The doctor stated that it had been always a great picasure to him to attend the picnics in Father's Quinn's former parish, as they were invariably well conducted. Dr. Ryan also re-ferred to the many benefits connected with such gatherings of the people. Farmers met and discussed the crops and agricultural matters generally while the ladies enjoyed a few hours' gossip which did them good for weeks' to come. Referring to the Manitoba school question he was confident that the Dominon Government would settle that matter to the satisfaction of all. "no mere channel of water, but an overflowing reservoir." This arduous worker, ever unsparing, always unflagging, carried within himself a sleepless penance. Only his brethren knew of those racking pains which tortured him from an internal ulceration, against which the last ten years of his life were an unceasing combat. Had he a respite indeed, he would say, 'I have been three days without pain I don't know myself, or feel right at all without it. I think I must pray for a little.
