UNIONISTS WIN ANOTHER BYE-ELECTION

Labor Party Again Queers the Chances of the Liberals in a Bye Election.

London, Feb. 27.—The Labor Party has once again deprived the Government of a safe seat by forcing a triangular contest in Leith Burgs which in 1910 returned the Rt. Hon. P. C. Munro, Ferguson, now Governor-General of Australia by a majority of 1785, and yesterday elected G. W. Currie, Unionist candidate by a majority of sixteen. The seat was undoubtedly regarded as safe for the Government until the last few days, when it became evident that the recent industrial troubles at the local port, combined with the South African deportations were militating against the Government.
