THE HAGGERT BROS.
Manufacturing Company,
BRAMPTON.

Cornell Portable Fire-Proof Engine,

The only Engine in Canada having an entire Steel Boiler
Constructed upon purely scientific principles. The only Traction Engine that propels and guides itself on the road without the aid of horses, and that goes either forward or backwards.
The Cornell is the **LIGHTEST, the STRONGEST, the Easiest Managed and the Most Powerful,** takes the Least Wood and Water, and the Safest From Fire of any Engine made in Canada.

The Dustless Grain-Saving Separator,
Pronounced by all practical threshers to be the best thresher ever offered. For fast threshing, threshing without waste, little dust, and great durability it has no equal. No green stacks are found, and hens die of starvation after the **DUSTLESS GRAIN SAVER** threshes.
Don't be imposed upon by interested and unscrupulous agents or principals into buying any of the old style of heavy, cumbersome engines that will only prove a source of annoyance and expense, and keep a span of horses, wood and water; but send for illustrated circulars with testimonials from purchasers, that our Cornell Engine and Dustless Grain-Saving Separator are away ahead of all others, to—

or **HAGGERT & COCHRANE** 81, THOMAS, ONT.

NOTICE TO THRESHERS.
WE would advise farmers and others not to purchase until they have seen White's Improved Portable Farm Engine, made at the Forest City Machine Works, London, Ont.
These engines are licensed by all the leading Insurance Companies
Will burn long wood, are the most powerful, and are handled with the least trouble.
My engine is giving the best of satisfaction everywhere. The farmers say it is lighter, stronger, and does more work with less fuel than any engine in the Townships where it is used.
