# A GREAT CANAL SCHEME PROJECTED

STATES' CAPITALISTS CONTEM-  
PLATE SYSTEM FOR DEVEL-  
OPMENT OF INDUSTRIES

CHICAGO, May 27.—Engineers  
working in the interest of New York,  
Pittsburgh, Chicago and Indianapolis  
capitalists, are completing plans for  
an extended system of canals from  
Indiana Harbor to a point between it  
and Michigan City. The first survey  
provided for water ways forty miles  
long, to cost \$10,000,000. The system  
is held necessary to the development  
of the steel and iron industries.  
The main canal will be 250 feet  
wide with lateral canals 100 feet in  
width. The system is to have a sur-  
face depth of twenty-four feet. Turn-  
ing basins, 800 feet in diameter, will  
be dug at intervals of two miles. It  
is estimated that it will take ten  
years to complete the work.

REGINA'S ASSESSMENT NOW EXCEEDS \$12,000,000

ASSESSED VALUE OF CITY PROPERTY PRACTICALLY  
DOUBLE THAT OF LAST YEAR—A GREAT  
RECORD OF EXPANSION.

Although the figure is not official, The Leader has good au-  
thority for the statement that this year's assessment of Regina  
city property will be in excess of \$12,000,000, as against \$6,  
448,092 in 1906, or practically double that of last year.  
The above figure while, as stated, not official is approxi-  
mately correct, there being a few details yet to be worked out before  
the roll is closed at the end of the month. This enormous in-  
crease in the assessment of the city is additional proof of the  
giant strides the capital city of the province is making.

\$25,000,000 BOND ISSUE TO BUILD  
AT FORT WILLIAM AND  
IN RUSSIA

FORT WILLIAM, ONT., May 27.—The  
English financial papers of late re-  
port that the J. I. Case Co. of Racine,  
Wis., have issued bonds for five mil-  
lion pounds to build factories at  
William, Ont., and St. Petersburg,  
Russia. The Case Co. owns the eleva-  
tor in the township of Neeshing, and is  
taining 192 acres, which it purchased  
of Col. Ray, of Port Arthur three  
years ago. The company has never  
given any information that it intend-  
ed to build, and has always pursued  
every endeavor to obtain information  
on that point. The site has a front-  
age on the Kam River, and is con-  
sidered an ideal location for a large  
factory, as it is touched by all the  
transcontinental railways.

seasons to this predict a bumper  
crop. There is a large amount  
of moisture in the ground and  
the weather for over a week has  
been ideal.

# H. C. FRICK IS MILLIONS OUT

SAID TO HAVE LED TO LOSS  
OF \$30,000,000.

NEW YORK, May 27.—Henry C.  
Frick lost \$30,000,000 in the Wall  
street slump, according to a report  
current in banking circles today.  
The authority for this statement is  
one of the best known bankers of  
America, a man of the highest stand-  
ing and the head of one of the great  
banks of the country.

It is asserted that Frick was loaded  
with high-priced stocks when the  
turn in the market came, and was  
forced to dump large holdings at  
wholesale prices. Frick is said to have  
been carrying hundreds of thousands  
of shares, and when he was compelled  
to sell, he lost heavily. The loss is  
said to be the result of a devastating  
deluge on the New York Stock Ex-  
change that carried everything down.

Mr. Frick's holdings were largely  
in United States Pacific and United  
States Steel shares. When these  
crashed, all other stocks were crushed  
along with them.

"It is said Mr. Frick was the great-  
est stock player in the world, and  
known, and that the story of his op-  
erations, if it ever becomes known,  
will be one of the most amazing fi-  
nancial deals of the century."

It is something of a man of mystery,  
and he never lets the public into his  
confidence. It has been said that  
he is worth millions of dollars, and  
it was supposed he was shrewd enough  
to escape with his fabulous winnings  
were "on paper."

It is estimated in financial circles  
that Wall street has lost \$30,000,000  
in the slump. Mr. Frick has got back  
all it loaned him for several years  
past.

WOMEN WHO WORK

Pilots, Brakemen, Engineers and  
Roofers Among Women Workers.

WASHINGTON, May 27.—"Women  
at work in the United States" is the  
subject of a report issued today by  
the Census Bureau, based on the re-  
turns in 1900. The total number of  
women, sixteen and over, was 23,488,  
000, while those of them numbered  
\$53,890, most of them young.

The number had more than doubled  
in the twenty years from 1880 to 1900.  
Two of the most interesting features  
of the report are the fact that women  
were pilots on steam railroads 10  
were baggagemen, 31 brakemen, 7 con-  
ductors, 45 engineers, and 48 men  
and 25 switchmen, yardmen and flak-  
men; 43 were carriage and hack driv-  
ers, 6 ship carpenters and 2 roofers  
and slaters, 135 were blacksmiths and  
508 machinists.

# KILLED MOTHER; THEN HIMSELF

AFTER CHLOROFORMING HIS  
AGED PARENT, WM. MCKEE  
SUICIDES

WOODSTOCK, ONT., May 27.—A  
double crime, involving the lives of  
Mrs. Jennie McKee and her son, Will  
McKee, was committed in the village  
of Bright, 15 miles northeast of  
Woodstock on Friday night.

With a six ounce bottle of chloro-  
form, the man poisoned his mother  
while she slept, and then returning  
to the kitchen killed himself.  
The crime was not discovered un-  
til late Saturday afternoon, when  
Wm. Vaughan, a baker, called and  
could not secure admission to the  
house. Relatives were summoned and  
finally a bedroom window was opened  
and the house entered. Wm. McKee's  
lifeless body was discovered in the  
kitchen, and beside it was a partly  
emptied chloroform bottle and a  
handkerchief. The body of his  
mother was found in the bedroom.  
There were no marks of violence up-  
on either.

Wm. McKee was 47 years of age,  
and was a druggist in Kalamazoo,  
Michigan. Mrs. McKee was 71 years  
of age.

is ordered owing to the string-  
ency of the money market, and  
besides weeding the depart-

HAS SECRET OF  
KRUGER'S GOLD

THIS WOMAN KNOWS WHERE  
\$4,000,000 IS BURIED IN THE  
TRANSVAAL

NEW YORK, May 27.—The woman  
who can keep a secret has been found.  
The secret is one of millions—\$4,000,  
000, to be precise. It concerns the  
whereabouts of Kruger's gold.

She is Mrs. Marie von Veltheim,  
widow of the late Baron von Veltheim,  
the man who was married to the  
late Lord Roberts' daughter. She  
has been in the Transvaal since  
before Lord Roberts occupied Pretoria.

Mrs. von Veltheim had a duplicate  
chart on which were marked the  
spots where the gold was buried. It  
was not sunk at sea in the wreck of  
the Zulu, as some would have it,  
nor was it taken to Europe, as others  
insisted. Neither was it left down be-  
neath the waters of the ocean in iron  
chests.

It was carefully buried in the dead  
of night in the mountains of the  
Transvaal, just before Kruger escap-  
ed to Europe. It was not put in one  
spot—Kruger did not want to leave all  
his eggs in one basket. The gold was  
carefully divided into four parts. In  
all there was about \$5,000,000, so each  
part was worth \$1,250,000. Of this one part has been found  
by John Kemp.

Story of Buried Treasure

It was twenty years ago that Marie  
Teasdale met Ludwig von Veltheim  
in Australia. They were married in  
South Africa, and lived there for  
long before the bride found her hand-  
some husband was a good deal of a  
rolling stone. First they tried Aus-  
tralia, but von Veltheim could not  
make a go of business there, and they  
journeyed to the United States of Col-  
umbia, where von Veltheim went in-  
to the mining trade.

When this South American ven-  
ture failed, said Mrs. von Veltheim,  
"Mr. von Veltheim joined the Boer  
army."

"As everybody knows, fight as they  
might the little handful of Boers  
could not hold out against the over-  
whelming numbers of the British.  
Lord Roberts took Pretoria, and Kruger  
and his friends had to flee."

"Before he went he entrusted the  
little capital of the republic—about  
\$5,000,000—to my husband and three  
other men. One of them was Jan Pot-  
gieter, another Peter Smuts, and the  
third I do not know. These four men  
took the money, put it into chests,  
and loaded the chests into carts. These  
they took up into the mountains at  
dead of night and buried carefully,  
far from the places where men might go.

Gold Hunt Begins Long Ago

"He made a chart of all the land  
about where the gold was hidden. Of  
this he took a copy, sealed both, and  
awaited developments. In 1901 Lord  
Roberts departed von Veltheim. He  
was too pro-Boer to suit the British,  
and they wanted him out of the  
Transvaal forever. So he went to  
London. When my husband arrived  
in London he found no one to turn to  
but myself. The hand of everyone  
else was against him—his reputation  
as a pro-Boer was too well known."

"I'm going back to the Cape again,"  
he said to me one day. Before he went  
he told me the story of the buried  
gold. He gave me an exact copy of  
the chart which he made, and told me,  
too, not to expect to hear anything  
from him after he left Australia, be-  
cause he expected to sink his identity."

"Now I am going to stay here till I  
get some definite clew which will lead  
me to the gold. I have no doubt of  
it. It is alive, the secret be-  
longing to us two. If he is dead it is  
mine alone."

# SERIOUS CHARGE AGAINST OFFICIAL

SEC.-TREASURER OF SWAN RIV-  
ER MUNICIPALITY ARRESTED  
—SHORTAGE ALLEGED

SWAN RIVER, MAN., May 27.—R.  
MacDonald, secretary-treasurer of the  
municipality, has been arrested on a  
charge of shortage of accounts. A  
shortage was discovered some time  
ago to the extent of \$2,700, but this  
was made up by securities on the  
property of the offender and relatives.  
Recently, however, it was discovered  
that \$1,750 was still missing. When  
government inspector Murray, from  
Winnipeg, went out to make an ex-  
amination, MacDonald was placed  
under arrest. It is alleged that he  
has defrauded the farmers in the  
community to the extent of \$4,000. He  
is secretary-treasurer which lasted  
until the beginning of the present  
year.

# C.E. CONVENTION GREAT SUCCESS

ENDEAVOREES ELECT OFFICERS  
AND END ENJOYABLE GATH-  
ERING AT INDIAN HEAD

INDIAN HEAD, May 25.—The  
big Christian Endeavor Con-  
vention closed here last night with a  
consecration service led by M. A. Pot-  
tingham, secretary of the convention.  
The convention, which lasted  
until nearly midnight. It has been  
pronounced by all as the best con-  
vention yet held in Saskatchewan.

The morning session opened with  
the quiet hour led by Mr. Grier, of  
Fort Qu'Appelle. Nearly all the de-  
legates were present and enjoyed an  
impressive service. The round-table  
personal work by Mr. D. A. Munro  
was one of the best features of the con-  
vention, delegates from all points taking  
part in the discussion. Another pleas-  
ing feature was the presence of a  
class of Indian children from the File  
Hills School thirty-four in all.

In response to their teacher they told  
the story of Jacob. Miss Cunningham  
also gave an address on "Our Indian  
Problem." Rev. A. A. Munro, of the  
reserve, conducted the question-box  
on Indian instruction work. D. S.  
Williams, of Indian Head, gave an  
address on "Seattle, 1907," in con-  
nection with the International Con-  
vention to be held there in July.

Friday afternoon's session was de-  
voted to the reading and discussion  
of four splendid papers—"Hindrances  
to Pentecost," Qu'Appelle Society  
took charge of "Indifference," the pa-  
per being read by Mr. Scott, of Regina;  
Moose Jaw local took charge of  
"Materialism," Mr. Bee of that town  
presenting the subject; Abernethy  
presented the subject "Pentecost for  
Amusement," Mrs. Gillespie leading  
the way. Mr. J. Davidson, of Wey-  
burn, gave the paper on the "Ligon  
Trade." Resolutions were adopted by  
the convention thanking the Indian  
Head people for their hospitality and  
also recommending that the Saskat-  
ewan union co-operate with the Mani-  
toba C. E. union to put an organizer  
in the field for six months next year.

This recommendation was carried in  
to effect by the extension committee,  
who will correspond with Manitoba  
on the question and strive to get an  
organizer into the work for that time.

The officers elected for the coming  
year are:—President, S. Chipperfield;  
Abernethy; Vice President, J. Sebott;  
Regina; 2nd Vice-President, Miss Rich-  
McCurdy, Moosejaw; General Sec-  
retary-Treasurer, Miss Nellie Lamont;  
Indian Head; convention Secretary,  
Mr. N. D. McKinnon, Weyburn; Jun-  
ior Superintendent, Miss Rachel Mc-  
Ara, Regina; Press Superintendent,  
Rev. A. Henderson, Sisseton; Anti-  
or Mr. J. C. Starr, Qu'Appelle; Di-  
rectors, A. Pottengham, Grenfell;  
Miss Gillespie, Wolsley; J. Russell,  
Rosedale; J. P. T. Marks, of Regina;  
Moose Jaw; Geo. W. Bewell, Aber-  
nethy.

In the evening Mr. B. Brooks, of In-  
dian Head, conducted the song service,  
and Rev. A. Henderson, the devotion-  
al exercises. Two addresses were  
given, one on "Pentecost" and the  
other "The Church," by Mr. P. T. Marks,  
of Regina, and "Pentecost and the Individ-  
ual," by Rev. F. W. Wootton, of Indian  
Head. A report of the convention was  
given by Mr. John Dobbin, of Regina,  
who was ill and who has al-  
ways been a prominent worker in the  
convention. The resolution expressed  
the hope that he would soon recover  
from his illness to be spared for  
many conventions yet to come.

# WINNIPEG AND ITS STREET RAILWAY

CITY MAY GRANT ANOTHER  
FRANCHISE BUT NOT BUILD  
RAILWAY

WINNIPEG, May 27.—Isaac Camp-  
bell, K.C., has brought before the  
Board of Control the legal advice  
asked for by the controllers regarding  
the street railway.  
It is understood that he has ad-  
vised that in the event of the city  
failing to secure desired extensions  
of the street railway system from  
the company, it would not be within  
its legal rights in beginning the con-  
struction of a public owned system.  
The city may, however, grant a fran-  
chise to another company to build  
lines in accordance with the terms  
of the agreement.

LONDON, May 27.—Quite a lively

a remark by Magistrate Fordham dur-

the effect that a woman ought to al-  
low her husband to revise her visiting
