

# Reasons Why You Should Buy a Hart-Parr Oil Tractor

Now that you have decided to sell most of your horses and put the money into a general purpose farm tractor, be sure you buy the *right* one. If you are a shrewd buyer who can't be misled by a lot of unsupported claims—if you insist on getting *full value* for every dollar you invest in a tractor—your choice will surely be the "old reliable" Hart-Parr Oil Tractor.

Thousands of other wise farmers have made this same choice and the tractor has earned and saved money for them ever since. But first of all, they did just what you should do. They carefully investigated Hart-Parr construction. Then they compared it with that of other tractors. And here are just a few of the many superior features they found:

- 1. Efficient Design** Gigantic power, great strength and absolute reliability, all combined in the Hart-Parr in simple form, with complications entirely eliminated.
- 2. Fewer Working Parts** Several hundred less parts, by actual count, than are found in any other tractor of equal power.
- 3. Long Life Bearings** at every point where heavy traction effort comes. These are unseen when the tractor is assembled, but hard field work soon shows the absence of them in other tractors and then repair bills begin to soar skyward.
- 4. Ground Joints** The kind that are heat and moisture proof. In direct contrast to the troublesome, inefficient packed joints used by many tractor builders.
- 5. Enclosed Construction** All working parts of motor enclosed. No chance for dust or dirt to enter and cut these vital parts.
- 6. Accessibility** Every part at your finger tips. No need to tear down the whole engine to get at any part of it. A time and money saving feature when making adjustments or repairs.
- 7. Surest Fuel Feed** A carburetor especially designed for tractor work. Feeds just the right quantity of fuel, at just the right time, no matter at what angle the tractor is tilted.
- 8. Automatic Lubrication** Keeps all parts freely oiled. No need for operator to worry about parts running dry.
- 9. Uses Cheapest Fuel** Operates successfully on kerosene or distillate at all loads and produces full power with any of these fuels.
- 10. Oil Cooled** This feature insures you a frost proof engine. No danger of a freeze-up, even in below zero weather. On cold days, when a water-cooled tractor stands idle, you've got to drain the cooler or risk serious damage. No such fuss or trouble with the original *oil-cooled* Hart-Parr.

## And Last But Not Least

These thousands of farmers found, too, that Hart-Parr Oil Tractors are a big success in the hands of their owners. And they also learned that Hart-Parr Service really serves. A Service that sends an expert to show you how to get the most benefits from your purchase. A Service that lays repairs down at your station in record time.

## But You Must Get Our Catalog

and other literature to learn of many other advantages that you get when you buy a Hart-Parr Oil Tractor. Write today for this fistful of good stuff.
