average twenty-six inches in height. In all the years I have been farming I never had such a fine crop, and I am perfectly certain it cannot be beaten in Western Ontario. I am now thoroughly satisfied that Basic Slag is the ideal fertilizer for Fall Wheat, and I will only be too pleased to show the crop to any one you care to send to inspect it. Some of my neighbors who used Basic Slag on their wheat are equally well satisfied, and I believe that once our farmers in Ontario get a knowledge of your goods there will be a very large sale for them."

Sydney Basic Slag costs \$24 per ton at any station in Ontario, and is the best value obtainable in fertilizers.
