Canada Land Company

TO INTEXDING EMIGRANTS FROM NOVA SCO1 TIA. The Canada Company would suggest to parties
who may contemplate leaving Nova Scotia that the Western Section of Canada offers every inducement for themto settle there, rather than that they should proceed to
the United States. In Upper Canada they will find a most
healthy climate, and abundance of excellent Land to
be obtained upon easy terms from the Governmen and
Canada Company. The great success which has attended
Settlers in Upper Canada is abundantly evidenced by the
prosperous condition of the Farmers throughout the
Country,:—by the success of many Natives of New
Brinswick and Nova Scotia who have settled in many
Townships;—and by the individual progress made by
several thousands of people who have taken Landsfrom
the Company. The Canada company is Lands are offered by way of Lease for Ten Years; or for Sale Cash
