By Special Wire to the Courier. London, Aug. 11. - A citizen of a neutral state, who lately visited Germany, in communication to The Daily Chronicle, deals with the position of industry in that country. Practically the whole of the machine industry, iron foundries and steel works are fully employed and are doing a splendid business. They do not suffer from lack of raw material as the whole of our reserves of Sweden are at their disposal. In addition to this, they can tap their own ores in the Dievenhoen and Saar districts, and the ores of Luxembourg and Longwy in France.
