The Waggoner Ladder Co., Ltd., London, Ont.:

DEAR SIR,—The fifteen ladders, ranging from 24 to 30 feet in length, with which I equipped three of my gangs who were picking apples this fall, gave the best of satisfaction. I am sure that with them the men were able to do fully one-third more work, and also to save at least ten per cent. of fruit on the high trees as compared to the old style of ladder, because, with no loss of time or knocking off of the fruit, the ladders could either be run up through the tree or put anywhere desired, and this without injury to the tree or fruit. My boss packers speak in the highest terms of the ladders.

Yours truly,  
C. W. SMITH, Apple Exporter, London.
