

FireCo RANGE

The **FireCo** System is the first big step forward in "Basic Principle" of Ranges and Heaters for over one hundred years.

In the perfection of this system we have raised the efficiency of Ranges and Heaters over one hundred per cent.

Not only have we raised the efficiency from a fuel-saving standpoint, but we have done away with a lot of other objectionable features of the regular line Ranges and Heaters.

The Hall Zryd Foundry Company Limited
Hespeler, Ontario

Northern Ontario

The Great Clay Belt of Northern Ontario lies one degree south of Winnipeg, and contains millions of acres of virgin soil fit for mixed farming, which may be had by return soldiers and sailors free; to others, 18 years and over, 50 cents an acre. Here, right at the door of Old Ontario, a home awaits you. For free information write:

BT Manure Carrier

The barrow must be loaded four times to equal one load in a BT Carrier.

Four Barrow Loads In One Trip To Pile

Clean the whole barn in one trip. You can do it with the BT Carrier. It holds four big barrow loads and takes them all out to the pile at once.

Fill the big wide-mouthed bucket close to gutter. Push bucket along the track with the fork. Then raise it in twenty-five seconds, push it along the track and dump it on the pile. No waste of time; no slopping of liquid manure; no hard work—a

boy can do it easily.

Buy a Manure Carrier this year. Write us to-day for catalogue and name of nearest dealer.

Please send your book on the BT Manure Carrier.
