By Brethren of L.O.L. and R. T., Bayside.

Bayside, April 5th, 1916. To Bro. David Parks,-

We, your brethren of L.O.L., No. 2349, and Council No. 553 R. T., of Templars, are assembled to show our appreciation of you in your decision to be one more "to do his bit," for the grandest Empire the world has ever known, to uphold the freedom of our religion and laws, to fight for our national existence and the right of the small nations, which, under God's appointment, have the right to work out their characteristic genius and welfare, to uphold the cause of our friends, the chivalrous and heroic French, of the martyred and persecuted Belgians and Serbs, the faithful and unconquerable Russians whose it is to avenge the thousands of massacred Armenians, in a word: the freedom of the world, which, were our barbarous enemies to succeed, in their purpose of universal domina would mean the reversal of all things Christian, a return to barbarism, a military and autocratic tyranny almost incomprehensible.

Do we realize that our own political existence depends upon the sacrifice of every physically fit and available man?

You have done what only a true follower of the Cross, a lover of national righteousness should do upon sincere conviction .- decide to be "a defender of the faith once delivered to the Saints," a crusader in the true sense of the word; to defeat that autocrat and his associates, whose only conception of living principle is That might is right and it is the prerogative of but one, the Kaiser, by 'divine right" to rule universally.

Believing as we do, and no doubt you do, that it is the bounden duty of the strong to bear the burdens of the weak, and inspired by this religious conviction and the patriotic fire that glows in the heart of every heroid and intensely loyal Briton, you are going forth to die, if need be, so we, your twofold brethren, cannot permit you to depart from us without some token of our esteem of you as brother, friend and neighbor, and of your willingness to give yourself an offering for your country, your earthly King and God, our Heavenly King, therefore, we ask you to accept this wrist watch as a momento of our love toward you and your esteemed Requested By Belleville Patri- And Solicitors' Fees in Wellpartner in life. These Three Women Tell How They Escaped the Dreadful Ordeal of Surgical Operations.

Hospitals are great and necessary institutions, but they should be the last resort for women who suffer with ills peculiar to their sex. Many letters on file in the Pinkham Laboratory at Lynn, Mass, prove that a great number of women after they have been recommended to submit to an operation have been made well by Lydia E. Pinkham's egetable Compound. Here are three such letters. All sick women should read them.

Marinette, Wis.—"I went to the doctor and he told me I must have an operation for a female trouble, and I hated to have it done as I had been married only a short time. I would have terrible pains and my hands and feet were cold all the time. I took Lydia E. Pinkham's Vegetable Compound and was cured, and I feel better in every way. I give you permission to publish my name because I am so thankful that I feel well again." -Mrs. Fred Behnke, Marinette, Wis. Detroit, Mich.-"When I first took Lydia E.

Detroit, Mich.—"When I first took Lydia R. Pinkham's Vegetable Compound I was so run down with female troubles that I could not do anything, and our doctor said I would have to undergo an operation. I could hardly walk without help so when I read about the Vegetable Compound and what it had done for others I thought I would try it. I got a bottle of Lydia E. Pinkham's Vegetable Compound and a package of Lydia E. Pinkham's Sanative Wash and used them according to directions. They helped me and today I am able to do all my work and I am well."—Mrs. Thos. Dwyer, 989 Milwaukee Ave., East, Detroit, Mich.

Bellevue, Pa.—"I suffered more than tongue can tell with terrible bearing down pains and inflammation. I tried several doctors and they all told me the same story, that I never could get well without an operation and I just dreaded the thought of that. I also tried a good many other medicines that were recommended to me and none of them helped me until a friend advised me to give Lydia E. Pinkham's Vegetable Compound a trial. The first bottle helped, I kept taking it and now I don't know what it is to be sick any more and I am picking up in weight. I am 20 years old and weigh 145 pounds. It will be the greatest pleasure to me if I can have the opportunity to recommend it to any other suffering woman."—Miss IRENT FROELIGHER, 1923 Manhattan St., North Side, Bellevue, Pa.

If you would like special advice write to Lydia E. Pinkham Med. Co. (confidential), Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.
